Effects of Government Shutdown

Due to a lapse in appropriations, the vast majority of FOIA staff, including all those who receive and conduct the initial review of FOIA requests, were furloughed between December 23, 2018 and January 26, 2019. Our immediate priority is to open and properly acknowledge each of the hundreds of FOIA requests received during the furlough to comply with our statutory and regulatory obligations. We are also continuing to process requests received prior to the government shutdown, and, as a direct result of the furlough, we anticipate it will take longer than normal to process all requests for the foreseeable future. We appreciate your understanding.

Track your FOIA request

You can learn the status of your request by entering your FOIA request number in the box below. The database is updated daily. Please note, if you call BOP's FOIA office for a status update, we will have the same information generated by this page. Staff are generally unable to provide a date when BOP will issue a final response to a particular FOIA request.

The different statuses are:

- Document Search: We are in the process of searching for your records.
- DAddRvwLog: We received at least one responsive records.
- Fee Related Hold: No action is being taken pending a requester's agreement to pay or actual payment of fees.
- Clarification Hold: No action is being taken pending a requester clarifying his/her FOIA request.
- Closed: We processed and closed the FOIA request.

The database is updated on a daily basis. The BOP's FOIA Service Center (FSC) is also available to requestors seeking additional information about the BOP's FOIA program: (202) 616-7750; however, the Service Center will not be able to provide any more information than is available via this status page. Specific questions or concerns should be addressed with the office assigned to process your request.
