Basis for Appeal

Description of Appeal

I appeal the denial of my request for reports related to the arrest and subsequent investigation of Ryan Jacobs, including witness statements, interview transcripts, investigation notes, evidence reports, and any other materials compiled by the investigating agencies. This should include all documents DEA Agent Stacie Modesitt collected from local, state and federal law enforcement as part of the investigation into Ryan Jacobs.

I also appeal the denial of my request for documentation related to the DEA's Oct. 15, 2015 interview with Ryan Jacobs at the Kenton County Detention Center in Covington, Kentucky. Include audio and/or video recordings and transcripts of the interview.

There is an overriding public interest that the investigative records should be released because of Ryan Jacobs' widespread illegal drug distribution practices in Northern Kentucky, as shown in his federal conviction case in the U.S. Eastern District of Kentucky, case number 2:15-cr-00054-DLB-CJS-1.

There is reason to believe that the investigative files are public record because they were used in the process to convict Jacobs in the public U.S. District Court of Eastern District of Kentucky. The information from the files were also used in a power point presentation shown to the Kenton County Police Department, whose operation is funded by Kenton County taxpayers. Any information disseminated on public time belongs to the public because the public paid for it.
