Description

Any and all records regarding diplomatic assurances against torture that the United States has sought and/or obtained from another country in conjunction with the potential removal, deportation, extradition, expulsion, or other transfer of any individual from the territorial United States in conjunction with our obligations under the UN Convention Against Torture. This request is limited to the time period from 2005 until the present. For any such instances in which diplomatic assurances were sought and/or obtained, please provide the following information: whether the assurance was used in any proceeding, which proceeding, and if not, why not; whether the use of any such assurance was monitored after the person departed the United States, and what the results of such monitoring was; and any information about how such assurance was sought and/or obtained, including notes, emails, or any other communications. Please expedite this request as there is a compelling need for an individual who faces a life-threatening expulsion from the United States.

Expedited Handling

I have a compelling need for expeditious handling:

- An imminent threat to the life or physical safety of an individual exists.
- An impairment of substantial due process rights of the requester exists.
- A harm to substantial humanitarian concerns exists.
- An individual is imminently facing expulsion from the United States to a country in which he will probably be tortured and killed in violation of the Convention Against Torture. This would violate his due process rights, threaten his life and safety, and implicates severe humanitarian considerations.

Maximum Fee

I am willing to pay \$75 for my request.
