Trial Court Case No. **3AN-20-08354CI**

Before: Bolger, Chief Justice, Winfree, Maassen, Carney, and
Borghesan, Justices

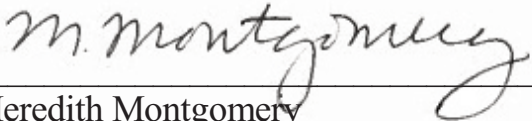

The court has considered the Petition for Emergency Review and the Response to Petition for Review, as well as the record underlying the superior court's denial of petitioners' requested preliminary injunction. The court concludes that oral argument is unnecessary on the question whether to grant review of the superior court's denial of the requested preliminary injunction.

The court **DENIES** the petition for review, without expressing an opinion on the superior court's denial of the requested preliminary injunction or on the merits of petitioners' constitutional claims.

Entered at the direction of the court.
