Dear Requester,

This is to confirm that you submitted a request for record(s) from the Food and Drug Administration pursuant to the Freedom of Information Act.

FOIA staff will review your request to determine whether it has sufficient information to be processed; if so, you will receive another email as a formal acknowledgement of your request, with a control number for your request. If your request is not sufficiently described, or if there are any other deficiencies with your submission, FOIA staff will contact you via telephone or email.

The Food and Drug Administration (FDA) has received your Freedom of Information Act (FOIA) request for records regarding:

I am requesting records showing which specific salmonella strands/serotypes are pathogenic to dogs and which specific salmonella strands/serotypes are pathogenic to cats. I am also requesting records showing quantifiable amounts of salmonella proven to be pathogenic to dogs and cats.

We will respond as soon as possible and may charge you a fee for processing your request. If your informational needs change, and you no longer need the requested records, please contact us to cancel your request, as charges may be incurred once processing of your request has begun. For more information on processing fees, please see <http://www.fda.gov/RegulatoryInformation/FOI/FOIAFees/default.htm>.

Due to an increase in the number of incoming requests, we may be unable to comply with the twenty-working-day time limit in this case, as well as the ten additional days provided by the FOIA. The actual processing time will depend on the complexity of your request and whether sensitive records, voluminous records, extensive search, and/or consultation with other HHS components or other executive branch agencies are involved. Please note that requests for medical device approval records (e.g. 510K, PMA, DEN) may take up to 18 to 24 months to process.

If you have any questions about your request, please call Rochelle A. Coleman, Information Technician at 301-796-8982 or write to us at:
