Case No. _____

Petition for Fee Waiver

Petitioner requests the Court to Waive filing fees.

Petitioner David Hoffman is 65 years old with no income. Petitioner is not homeless but does struggle to survive. If Bank Statements were required to show the Court monitory status, one would find where recently the bank shut down parts of Petitioners account for lack of ability to repay on a years old loan. Petitioner currently has \$6.81 in his checking account and \$2.55 in savings.

Petitioner does not work and is not taking monies from any state or federal assistance. Petitioner simply has no monies to file.

It is argued the Petition for Hearing should be viewed as a minor time consuming process where Hoffman simply wants a copy of an exam which is public record. An FOIA was essentially denied by not being responded to and a hearing is asked to clear up the request.

Recd. _____ Filed _____ Time _____
STEPHEN W. KENYON
CLERK, DISTRICT OF IDAHO

F. O. I. A.

Pursuant to 5 U.S.C. § 552(f), the United States Probation Boise Idaho Office shall respond to and provide the documents by FOIA Request, created while conducting probation supervision for David Hoffman (043 46 0533) during the years of 2010-2013.

David Hoffman is requesting full copies of all poly-graph exams conducted between Debord Polygraph and David Hoffman. These exams show 100% pass on crucial questions that would have been the sole concerns of U.S Probation during supervision. These exams were done BEFORE the end of 2011 but most likely within 2010. The exams showing 100% pass are the questions which ask of sexual preference and history which was concluded to show zero reaction to exam questions and a 100% pass. Yet these facts have intentionally been ignored and hidden.

Please be advised one such test taken by Hoffman and examined by Debord Polygraph was INCONCLUSIVE. It is the only such report in the series of exams. That same exam was conducted a second time and was passed at a level of 100% by Hoffman as concluded by Debord Polygraph. This exam is the exam taken twice which is requested. While the U.S. Probation Dept. has advised all exams are the property of the U.S. Court and Hoffman does not dispute this fact, it serves zero purpose for U.S. Probation or the Court to hide such a report as described from Hoffman or anyone else in the world. Note, Denis Debord has not responded back to phone calls causing Hoffman to believe Debord is either ignoring Hoffman's request of exam copies or he does not have any copies after such a long time.

Therefore, it is not reasonable to believe the U.S. Probation Dept. does not have access to the inconclusive and same exam of 100% pass in U.S. files so stated

Exhibit-1

above. And because it serves zero purpose to hide such a report, it is reasoned the Boise Office of U.S. Probation, that being Station Chief David Congdon should have no interest in withholding this exam as it was stated to Hoffman by Congdon in an email Congdon had no issue of concern with Hoffman obtaining said copies from Debord. Since Debord is not likely to have any copies after such a time, under this logic, Congdon could not possibly have any objection to U.S. Probation supplying requested copies. While the U.S. Court may own said file, it is the observation of this writer that all court files are public record. If this argument fails, the idea of not producing such a report to the person examined is not reasonable and there must be some hidden motive to not supply exams requested. Is the 100% pass a problem for U.S. Probation for some reason?

It is requested the U.S. Probation Dept. respond by mail or email to David Hoffman within the 30 day period allowed under FOIA and that this examination both inconclusive and the same exam of 100% pass be given as per FOIA.

Expected to be provided is;

1. All Polygraph exams conducted by Debord Polygraph on David Hoffman and recorded in U.S. Probation records before year 2011 end date.

Said documents may be sent to;

Recently while speaking to the lady at your front desk who answers phones, I indicated a week or so ago I would send a FOIA request asking for documentation I know took place when I was on probation with your office beginning in 2010.

Since that time, I have located some of the docs I stated I needed. One document however was not present and it is very important.

The doc in question is a polygraph exam conducted by Dennis Debord. This exam was taken two times. This exam asked all sorts of questions regard sexual preferences and history and was very detailed. This exam is easy to identify as the first time I took it I got very angry with the questions and became highly agitated. The conclusion of the test was INCONCLUSIVE. I was ordered to retake the test. When this was conducted, I passed said exam on a level of 100% according to Debord. I would like a copy of this exam. I know it exists and how detailed U.S. Probation is regard records. It seems more of a pain in the neck to ask under FOIA and I thought if I simply asked, you would supply said exam. This exam would have been taken I believe in 2010.

Please respond as soon as you are able. If you find said exam, I will offer you my address to send it to.

Thanks in advance,
David Hoffman

to me

Mr. Hoffman,

In general terms, our records remain the property of the U.S. Courts. Because the courts are excluded from the Freedom of Information Act, and the Privacy Act, your potential request would not be fruitful. However, treatment records, such as the polygraph exam you referenced, are considered the property of the treatment provider. Therefore, you should be able to get a copy directly from DeBord Polygraph after you complete whatever release of confidentiality form(s) they require. Good luck.

Respectfully,

David
