Gov. Perry's taking of \$7 million from the Public Integrity Unit smacks of blackmail. The Gov.'s reasoning is that if she doesn't step down, then it is her fault that the money was taken away from the unit. DA Lehmborg's DWI and arrest reflect on her personal life, not on her performance as DA. Much more grievous is Gov. Perry's actions regarding the Texas Forensic Science Commission's investigation of the evidence against Cameron Todd Willingham. Why did he replace three members of the nine-member commission? Why did he refuse to consider the findings? His refusal to stay the execution of an innocent man makes him directly responsible for his death. Now that's a serious crime. I think that Gov. Perry is taking money away from the PIU because it's a convenient way to dilute the power of the unit to investigate corruption. A few snakes will benefit from a less effective unit and the rest of Texas will pay the consequences of an underfunded and hamstrung unit.

I have been horrified by your conduct during the 2013 legislative session. Your irrational refusal to expand Medicaid will cause suffering and death for hundreds if not thousands of Texans, while our tax dollars go to other states to help their uninsured residents. Your veto of the Lily Ledbetter act and your opening of the special session to appease the anti-choice fanatics reflects your contempt for women. Your veto of the Travis County Public Integrity Unit funding is a clear effort to prevent investigation of your corrupt CPRIT organization. I could go on, but suffice it to say that if you run for re-election, I will work tirelessly to elect your opponent. Speaking as a 4th generation West Texas, I find you an embarrassment to our state.

Kudos on your veto of the public integrity unit. Rosemary Lehmborg is an evil hypocrite who used her official office powers to punish and intimidate republicans, conservatives and good standing Texans while promoting democratic cronyism and their party politics that obstructed true justice in Texas. You be the Man on this issue Governor Perry. Thank you for standing up to Austin's democratic party agenda that is focused on strangling virtue, righteousness and truth.

Thank you for vetoing funding for the Public Integrity Unit. Perhaps the Travis County D.A. will finally get the message that she is held to a higher standard and that as an ex-con who has lost the public trust, she should do the honorable thing and resign. Again, Thank You Governor Perry!

GOVERNOR'S OFFICE

The Honorable Rick Perry
Governor of the State of Texas
Austin, TX

Dear Governor Perry:

I urge you not to veto state budget funding for the thirty employecs who staff the Public Integrity Unit for state ethics enforcement. This would disrupt important case work on law violations that have a wide ranging impact on citizens of this state.

I support the District Attorney's right and obligation to complete the term to which she was elected. To essentially blackmail her into resignation is to punish the citizens whom she serves. It is also "piling on" someone who has willingly accepted the harshest sentence anybody has ever received for a first offense for DWI. Who better to mete out justice to other wrong doers than one who has *not* held herself above the law?

Yes, she disobeyed the law. She has been punished. Please do not obstruct her opporunity to redeem herself through exemplary service.

Sincerely,

Barbara Wiederaenders
Lifelong Senior Texan

Back off, Governor, on your threat to veto funds for the Public Integrity unit. There is too much at stake beyond the DA.

Additionally, the Statesman is right. This is political blackmail and you have no right to dictate who is or is not the Travis County DA. You have the legal right of veto but you do not have any right to impose your will on Ms. Lehmberg.

Governor, do not veto the funding for the Public Integrity Unit. The funding for its work is much too important to be used to try to get at one of your political enemies. This issue is not worth the negative feelings you will generate. At a luncheon yesterday the word blackmail came up often as people expressed concern about your possible actions. I repeat, it isn't worth it!!

Strongly support your use of the line item veto to remove state funding from the Travis County District Attorney's Office Public Integrity Unit if Rosemary Lehmborg does not resign before the deadline. Lehmborg is a convicted drunk, who has lost the support of the law enforcement community as well as of her constituents. If reports from friend in law enforcement are correct, this is not the first time she has been stopped drunk, just the first conviction. With a breath alcohol of over 3x the legal limit 3 hours after she was stopped, she was seriously intoxicated. Plus you can't be upright with that level of alcohol in your system if you are an occasional drinker. She is drunk that finally got caught and we need her out of office. She served well for 35 years, but it is time for her to go. Your action of pulling the funding would help that occur. She clearly doesn;t have any integrity.
