# THE MAYOR'S BUDGET MESSAGE

MITCHELL J. LANDRIEU, MAYOR

## CITY OF NEW ORLEANS

October 15, 2013

To My Fellow New Orleanians:

Since coming into office, I have spoken often of our hopes for New Orleans. We are working to become a safer city where every resident can get a good-paying job and where every child has access to an excellent public education and opportunities to grow. We are committed to reorganizing how government works so people can get the services they deserve and having a city whose government is open and honest.

I have been Mayor for 1264 days and, in the last three and a half years, we've made the tough decisions necessary to get New Orleans headed in the right direction and on a more sound financial footing.

Our budget philosophy is grounded in my belief that government—at all levels—must be honest, lean, efficient and deliver high-quality services. It's actually pretty simple- cut smart with a scalpel not a hatchet- reorganize the mousetrap of government so people can get the services they need, and take the savings and invest in what matters most.

In 2010, we pulled the city back from the fiscal cliff, and every year since have lived within a balanced budget. By 2011, our first full year in office, with the help of the City Council and with unprecedented levels of citizen input, we created a structurally sound budget cutting spending by over 8 percent.

Every year, we've stayed the course and listened to citizen priorities. We have invested more in public safety, more in job creation, more in recreation, and more in blight reduction, all while delivering better services.

Stabilizing and better managing the budget let us focus resources on our top priority- public safety. We're reforming our police department and building a robust force to fight crime. In 2012, we launched NOLA FOR LIFE, our comprehensive strategy to reduce murders. Hand in hand with the community, we're implementing initiatives citywide that go beyond enforcement to make every citizen safe and help our young people succeed. Early results are promising. While murder and violent crime was on the rise nationally last year, in New Orleans overall crime was down. Confidence in the police department is up, and the first eight months of 2013 saw the fewest murders of nearly every year in the last thirty years. Our commitment to public safety remains strong in this 2014 budget.

We heard that job creation and economic development were priorities. Since taking office, we have helped generate over 4500 new jobs, including high paying IT jobs with GE Capital and Gameloft. We launched and fully funded the NOLA Business Alliance to drive economic development in partnership with the business community. We revamped the City's disadvantaged business enterprise program to increase equity and cut wait times for permitting and licensing by half through the launch of the One Stop Shop. Within the last year alone, we've introduced major retail projects like Costco, Mid City Market, a Whole Foods on Broad, and Walmart stores in Gentilly and New Orleans East. This 2014 budget continues to fund a robust DBE office as well as investments in attracting retail and new businesses.

We also heard loud and clear that residents wanted more opportunities for our kids. In the past three and a half years, we have launched the public-private partnership New Orleans Recreation Development Commission. The City doubled the budget for recreation from 2010 to 2011. And perhaps most importantly, in 2012, more kids participated in NORDC athletic, aquatic and cultural programs than in previous years. For 2014, we are adding another \$1 million to the NORDC budget, to ensure that our kids have opportunities to learn and grow at the new recreation centers and parks being built across our city.

Since taking office, we focused and set a target to take on the worst, most dangerous blight across the city. By the end of this year, we will have remediated 10,000 blighted properties all while tackling other quality of life issues like filling thousands of potholes. By the end of 2013, we will fix 17,000 streetlights, spend over a quarter a billion dollars to repair 108 miles of roads. Everywhere you look, you will see new parks, playgrounds, community centers and libraries coming out of the ground. We heard our residents loud and clear that they want investments in blight reduction and infrastructure improvements, so in 2014, we will increase grass cutting and invest in streetlight and pothole repairs.

As you can see, we're on the right track, but there's more to do. There are risks ahead—the firefighters pension fund and consent decrees for NOPD and the Orleans Parish Prison.

The successes we have had, to a large degree, can be attributed to the sound budgets we have created since taking office, so we must stay the course.

I remain committed to continue to invest in your priorities—public safety, job creation, blight reduction, and recreation opportunities for our kids.

This budget will help keep us moving forward.

We are one team, one fight, one voice, one city.

Yours,

# PROFILE OF THE CITY OF NEW ORLEANS

## HISTORY

In 1718, Jean Batiste Le Moyne de Bienville established a new outpost in a bend of the Mississippi River that would become New Orleans. From that day, New Orleans has grown to become an international city and home to a diverse group of people who created a deep and distinct culture.

Since its beginnings, the city's strategic location made it a hub for trade, with access to most of North America through the Mississippi River and the rest of the world through the Gulf of Mexico. The city's location remains important to this day, with its access to the Mississippi, major railways, and close proximity to the Louis Armstrong New Orleans International Airport enabling much of its commerce. The city now occupies 180 square miles including the urban center, residential neighborhoods on both sides of the Mississippi River, and the country's largest urban nature reserve in Bayou Sauvage.

New Orleans was already a thriving city in 1803 when Napoleon Bonaparte sold the Louisiana Territory to President Thomas Jefferson for the bargain price of \$15 million, or four cents an acre. The city has been under French, Spanish, and American rule, and it bears evidence of each country in its culture, architecture, and cuisine. West Africans, Haitians, and free people of color and waves of Italian and Irish immigrants helped New Orleans grow and contributed traditions and customs. It is from this diverse unique mix of peoples that the culture of New Orleans emerged, making it one of the most unique cities in the world.

New Orleans is a complex, cosmopolitan city with modern skyscrapers, centuries-old mansions, five-star restaurants, world-class shopping, a thriving arts scene, abundant live music, breathtaking natural beauty, and a famous spirit.

## FORM OF GOVERNMENT

Over the course of its nearly 300 year history, New Orleans has had multiple forms of government. Under the 1956 City Charter, the city is organized under a Mayor-Council government. There are seven City Councilmembers. Five represent geographical City Council Districts, and two represent the city at-large.

The Council approves the operating and capital budgets each year, as recommended by the Mayor. The Council takes up zoning and land-use issues, regulates the City's public utilities, and considers and enacts all municipal laws.

The Mayor oversees the executive branch of government, appointing department heads and managing the public safety functions of City government. All ordinances passed by the Council must be approved by the Mayor in order to become law, and the Mayor presents the Council with an operating and capital budget recommendation every year. In 2010, Mayor Landrieu instituted a Deputy Mayor government structure that spreads responsibilities historically concentrated in a Chief Administrative Officer to multiple Deputy Mayors.

The City of New Orleans has the exact same boundaries as Orleans Parish, and the City government operates as the Parish's unit of government. This organization is unique to Louisiana.

## RECOVERY

New Orleans is still recovering from one of the worst disasters in American history. On August 29, 2005, the costliest and fifth deadliest hurricane in United States history struck the Gulf Coast. Hurricane Katrina made landfall on Monday morning as a category-three storm. Later that day, the federal levee system in and around New Orleans failed and waters from Lake Pontchartrain and various canals poured into the city. Eighty percent of the city was flooded, as well as vast areas of other coastal communities.

The City of New Orleans continues to work with its state and federal partners to rebuild and recreate this historic city. In the last three years alone, FEMA has obligated over \$759 million for rebuilding efforts in the city. According to the U.S. Census Bureau, the city's population was estimated at 369,250 in 2012, or 76 percent of its 2000 population. The population growth in New Orleans post-Katrina earned the title of the U.S. Census Bureau's "Fastest-Growing Major City in the United States."

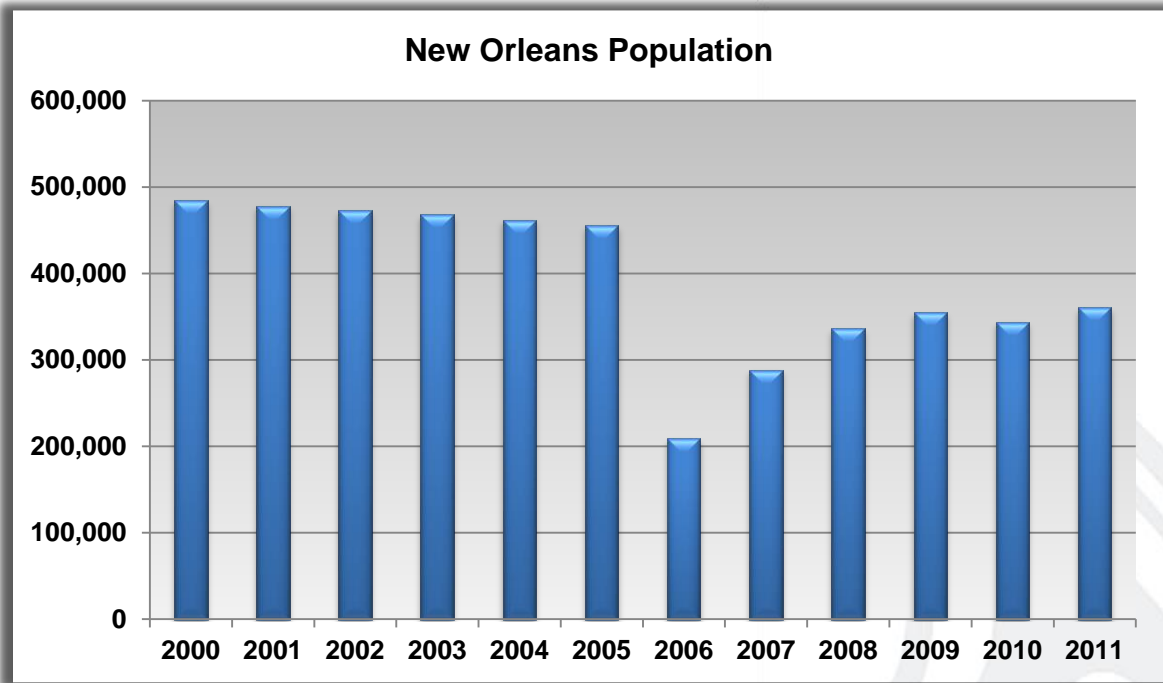

The City of New Orleans has become the nation's most immediate laboratory for innovation and change by creating models of reform across government, and attracting new industry sectors and entrepreneurs. In education, school performance is up across New Orleans and the city has become a leader in school reform. More than 84% of public school students are attending charter schools, the highest percentage of any district in the nation. The health care delivery system has reorganized into a globally competitive system with a network of neighborhood primary care clinics and a \$2 billion biomedical corridor in the heart of downtown.

Housing is being redeveloped using a place based development and more than 10,000 urban blighted properties are being eradicated. The City's blight reduction strategy has been recognized as a national model for dealing with distressed housing. Cities from across Louisiana and the country are working to replicate the success of New Orleans. And billions of recovery dollars are still being invested in housing, schools, hospitals, parks and playgrounds, roads and vital hurricane protection.

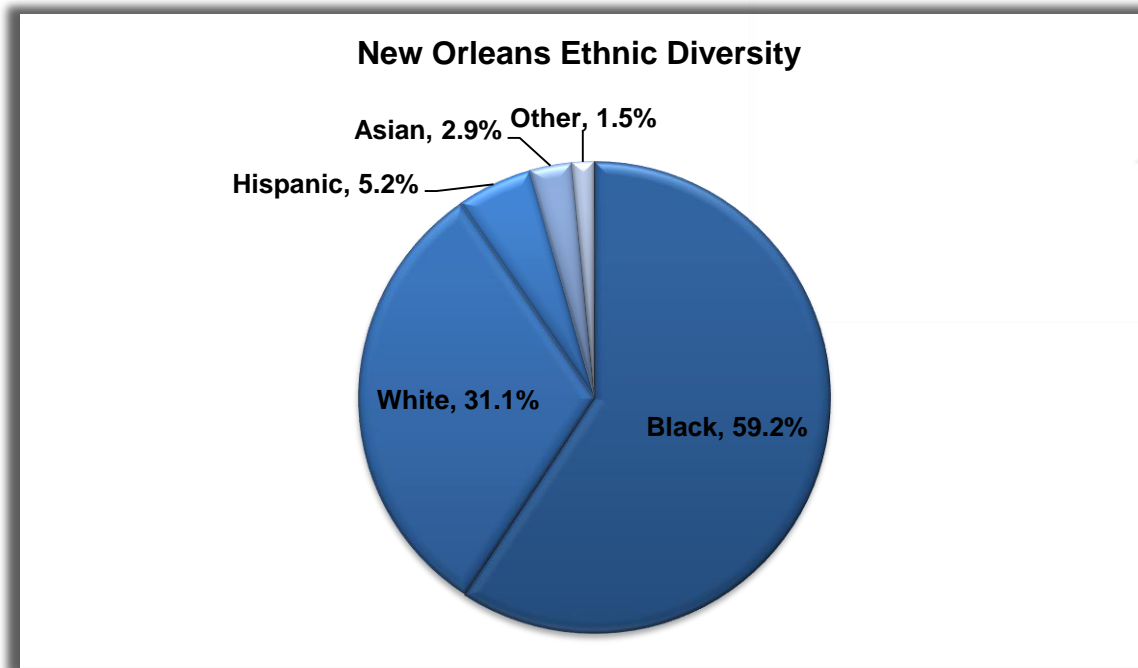

The U.S. Army Corps of Engineers completed \$14.5 billion of work on the Hurricane and Storm Damage Risk Reduction System. The Corps strengthened and improved virtually all of the levees, floodwalls, pump stations and surge barriers that form the 133-mile Greater New Orleans perimeter system. The new system is capable of defending against a 100-year level storm. Most recently, the system was tested during Hurricane Isaac in August of 2012. The improved levees and flood gates held and the pumping stations did their jobs.

## **DEMOGRAPHICS**

According to the U.S. Census Bureau, there are 369,250 residents in New Orleans. This is 24% lower than the pre-Katrina 2000 Census of 484,674 residents. However, the city's population has been growing steadily since its low point of 208,548 after Hurricane Katrina.

New Orleans is still a highly diverse city as of 2011, with a population that is 59.2% black or African American, 31.1% white, 2.9% Asian, and 5.2% Hispanic.

## ECONOMIC DEVELOPMENT

Despite a slowed pace of national economic recovery, the City of New Orleans shows continued progress toward economic success in 2013. The New Orleans economy was partially shielded from the national recession due to the unprecedented rebuilding effort that linked local, state, and federal resources and south Louisiana's robust oil and gas industry. The Brookings Institution named the New Orleans Metropolitan area number one for overall economic recovery for the first quarter and second quarters of 2012 based on employment, unemployment, output (gross metropolitan product), and house prices.

In 2011, the City created NOLA Business Alliance to attract businesses and retail to the city, aid small business development, and create a more business-friendly atmosphere. In 2013, this public private partnership began implementing *Prosperity NOLA*, a citywide strategic plan that targets five sectors to drive economic growth and development in New Orleans. With this new partnership and 3 and a half years into the Landrieu Administration, 4,500 new jobs have been created including high tech, high paying jobs at GE Capital and GameLoft—a show of confidence by international business leaders in our city's business climate.

Over the past three and half years, the world has taken notice of New Orleans' on-going recovery, including:

- US Census: Fastest Growing City
- Brookings Institute: #1 for Overall Economic Recovery
- Forbes Magazine: "Biggest Brain Magnet"
- Forbes Magazine: "#1 Metro for IT Job Growth in USA" & Fastest Growing City since the Recession
- Bloomberg: #2 Boomtown in America
- Daily Beast: #2 Most Aspirational City
- Inc.com: Coolest Start-up City in America
- Wall Street Journal's Market Watch: Most improved city for business
- Reuters: "Silicon Valley on the Bayou"
- Fordham Institute: #1 for Educational Reform
- US News & World Report: Tulane #1 in total number of in college applications
- 2013 World Travel Awards: America's Top Sports Tourism Destination
- Travel & Leisure: Best American Tourism City

In the last year, New Orleans has seen a swell of activity as new major retailers brought both temporary and permanent jobs and occupied spaces previously dormant since Hurricane Katrina. Costco Wholesale Corporation, as the first store in the state, introduced 200 jobs to the Carrolton Avenue Corridor; Mid-City Market created 500 new jobs including a 54,390 square foot Winn Dixie, and both CVS and Big Lots opened in New Orleans East.

In 2014, new jobs and new quality retail will continue to come online through nearly 80 projects in development. Together new Walmart stores in Gentilly and New Orleans East are expected to bring an estimated 300 jobs and top retailers including Whole Foods, H&M, Tiffany, Ulta, and Neiman Marcus' Last Call are on the way.

In 2012, \$661 million was spent locally in the film industry during both filming and post-production, contributing significantly to the New Orleans economy by creating jobs. More movies are filmed in Louisiana now than anywhere else in the country besides California and New York.

The State of Louisiana and the Veterans Administration are coordinating to build a \$2 billion medical complex, anchoring a biosciences corridor in Mid City. Ground has been broken on the VA and University Medical Center properties. This development will create 10,000 short-term construction jobs and long-term health care and health care support jobs. This is a huge federal and state investment that will provide New Orleans with state-of-the-art health care facilities and an influx of economic activity.

New Orleans continues to diversify its economy while still supporting its traditionally robust health care, hospitality, education, natural resources, and shipping industries. Residents trained at the city's universities, community colleges, and trade schools will meet the needs of both traditional industry and the new information economy.

# HURRICANE KATRINA

New Orleans is still recovering from one of the worst disasters in American history. On August 29, 2005, the costliest and fifth deadliest hurricane in United States history struck the Gulf Coast. Hurricane Katrina made landfall on Monday morning as a category-three storm. Later that day, the federal levee system in and around New Orleans failed and waters from Lake Pontchartrain and various canals poured into the City. 80% of the City was flooded, as well as vast areas of other coastal communities. Nearly 1,600 Louisianians died in the flood.

New Orleans continues to work with its state and federal partners to rebuild and recreate this historic city. According to the 2010 Census, the City's population was at 343,829. By 2012, the city's population had grown to an estimated 369,250, making New Orleans the fastest growing city in America. Since Katrina, essential services have returned and private and public entities continue to reinvest in New Orleans. The following compares the years prior to, of, and following Hurricane Katrina, as well as the financial information for the current year.

MITCHELL J. LANDRIEU, MAYOR  
CITY OF NEW ORLEANS

OFFICE OF THE MAYOR

MITCHELL J. LANDRIEU  
MAYOR

EXECUTIVE ORDER  
MJL 10-01

**WHEREAS**, it is in the interest of the City of New Orleans to adopt national best practices in its budgeting process;

**WHEREAS**, the Mayor and City Council seek to produce a budget with descriptive information to ensure citizens can understand the sources of revenues and uses of expenditures;

**WHEREAS**, to accomplish a budget based on sound economic forecasts, it may be necessary for the Revenue Estimating Conference to meet more frequently than mandated in the Home Rule Charter;

**WHEREAS**, the Mayor and City Council seek to work cooperatively throughout the year to ensure the City Council receives monthly information relative to revenues and expenditures of the City;

**WHEREAS**, the current budgeting process mandated by the Home Rule Charter provides only 30 days for the City Council to review the budget proposed by the Mayor; and

**WHEREAS**, the Mayor and City Council seek to work cooperatively to provide the City Council additional time to review, analyze, and amend the budget proposed by the Mayor;

**NOW, THEREFORE, I, MITCHELL J. LANDRIEU**, by the authority vested in me as Mayor of the City of New Orleans by the Constitution and laws of the State of Louisiana and the Home Rule Charter and laws of the City of New Orleans, **HEREBY ORDER AS FOLLOWS:**

1. **Effective Date:** This Executive Order is effective upon the date of its issuance.
2. **Purpose:** The purpose of this Executive Order is to require early submittal of the budget by the Mayor to the City Council, adjust the form of budget submitted, provide for the Revenue Estimating Conference to meet more frequently than required by the Home Rule Charter, expand City Council representation on the Revenue Estimating Conference, and require monthly submittals of revenue and expenditure data to the City Council by the administration.
3. **Budgeting for Outcomes:** The City of New Orleans shall utilize the Budgeting for Outcomes ("BFO") approach in developing its operating budget. BFO asks public leaders to set the price of government, determine the outcomes citizens value most, prioritize tax dollars to purchase those

results, and rethink the way departments and agencies pursue producing outcomes. In order for the public's priorities to inform the Budgeting for Outcomes process, the First Deputy Mayor - Chief Administrative Officer shall work with Councilmembers to host no less than one public priority-setting meeting in each Council district prior to the presentation of the budget by the Mayor to the Council. The First Deputy Mayor - Chief Administrative Officer is also directed to work with the City Council throughout the Budgeting for Outcomes process.

4. Submission Date: The operating and executive capital budgets of the City of New Orleans shall be submitted by the Mayor to the City Council at the earliest possible date, but no later than October 15. The budget shall be posted on the City of New Orleans web site after submission to the City Council.
5. Narrative Descriptions: The operating budget shall include narrative descriptions identifying sources of revenues and shall include a written narrative detailing the purpose of expenditure appropriations including an itemized list of anticipated contractual services and their estimated value within the appropriate class.
6. Executive Capital Budget: The Deputy Mayor for Infrastructure and the City Planning Commission shall work with the City Council to develop an improved format for the presentation of the City's Executive Capital Budget that includes narrative descriptions of each project as well as clearly identifies sources and uses of funds for each project that will be constructed during the next year.
7. Meetings of Revenue Estimating Conference: In addition to the meetings required by the Home Rule Charter, two additional meetings of the Revenue Estimating Conference shall be convened if requested by either the Mayor or City Council Budget Committee Chair.
8. Addition of Non-voting Member of Revenue Estimating Conference: In addition to the members of the Revenue Estimating Conference identified in Section 6-101(1) of the Home Rule Charter of the City of New Orleans, the City Council may select one additional member of the City Council to attend meetings of the Revenue Estimating Conference and serve in the capacity of a non-voting ex officio member of the body to the extent permitted by the Home Rule Charter.
9. Submission of Monthly Budget Reports: The First Deputy Mayor - Chief Administrative Officer shall submit monthly budget reports to the City Council through its Budget Committee. Said monthly reports shall include a report on actual revenues and expenditures by major categories and include a comparison of current data to prior year-to-date data.
10. Duration: This Executive Order will remain in effect until amended or suspended by a subsequent order approved in accordance with Section 4-206(3)(c) of the Charter.

**WITNESS MY HAND AND SEAL THIS 2<sup>nd</sup> DAY OF JUNE, 2010 AT NEW ORLEANS, LOUISIANA.**

Mitchell J. Landrieu, Mayor  
City of New Orleans

# PURPOSE OF THE STRATEGIC FRAMEWORK

The Landrieu Administration's strategic framework was designed to map out the City's overall direction and serve as the foundation for budgeting and performance management. Best practices demonstrate the importance of having a strategic framework linking City services to achievement of desired outcomes. In 2012, the Administration developed Results Maps, linking services, programs, strategies, objectives, and goals to the City's mission, values, and vision, and incorporating new outcome measures to assess performance. The Results Maps are used to align resources, foster the development of realistic departmental operational ("business") plans, guide decision-making to attain goals and improve outcomes, and serve as a communication tool for City employees and the public.

## CITY VISION

***New Orleans is a model city.*** We demonstrate to the world the power of strong leadership in the halls of City government and on streets. With resilience, we transform challenges into instruments of progress with the belief and assurance that change is possible.

***We are a unified city*** where municipal employees and engaged citizens work together to create equitable, thriving communities for all. The City of New Orleans leverages the transformative power of our people to build safe neighborhoods and foster educational, economic and cultural opportunities.

***We are a creative city.*** We recognize limitless opportunity and appreciate the shared benefit of our neighbor's success. The richness of diversity is manifested clearly in our culture-a beautiful mosaic that only New Orleans is able to create. Our commitment to excellence, coupled with timeless cultural heritage and creative vision ensures New Orleans' greatness for generations to come.

## CITY MISSION

***The City of New Orleans delivers excellent service to its citizens with courage, competence and compassion.*** We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs and a clean environment for our citizens.

We facilitate partnerships, link strong leaders and new ideas and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement.

We responsibly manage and preserve our city's natural resources.

## CITY VALUES

Our service is driven by core values that define and inspire how we work in the City of New Orleans.

**Integrity:** We are committed to serving the citizens of New Orleans, not ourselves. We are honest and trustworthy. We continually strive to improve efficiency and cost-effectiveness.

**Excellence:** We deliver high-quality City services focused on better outcomes for all New Orleanians. We raise and exceed the expectations of our citizens. Our service inspires others to deliver their best.

**Transparency:** We are clear and honest in public decision-making, provision of data and delivery of City services.

**Teamwork:** We work across departments, programs and services to deliver better results for our citizens. We are passionate about our work, have fun doing it and celebrate a job well done.

**Responsiveness:** We are eager to respond to citizen requests and committed to delivering solutions in a timely manner.

**Innovation:** We build partnerships across City agencies and with community partners to create new solutions to the City's most intractable problems.

**Diversity and Inclusion:** We seek a city where all people, irrespective of race, religion, gender or sexual orientation, share opportunity and responsibility, risk and reward, political power and economic prosperity.

# OVERVIEW OF THE BUDGET PROCESS

## BUDGETING FOR OUTCOMES

The Mayor's 2014 Budget was prepared using a process called Budgeting for Outcomes (BFO). Budgeting for Outcomes is designed to improve services and get a better return on investment of public dollars. BFO starts with a set of results that matter to citizens and encourage creative ways of achieving them within the resources available. In line with the Mayor's budgeting principles, BFO emphasizes accountability, innovation and teamwork. Like performance budgeting, BFO focuses on what the public receives, how much it costs and how outcomes will be measured. BFO starts with the results citizens want from their City government and works to align those priorities with the budget decision-making process.

Departments are invited to submit "offers" to explain how they can achieve the best results that matter to citizens for the lowest cost and what performance measures they will use to demonstrate success. The Government Finance Officers Association (GFOA) has adopted this approach to budgeting as a "recommended best practice."

In an effort to address the concerns of the City of New Orleans' citizens, Mayor Landrieu challenged departments to think strategically about the services they provide through this year's BFO process and to look for the most innovative and efficient way to provide those services. As a basis for planning for the upcoming budget as well as utilizing current resources strategically, all Mayoral departments developed business plans outlining their goals, initiatives and key performance indicators (KPIs) to assess the departments' success in achieving their objectives.

## BUDGETING FOR OUTCOMES PROCESS

**Step 1:** *Determine how much money is available. City staff used the five-year financial plan and estimated revenues for 2014 as the amount available to produce results for the 2014 Budget. (Key federal and state grants were included in total revenue since those funds also help produce the results.)*

**Step 2:** *Frame the results the City wants to achieve into result areas: Public Safety, Children & Families, Economic Development, Sustainable Communities, Open & Effective Government and Innovation.*

## RESULTS BASED ON CITIZEN PRIORITIES

One of the most important components of preparing a budget is to ensure that government ultimately provides the services that citizens want. During the campaign, the transition and now as Mayor, gaining citizen input has been a priority for Mayor Landrieu. Through community meetings, the Mayor received valuable public input on the issues, concerns and priorities of citizens. That feedback, which was a critical component of determining what results were most important to citizens, has influenced Mayor Landrieu's budget-making decisions for 2014.

- **2014 Budget Community Meetings:** During August 2013, community meetings were held in every Council District, five total, to discuss those issues most important to citizens. This feedback helped prioritize key results to be achieved, and where public money will be spent in the Mayor's 2014 Budget.

The result areas (results to be achieved) were developed to align with the vision, mission and values within the Landrieu Administration's strategic framework. In 2012, the Administration developed Results Maps to further map out the City's overall direction and serve as the foundation for budgeting and performance management. The Results Maps are used to align resources, foster the development of realistic departmental operational ("business") plans, guide decision-making to attain goals and improve outcomes, and serve as a communication tool for City employees and the public. This strategic framework was refined, and strategies prioritized based on citizen feedback from the budget community meetings. The result areas are described as follows:

- **Public Safety** - Ensures the public's safety and serves our citizens with respect and integrity.
- **Children and Families** - Promote the health and well-being of youth and families by ensuring that quality educational, economic, health and recreational programming opportunities are available for all.
- **Economic Development** - Spurs the growth of a diverse economy that creates good-paying jobs and provides equal access to economic prosperity.
- **Sustainable Communities** - Supports sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection and cultural assets.
- **Open and Effective Government** - Ensures sound fiscal management and transparency, promotes effective, customer-driven services and fosters active citizen engagement in City government.
- **Innovation** - Develops and implements innovative programs that transform City government, improve City services and promote efficiency.

## ALLOCATING RESOURCES TO RESULT AREAS

**Step 3:** Allocate the revenue to result areas. Once the result areas were identified, the City then allocated the funding available to each result area. Public Safety was allocated 61%, Children & Families was allocated 3%, Economic Development was allocated 2%, Sustainable Communities was allocated 13%, Open & Effective Government was allocated 21% and Innovation was allocated 1%.

### 2014 Proposed General Fund Expenditures by Result Area (Total: \$504,348,535)

## SUBMITTING OFFERS TO ACHIEVE RESULTS

**Step 4:** *Departments submit offers for programs that align with the strategic framework. Offers identify the purpose of the program, a description, the staffing and funding needed, performance measures to track progress in achieving results, planned levels of performance, and the return on investment citizens could expect from their investment of tax dollars.*

Leaders from across City government participated on Result Teams for each of the six result areas. Result Team responsibilities included choosing outcome measures to track progress in each result area, identifying budget strategies to achieve those results and encouraging departments to generate innovative and creative budget offers to achieve results that reflected the Mayor's values and evaluating and ranking the offers for funding.

Departments were asked to submit budget offers that explained how each dollar in the operating budget achieved results for citizens. As a resource for developing offers, departments leveraged information developed in their business plans, such as key initiatives. Preparing the budget in this way allowed the Result Teams to review operations and organizational structure to identify opportunities to streamline processes, improve customer service, save money, adopt best practices and focus limited resources on citizen priorities.

**Budget offers will be evaluated in the context of the Mayor's values with emphasis on:**

- Achieving Results
- Customer-focus
- Leveraging Other Resources/Funds
- Efficiency
- Effectiveness
- Excellence

## PRIORITIZING THE OFFERS

**Step 5:** *Budget available dollars to the programs and activities that promise to produce the best results that are most important to citizens for the lowest cost. The Results Teams and then the BFO Management Team (senior executives, chaired by the Chief Administrative Officer) ranked all offers. Departments submitted more than 300 offers for consideration to produce results.*

The Result Teams reviewed all offers and ranked them twice. The first ranking was to provide departments feedback to improve their offers, and to indicate whether the offer was above or below the funding line (offers are ranked in priority order and a line is drawn when the allocated funding for that Result area runs out). In addition, departments received support, as needed, to refine and develop their offers. The second ranking done by Result Teams was submitted to the BFO Management Team for review. The rankings were then reviewed with the Mayor.

The rankings are listed in priority order, with the offer that promises to achieve the most results at the top of the list and the offers likely to achieve the least results at the bottom of the list. The amount of money available for each result is allocated to the offers beginning at the top of the ranked list. Offers are purchased with the allocated funding until it runs out. Then, a line is drawn. Everything above the line is recommended to be funded. Everything below the line is recommended not to be funded.

An advantage to this process is transparency in the inevitable tradeoffs involved in budgeting. Each of the programs that are not funded is listed in priority order - according to how well they achieve results. If anyone wants to fund an item that is below the line and not funded, something that is currently above the line and funded needs to be dropped below the line to offset the cost or the offers need to be revised to reflect reduced costs. The only other option would be to raise additional revenue to fund something that is not funded. This process allows all decision-makers to see the impact of the budget decisions.

## MONITOR THE RESULTS

These priorities are the basis for the budget that is submitted to the City Council for review and approval.

Once the budget is approved, the next steps in Budgeting for Outcomes are to:

**Step 6:** *Finalize performance measures and targets.*

**Step 7:** *Measure performance to monitor progress and track results*

In conjunction with the development of the Results Maps, the Result Teams selected outcome measures to track changes in citywide attitudes, behaviors, or conditions in each result area. All departments, for each budget offer submitted, developed key performance indicators (KPIs), measures of outputs, efficiency, or customer service, demonstrating alignment of department activities and resources to achieve the City's desired outcomes. For each KPI, departments developed quarterly targets that communicate the extent of planned program accomplishment. The KPIs are used to monitor, review, and assess progress towards strategic goals as outlined in the Results Maps, and make adjustments to department operational plans, as appropriate. To account to the citizens of New Orleans and the City Council for the spending of resources provided, performance results are publically communicated each quarter in the ResultsNOLA reports, available at [www.nola.gov/opa](http://www.nola.gov/opa).

In addition to ResultsNOLA, the Office of Performance and Accountability develops and implements Stat programs for key cross-departmental initiatives, such as blight reduction, quality of life improvement, revenue collection and contracting. In Stat meetings, senior leaders meet with key department heads and program managers on a monthly basis to review data to understand what works, what doesn't and what steps need to be taken to improve. These meetings are open to the public, and the presentations prepared for the meetings are posted on [www.nola.gov/opa](http://www.nola.gov/opa).

## PUBLIC SAFETY

*Ensures the public's safety and serves our citizens  
with respect and integrity.*

### Mayor's Budget Priorities:

**NOPD:** The NOPD will receive increased funding again in 2014 level in order to hire new recruits, improve training, support a stronger homicide unit and community policing. The NOPD will also receive 100 new police vehicles, just as they did in 2013.

**Consent Decree:** In 2014, \$11 million will be allocated to fund the consent decree between the City and the U.S. Department of Justice to completely transform the New Orleans Police Department. Funding in this second calendar year for the consent decree will be spent on a Federal Monitor, cameras in police cars, new training and policy manuals, the Office of Police Secondary Employment to oversee the paid detail system, and body cameras for officers.

**NOLA FOR LIFE:** In 2012, the Mayor released NOLA FOR LIFE: A Comprehensive Murder Reduction Strategy, containing new initiatives to improve public safety in New Orleans. Among the initiatives in the NOLA FOR LIFE plan are the Group Violence Reduction, Multi-Agency Gang Unit, Workforce Re-entry Strategy, and Midnight Basketball program. These programs will continue in 2014.

**Coroner:** In 2014, the Coroner's Office funding will increase from its 2013 allocation.

**Fire:** In 2014, the Fire Department's funding will increase from its 2013 allocation.

**EMS:** In 2014, EMS's budget will increase from 2013 allocation.

### Citizen Feedback:

## CHILDREN & FAMILIES

*Promotes the health and well-being of youth and families by ensuring that quality educational, economic, health and recreational programming opportunities are available for all.*

### Mayor's Budget Priorities:

**NORDC:** The New Orleans Recreation Development Commission (NORDC), formerly the New Orleans Recreation Department, was established in 2011 as a public private partnership to enhance recreational opportunities throughout the City. The City will increase funding available to NORDC by nearly \$1 million to provide full-year operating support for recently reopened recreation centers at Joe W. Brown Park, Lyons Center and Treme Center, as well as to support popular programs such as *Movies in the Park*, summer aquatics and youth athletics.

**Restructuring of the Mayor's NOLA Youth Works Summer Employment Program:** This eight-week program provides career exploration to at-risk youth, ages 13-21, in an effort to enrich the lives of the participants. The Mayor's 2013 NOLA Youth Works Summer Jobs Program provided 1,600 young people with work experience at private companies, non-profit organizations and other entities.

**Health Department:** In 2014, the Health Department will focus on access to care, public health, wellness and education. With a continued focus on public health policy, citizens have also benefited from programs like *Fit NOLA*, coordinated murder reduction efforts including trauma response and Healthy Start New Orleans.

## ECONOMIC DEVELOPMENT

*Spurs the growth of a diverse economy that creates good-paying jobs and provides equal access to economic prosperity.*

### Mayor's Budget Priorities:

**Business/Retail Development:** In coordination with the Office of Economic Development, the NOLA Business Alliance provides business retention and expansion services; assists companies with relocation to the City and attracts retailers to the local market.

**Promoting Cultural Economy:** Programs to support the growing film industry, to bring higher paying jobs to local residents in the film industry and to reform the licensing and permitting processes associated with cultural economy industries.

**Equal Business Opportunity Programs:** Programs that support the utilization of disadvantaged business enterprises (DBEs) in the procurement of goods and services by the City of New Orleans. Fully staff and enhance programming of the Office of Supplier Diversity to ensure that the City meets or exceeds DBE goals.

**Workforce Development:** Investments to provide year-round and summer job development opportunities to job seekers, including our City's youth.

## SUSTAINABLE COMMUNITIES

*Supports sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection and cultural assets.*

### Mayor's Budget Priorities:

**Eliminate Blight:** The Mayor's goal is to eliminate 10,000 blighted properties by 2014. According to the Greater New Orleans Community Data Center, the City had already removed nearly 8,000 blighted properties by 2012. The 2014 budget will continue to support an aggressive blight reduction strategy, with increased inspection and title research staffing.

**Lot Maintenance Program:** In 2013, the City partnered with the New Orleans Redevelopment Authority (NORA) on a lot clearing program to clean, cut, and clear blighted properties of overgrowth, debris, and other public safety hazards. The program abated such nuisances on vacant lots and properties with structures. This program will be continued in 2014.

**Potholes:** The 2014 budget will fund roadway maintenance, which will result in thousands of potholes filled. In 2013, the City has exceeded its goal to date, filling over 28,000 potholes in the first three quarters.

**Streetlights:** Streetlights improve public safety and quality of life. In 2013, the Mayor dedicated \$10 million in one-time federal recovery dollars to fixing streetlights. Since taking office, the City has fixed over 40,000 streetlight outages, and by the end of the year, it will have fixed over 18,000 in 2013 alone, bringing the number of streetlight outages below 3,000 for the first time since Hurricane Katrina.

**Streetscapes:** Enhancing our streetscapes provides a public benefit to the entire community and help trigger private investment for these neighborhoods still recovering from Hurricane Katrina. There are a total of 24 streetscape projects currently underway or planned by the City of New Orleans.

## OPEN & EFFECTIVE GOVERNMENT

*Ensures sound fiscal management and transparency, promotes effective, customer-driven services and fosters active citizen engagement in City government.*

### Mayor's Budget Priorities:

**NOLA 311:** In 2012, the new 311 call center launched. The fully-staffed center operates five days a week. For 31 different City services, residents can now get answers, report a problem, and get a reference number for specific service request through NOLA 311. By the end of 2013, NOLA 311 will go a step further with mobile applications. For the first time, citizens will be able to report problems online at our newly-redesigned [nola.gov](http://www.nola.gov). The City will expand 311 services further in 2014.

**Public Information:** In 2012, Communications and Information Technology and Innovation launched a series of upgrades to the City's website. Among the changes were links to essential city services directly on the new homepage of [www.nola.gov](http://www.nola.gov), including online payments, public meetings, latest news, data, maps and performance reports.

**One Stop Shop:** In 2013, the City unveiled the One Stop Shop to improve and streamline information on all permits, licenses, and City Planning Commission actions have been brought into single place that improves customer interactions and minimizes wait times and visits to City Hall. One Stop Online at [www.nola.gov/onestop](http://www.nola.gov/onestop) was also launched which features centralized, detailed, information for every permit and license type including fees, required steps to obtain the permit, the issuing agency and renewal information.

**Accountability and Transparency:** The 2014 budget maintains funding for the Office of Performance and Accountability so that the City can continue its performance management programs like BlightStat, Reqto CheckStat, QualityofLifeStat, BottomLineStat and ResultsNOLA, to make City government more accountable, transparent, and efficient. In 2013, the City launched CustomerServiceStat where City leaders and managers review performance results related to frequent sources of City interactions with the public, with an emphasis on 311 calls, permitting and licensing, and land use issues.

## INNOVATION

*Develops and implements innovative programs that transform the City, improve City services and promote efficiency.*

### Mayor's Budget Priorities:

The City will fund a number of initiatives to promote information sharing and data-driven analysis designed to improve the efficiency and effectiveness of service delivery to citizens.

In 2014, the City will review implementing an improved collection strategy, performance training and management, digitizing property management process, streamlining court activities, and revenue identification associated with property leases.

# THE 2014 BUDGET CALENDAR

## MARCH 2013

<b>Task:</b>	<b>Mayor Sets the Results for 2014</b>
<b>Description:</b>	In March, the Mayor and his staff, in consultation with community leaders, department leaders and key stakeholders, established the result areas for 2014 where City government will focus its efforts (Public Safety, Children & Families, Economic Development, Sustainable Communities, Open & Effective Government and Innovation).

<b>Task:</b>	<b>Allocation of Percentage of Funds by BFO Management Team</b>
<b>Description:</b>	The Budgeting for Outcomes Management Team that consisted of City leaders determined what percent of the funds determined (revenue allocation) would go to each result area, based on 2013 revenue projections.

## APRIL 2013

<b>Task:</b>	<b>Creation of Result Teams</b>
<b>Description:</b>	The purpose of the Result Teams is to request and rank offers (budget proposals from departments) that will produce the desired result with the money available. This year, the teams were chaired by the Deputy Mayors. These teams worked to draft new Result Maps and citywide outcome measures with which to measure results. These Result Maps were presented to departments as a way to guide their offers and highlight the results they would impact.

## MAY 2013

<b>Task:</b>	<b>Departments Develop Initial Budget Offers and Corresponding Performance Measures</b>
<b>Description:</b>	As part of the Budgeting for Outcomes (BFO) process, departments were responsible for submitting requests for funding in the form of offers for anything they wanted funded in the 2014 operating budget. This year, departments were asked to submit offers for their core services that totaled no more than 85% of their 2013 appropriation. They could then submit additional supplemental offers that requested funding to restore their budget to 100% or higher. This system allowed result team members to “buy back” programs and services individually when ranking offers.

## JUNE 2013

<b>Task:</b>	<b>Submission and Review of Initial Offers for Preliminary Result Team Ranking</b>
<b>Description:</b>	Departments submitted their initial offers to the Result Teams on June 1, 2013. Requests were submitted according to the area of results they promised to achieve. For example, using the 2014 Result Maps, a Mayor's Office offer could be submitted to the Open & Effective Government Result Team (e.g. Office of Neighborhood Engagement), Public Safety (CeaseFire New Orleans), or Economic Development (Office of Supplier Diversity). Result Teams reviewed each of the offer submissions and provided feedback offering advice on how each of their offers could be strengthened to rank higher or better achieve desired outcomes.

<b>Task:</b>	<b>Initial Revenue Estimating Conference</b>
<b>Description:</b>	Before determining which programs will be funded in the next year, the BFO process mandates that the City determine how much money will be available in 2014. The Revenue Estimating Conference approved a revenue estimate from all revenue sources (property taxes, sales taxes, licenses and fees, etc.) for 2014.

<b>Task:</b>	<b>Departments Revise Budget Offers</b>
<b>Description:</b>	After receiving feedback from the Result Teams, departments addressed their questions (whether they were related to improvements in performance measures/tracking, refining or giving more explanation to the offer description, providing more justification in the return on investment for citizens, or other topics) and strengthen their offers and, in some cases, submitted new offers.

<b>Task:</b>	<b>Submission of Formal Department Offers and Ranking by Result Teams</b>
<b>Description:</b>	On June 29, 2013 departments submitted their formal offers to the Result Teams. The Teams then met and developed a priority ranking of all offers received. The revenue allocation to the Result Teams determined, based on the priority ranking, what would be funded. Everything above the line is funded; everything below the line is not funded. This ranking became the basis for budget review sessions held by the Budget Management Team, the CAO and Deputy Mayors.

## SEPTEMBER 2013

<b>Task:</b>	<b>Mayor Holds Community Meetings Throughout The City</b>
<b>Description:</b>	Throughout the months of August and September the Mayor held a community meeting in each Council District to gather feedback from citizens and hear their concerns. The ultimate goal was to determine what results were most important to the citizens of New Orleans and incorporate their priorities into the 2014 budget development process.

<b>Task:</b>	<b>CAO Holds Department Budget Hearings</b>
<b>Description:</b>	The Chief Administrative Officer held a series of hearings with Deputy Mayors as well as key departments to discuss 2014 offers, as well as to review year to date performance and spending patterns. This additional analysis helped generate the final rankings and budget decisions.

## OCTOBER/NOVEMBER 2013

<b>Task:</b>	<b>Approval of Final Rankings</b>
<b>Description:</b>	Once the final offers were re-ranked by the Result Teams, they were reviewed and refined by the Budget Management Team, the CAO and Deputy Mayors. Revenue was adjusted based upon final Revenue Estimating Conference. The rankings were then finalized.

<b>Task:</b>	<b>Revenue Estimating Conferences</b>
<b>Description:</b>	Revenue Estimating Conferences were held to set the final revenue estimate for 2014. This revenue was allocated to the result areas using the previously established revenue allocation. The 2014 General Fund Revenue estimate of \$504.3 million was made at the October 11, 2013 meeting of the Revenue Estimating Conference.

<b>Task:</b>	<b>Mayor Approves the 2013 Budget and Submits to City Council</b>
<b>Description:</b>	Once the offers were approved and the Result Team rankings were finalized, the Mayor's budget staff finalized all budget information according to the most current revenue projections and submitted the Mayor's 2014 Budget to the City Council in mid-October. The City Charter mandates this submission on or before November 1, 2013.

<b>Task:</b>	<b>City Council Begins Result Team/Departmental Budget Meetings</b>
<b>Description:</b>	Upon receipt of the Mayor's proposed budget, the City Council Budget Committee will hold hearings to evaluate the Mayor's proposed budget.

## DECEMBER 2013

<b>Task:</b>	<b>City Council Approves the Budget</b>
<b>Description:</b>	As mandated by the City Charter, City Council must approve an adopted budget on or before December 1, 2013.

## **BUDGET ADOPTION & AMENDMENT PROCESS**

### **Budget Adoption**

By Executive Order, Mayor Landrieu mandated that the City's budget proposal would be submitted to the City Council on October 15, 2013. It meets the City Charter requirement of submitting the budget to the Council "not later than the first day of November" as required by Section 6-102.

During the months of October and November, the City Council will hold public hearings on the budget and shall publish notice of the dates, times and locations of hearings in accordance with the City Charter. During the public hearings, all interested persons shall be given an opportunity to be heard on the Budget as submitted. The Budget shall be finally adopted by the City Council no later than December 1. Upon final adoption, the Budget shall be in effect for the fiscal year and copies shall be filed in accordance with State and local statutes. The Budget will be posted on the City's website, [www.nola.gov](http://www.nola.gov).

### **Budget Amendment**

The City Charter provides that the City Council may amend the Mayor's Proposed Budget; it may increase, decrease or delete any item of appropriation proposed by the Mayor. By a two-thirds vote of its members, the Council may add new items of appropriation. Appropriations for Personal Services must be made as lump sums, not by specific positions or rates of pay. Once the Budget has been adopted, adjustments are made by ordinance.

## **CAPITAL BUDGET**

In accordance with the New Orleans City Charter, the City Planning Commission prepares a recommendation to the City Council each year of the capital improvements needed during the next five-year period to facilitate the City's infrastructure, facility and maintenance needs. This recommendation is contained in the Capital Improvements Plan, which is submitted to the City Council before the adoption of the annual budget. Council approves appropriations for these capital improvements in the Capital Budget.

## **PRESENTATION OF BUDGET INFORMATION**

As a guide to the information presented in the following budget reports, the City notes the following information:

- FY 2012 Actual Data is unaudited.
- Special taxing districts, Downtown Development District and N. O. Regional Business Park, do not reflect expenditures, only the dedicated millage.
- Contributions and Fund Transfers are funds set aside to off-set grant revenue and are only accounted for as they are used.

## OVERVIEW OF REVENUES AND EXPENDITURES

### Summary

One purpose of the City's budget is to project how current spending trends will impact future budget choices. To accomplish this, a projection is made of future year revenues, together with expenditure trends, debt service obligations, and fund balance policies regarding reserves for emergencies. General Fund revenues are projected by trend or by specific circumstances that are anticipated to occur during the forecast period. The expenditure projection is developed using growth rates from the proposed 2014 non-recurring spending level. Debt service is estimated using current obligations for principal and interest repayments. Expenditures for 2013 are based on the modified adopted budget.

### Methodology

During the development of the 2014 Budget, the City developed a multi-year revenue forecast for the General Fund. The forecast considered key factors such as expected economic growth, construction outlook, population growth, and other indicators. Major revenue sources such as sales tax were forecasted using national and local projections of economic activity and historic trends and patterns of revenue collection. Sources used in developing these projections include national economic forecasts for inflation, and growth in real GDP.

### Revenue Assumptions

City General Fund revenues are forecast to grow from the September 2013 Amended Budget level for FY2013 of \$497.2 million, by 1.4 percent for FY2014, to \$504.3 million. Revenue for all funds is proposed at \$ 837.5 million for FY2014, compared to an adopted level for FY2013 of \$835.2 million. From the level proposed in the Mayor's 2014 budget, General Fund revenues are forecast to grow modestly for the years 2015 to 2018, at an annualized rate of about 2 percent per year.

### Expenditure Assumptions

Spending for personnel costs, other operating, and all other non-debt obligations, is projected to grow at an annual rate of 1 percent for the years 2015 and 2016 and 2 percent for the years 2017 to 2018. Debt service is forecasted for 2014 to 2018 to include the City's outstanding obligations for:

- 2012 pension refunding bonds,
- Economic development related obligations,
- GO Zone repayments.

## GENERAL FUND REVENUE DETAILED DESCRIPTION

The following provides a brief description of the City's General Fund revenues with an overview of the assumptions used in preparing 2014 revenue projections. Descriptions of the major revenue sources and the assumptions used in their projections are provided below. The FY 2012 figures are actuals, FY 2013 figures are estimated end-of-year amounts and the FY 2014 numbers are projected.

### Sales Tax Revenue

There are three types of sales taxes received by the City: General Sales Use Tax, Motor Vehicle Tax, and Hotel/Motel Tax.

For the General Sales Use Tax, the City receives an effective rate of 2.5 percent from all taxable retail sales: 5.0 percent is the local portion of the total sales tax - the City gets 2.5 percent, the School Board receives 1.5 percent and the Regional Transit Authority receives the remaining 1.0 percent.

For the Motor Vehicle Tax, the City receives 2.5 percent of the retail value of motor vehicles purchased by residents of the City. This tax is collected whether the vehicle is purchased within or outside of City limits.

The Hotel/Motel Tax is charged on all room stays within the City. There is a 4.0 percent levy on hotel/motel room sales of which the City retains 1.5 percent.

2014 Proposed General Fund Revenue

### Sales Tax Revenue

### Property Tax Revenue

The City's property tax revenue is made up of three components: Real Estate Tax, Personal Property Tax and Interest and Penalties. The largest of these three is Real Estate Tax.

The Real Estate and Personal Property Tax is based on the property assessments completed by the Board of Assessors and the tax rate set by City Council annually.

### Property Tax

### Charges for Services

The City sets charges for a broad range of services in accordance with financial policy and local ordinances. Fees are charged for a variety of services to recover the costs of service and include health fees, parking meters, sanitation service charges, tax collection service, indirect costs, utility regulatory fees, towing and booting and other charges. The largest of these is the sanitation service charges.

### Charges for Services

### Licenses and Permits

Licenses and Permits assure proper oversight of professional service providers and as the monitoring of certain types of business establishments as well as motor vehicle standards. This category includes franchise fees collected on various utility and telecommunications companies operating within the City.

### Licenses & Permits

### Fines and Forfeitures

Fines and forfeitures are primarily parking meter and traffic fines collected through enforcement of local ordinances.

### Fines & Forfeitures

**Intergovernmental Revenues**

Intergovernmental revenues are provided to the City in the General Fund – principally by the State. It includes the local portion of State revenue sharing, Parish transportation revenue and other intergovernmental revenue.

**Intergovernmental Revenues**

**Utility Taxes**

Utility taxes are business privilege taxes charged to local utility companies as a % of gross receipts. Those utilities include Entergy and Louisiana Power and Light.

**Utility Taxes**

**Interest Income**

Interest income is earned on the investment of funds not immediately required to meet cash disbursement obligations. The interest income projected in the General Fund reflects earnings on the idle cash balances in the operating budget as well as the capital budget.

**Interest Income**

**Non Recurring Revenue**

Since being impacted by Hurricane Katrina, non-Recurring Revenues have been comprised of three sources: Louisiana Gulf Opportunity Zone (GO Zone) revenues, the second phase of the Community Disaster Loan (CDL) Drawdown and use of prior year fund balance.

The GO Zone is the Core Disaster area that covers the portion of the Hurricane Katrina Disaster Area determined by the Federal Emergency Management Agency to be eligible for individual and/or public assistance from the federal government. Final GO Zone funds were exhausted in 2009.

CDLs are funded through FEMA to help devastated areas maintain essential services as they work to recover from the Gulf Coast hurricanes. These loans in the amount of \$240 million were forgiven in 2011.

Prior Year Fund Balance refers to the balance remaining in the General Fund after expenditures from the previous year have been subtracted from revenues. This Fund Balance is used to provide revenue to the City in times of crisis, whether natural or man-made. No usage of Fund Balance is proposed in 2014.

## FUND BALANCE

The Five Year Revenue and Expenditure projection for the General Fund of the City of New Orleans shows how the End of Year Fund Balance is projected for the years 2014 to 2018. In order to account for contingencies and emergencies, the City's financial policies aim to have an assigned fund balance (to address budget uncertainty and emergencies) in the general fund that equals 10 percent of general fund revenues for a given fiscal year. These assigned balances serve to protect the city against unforeseen emergencies, including hurricanes, and service as a signal to financial markets that the City is following sound financial practices, which can lead to improved bond ratings and thus lower interest rates when borrowing to improve infrastructure or address other priority needs. This projection for 2014 to 2018 shows how the 10 percent target for an assigned fund balance is reached by stages of two percent in 2015, five percent in 2016, eight percent in 2017, and over ten percent in 2018. From 2014's level of adopted revenue, any unanticipated General Fund revenue will be used to reach these staged target levels of assigned fund balance.

The projection shown below illustrates that the unassigned fund balance after this staged implementation of the assigned fund balance for contingencies and emergencies is positive for each year in the projection.

# 2014 CAPITAL BUDGET SUMMARY

## THE CAPITAL IMPROVEMENT PROGRAM (CIP)

The New Orleans City Charter requires that the City Planning Commission (CPC) recommend a five-year program of capital improvements and a spending plan for financing these improvements to the City Council. This list is compiled as the Five-Year Capital Improvement Program (CIP). The Plan shows the anticipated spending plan for projects in the upcoming year as well as for future years. The CPC reviews the plan each year and recommends specific projects to be included in the Capital Budget for the next fiscal year. Detailed are:

- All projects scheduled to go forward in the following fiscal year
- Additional appropriations for new and previously appropriated projects
- Anticipated funding sources and methods of financing

The Plan is developed through public input and department prioritization of needs. The process includes:

- Departmental information gathered through neighborhood meetings and established neighborhood plans
- Department requests
- Budget Office assessment of requested projects
- Input from the CPC Budget Committee and other Boards and Commissions
- Planning Commission hearings

### **2014-2018 Capital Improvement Program Revenue Sources**

This year the proposed 2014-2018 Capital Improvement Program has a five-year total revenue of \$1,060,595,916 that is comprised of:

<b>Revenue Source</b>	<b>Amount</b>
General Obligation Bonds (Bond)	\$56,641,387
FEMA Reimbursements (FEMA)	\$261,294,596
Federal Roadway Funds (FED)	\$15,000,000
State Capital Outlay Funds (SCO)	\$14,375,000
Miscellaneous Capital Funds (MCF)	\$1,250,000
Self-Generated Funds (FMC, NOAB, UPBRC)	\$712,034,933
<b>TOTAL</b>	<b>\$1,060,595,916</b>

## THE CAPITAL BUDGET

The Capital Budget, as adopted by City Council, includes appropriations (the legal authority to spend funds) to support the approved capital projects and reflects the input received from citizens, staff and the City Planning Commission. It contains requested appropriations for new projects, additional appropriations for previously approved projects and any requests to revise prior year appropriations. Unlike the Operating Budget, which authorizes expenditures for only one fiscal year, Capital Budget appropriations are multi-year and last until the project is complete or until changed by Council. This is why the Capital Budget is used for major facilities and infrastructure construction projects that may require longer than a 12- month period to complete.

## 2014 CAPITAL BUDGET

On November 2, 2004, the voters of the City of New Orleans approved the issuance of up to \$260 million of general obligation bonds to finance capital improvements throughout the city. Through this year, the City has issued \$155 million of those bonds, The City anticipates issuing another \$40 million of general obligation bonds in late 2013/early 2014 to finance capital improvements that were adopted in the 2013 capital budget ordinance. The City plans to issue the remaining \$65 million of general obligation bonds in 2014.

**The 2014 capital budget of \$247,365,313 is funded from the following sources:**

<b>Revenue Source</b>	<b>Amount</b>
General Obligation Bonds	\$65,000,000
Miscellaneous Capital Funds	\$1,050,000
FEMA Reimbursement Funds	\$102,861,214
Federal Roadways Funds	\$15,000,000
State Capital Outlay	\$14,375,000
Self-Generated Funds (FMC, NOAB, UPBRC)	\$49,079,099
<b>Total</b>	<b>\$247,365,313</b>

**Majors Components of the 2014 Capital Budget include:**

Chief Administrative Office	\$8,858,613
New Orleans Aviation Board	\$47,466,166
New Orleans Police Department	\$2,600,000
New Orleans Public Library	\$1,657,206
NORD Commission	\$8,466,973
Department of Property Management	\$21,200,000
Department of Public Works	\$152,876,218

Federal Emergency Management Agency (FEMA) Public Assistance funds continue to present a particular challenge in determining project priorities and funding. Because obligations from FEMA are constantly revised, project budgets are always in flux. As requests for critical areas like Public Safety (that includes Police, Fire, Criminal and Juvenile Justice Courts, Coroner's Office, and EMS) and Recreation (NORDC facilities) become obligated, the amendments to the Capital Budget Ordinance will be introduced throughout the year to adjust for changes in FEMA funds, as well as to capitalize on any other funding that becomes available.

The New Orleans Aviation Board, French Market Corporation, and Upper Pontalba Building Restoration have self-generated funds of **\$49,079,099 to support their capital improvement programming.**

# STATEMENT OF DEBT

## Introduction

The City's debt obligations can be divided into two categories: operating debt and general obligation debt. These categories are managed by the Department of Finance and the Board of Liquidation.

## Department of Finance, Debt Service – Operating Debt

The City's operating debt is supported through General Fund appropriations managed by the Department of Finance. The department is responsible for the effective management of the General Fund Debt Service appropriation to fund the City's debt obligations. The policies followed by the Department of Finance are intended to maintain sound fiscal management of the City's financial obligations.

## Board of Liquidation, City Debt – General Obligation Debt

The City Charter, Section 5-501, establishes a Board of Liquidation, City Debt, (Board) composed of six members and three ex-officio members, who shall be the Mayor and the two Council members at-large. The Board was created by the Louisiana Legislature in 1880, and made a "body corporate," separate and distinct from the City of New Orleans, in 1890. The Board's debt policies are designed to address the use of long term debt as well as policies for selling debt and managing investments.

Under guidelines established in the City Charter and sound financial oversight, general obligation debt will not be utilized for the funding of current operations of the City or its agencies. The Board has exclusive control and direction of all matters related to the issuance and repayment of the City's general obligation bonds. Because the Board exists, the repayment of New Orleans general obligation bonds is separated and excluded from the City's operating budget, and a dedicated source and security for the payment of the City's general obligation bonds is maintained.

In addition, all ad valorem taxes levied by the City for the payment of its general obligation bonds are transferred to the Board. Furthermore, these property tax receipts must be applied exclusively to the payment of debt service on the City's outstanding general obligation bonds. Taxes levied by the City for the payment of its general obligations bonds cannot be applied to pay the City's operating expenses or for any other purpose. The Board has never defaulted in the payment of the City's general obligation bonds.

In the event of any default in the imposition and collection of any taxes required for the repayment of general obligation bonds, the Board has the statutory power to levy and collect taxes in the amount required. The Board is required to certify the rate and necessity therefore and cause the same to be imposed and collected at the same time and in the same manner as other taxes are imposed and collected in the City.

## City Debt

### 1. Long-Term Debt

#### **Debt Service Fund**

The City's debt service fund includes the Board, City Debt (the Board of Liquidation), an autonomous, self-perpetuating board created under the State of Louisiana Constitution of 1974. All property taxes levied by the City and dedicated to the payment of outstanding general obligation bonds are collected by the City and, as required by law, paid over to the Board of Liquidation as collected.

The Board of Liquidation annually determines the amount of property tax millage necessary to be levied and collected by the City in the next fiscal year for the payment during such year of principal and interest on all outstanding general obligation bonds of the City and all such bonds proposed to be issued by the City during such year. The annual determination of the necessary tax millage to service bonds of the City is adopted by resolution of the Board of Liquidation, which is submitted to the City Council. The millage recommended by the Board of Liquidation is then levied by the City Council. The millages for the various limited bonds of the City were established at the time the bonds were issued based upon approval of the voters. Administrative expenditures paid in connection with the operations of the Board of Liquidation are recorded in the City's Debt Service fund.

#### **Bond Transactions**

The City issues general obligation bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. Bonds payable, excluding unamortized premium of \$32,654,000 and unamortized discount of \$322,000, at December 31, 2012 comprise the following (all bonds are serial bonds) (amounts in thousands):

<u>Description</u>	<u>Original issue</u>	<u>Range of average interest rates</u>	<u>Amount outstanding</u>	<u>Due in one year</u>

Revenue bonds:				
2004 Variable Rate Revenue Bonds, due in annual installments from \$355 to \$865 commencing August 2005 through				

In November 2004, the City received approval from taxpayers to issue \$260,000,000 in General Obligation Bonds. The City issued \$75,000,000 in December 2007 and \$40,000,000 in January 2010 in face amount of these authorized General Obligation Bonds. The remaining authorized and unissued General Obligation Bonds were \$145,000,000 at December 31, 2012.

The payment requirements for all bonds outstanding, including accretion on the 1991 General Obligation Bonds of \$95,344,000 (included in interest payments) as of December 31, 2012, are as follows (amounts in thousands):

Year ending December 31:	<u>Principal</u>	<u>Interest</u>
2013	\$ 23,078	\$ 52,108
2014	24,217	53,151

2038 – 2039	15,856	2,346
	<u>\$ 735,087</u>	<u>\$ 519,994</u>

The City's legal debt limit for General Obligation Bonds is \$1,232,669,000. At December 31, 2012, the City's legal debt margin adjusted for outstanding principal of \$489,622,000 and past and future accretion of \$124,844,000 on the City's outstanding General Obligation Bonds, plus fund balance available in the Debt Service Fund of \$30,826,000 to service this debt was \$649,029,000.

The various bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of and flow of moneys through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. At December 31, 2012, management believes it is in compliance with all financial related covenants.

**General Obligation Refunding Bonds, Series 2012**

In August 2012, the City issued \$167,840,000 of General Obligation Refunding Bonds (Series 2012) to refund \$22,955,000 of the Series 1998 General Obligation Bonds, \$58,415,000 of the Series 2002 General Obligation Bonds, \$19,610,000 of the Series 2001 Public Improvement Bonds, \$26,940,000 of the Series 2002 Public Improvement Bonds, \$33,350,000 of the Series 2003 Public Improvement Bonds, and \$25,975,000 of the Series 2004 Public Improvement Bonds. The cost of issuance of the Series 2012 General Obligation Refunding Bonds totaled \$1,077,852 and the net deferred loss on refunding was \$5,874,855. By refunding these bonds, the City reduced its total debt service payments over the next 21 years by approximately \$36,467,000 and obtained an economic gain of approximately \$24,391,000.

**Taxable Limited Tax Revenue Bonds, Series 2012**

In October 2012, the City issued \$195,885,000 of Taxable Limited Tax Revenue Bonds (Series 2012) to refund \$109,160,000 of the Series 2000 Taxable Pension Revenue Bonds and \$15,995,000 of the Series 2011 Taxable Bonds. In addition, bond proceeds of \$46,000,000 were used to terminate the interest rate swap agreement in connection with the refunding of the Series 2000 Taxable Pension Revenue Bonds. Bond proceeds of \$22,103,485 were placed in reserve for future debt service. The cost of issuance of the Series 2012 Taxable Limited Tax Refunding Bonds totaled \$1,110,281 and the deferred loss on refunding was \$288,637. By refunding these bonds, the City increased its total debt service payments over the next 18 years by approximately \$20,330,000 and will have an economic gain of approximately \$39,000.

**Interest Rate Swap**

As a means of lowering its borrowing costs, when compared against fixed-rate bonds at the time of issuance in 2000, the City entered into an interest rate swap in connection with its \$170.6 million Series 2000 Taxable Pension Variable-Rate Revenue Bonds. The intention of the swap was to effectively change the City's variable interest rate on the bonds to a synthetic fixed rate of 6.95%. As described in the previous paragraph, the interest rate swap was

terminated with the refunding of the Pension Revenue Bonds. Bond proceeds of \$46,000,000 of the Series 2012 Taxable Limited Tax Revenue Bonds were used to terminate the swap agreement.

Because interest rates declined since execution of the swap, the swap had a negative fair value of approximately \$47.1 million as of December 31, 2011. The fair value increased by approximately \$1.1 million in 2012 through the date of termination. The increase in fair value is included in investment income on the statement of activities.

**Defeased Bonds**

The Series 2003 and Series 2004 Public Improvement Bonds were partially advanced refunded in 2012. A portion of the proceeds from a subsequent bond issuance was placed in escrow with a trustee. The principal and interest from these invested funds is used to service the debt of the refunded issue. Neither the escrow fund nor the Series 2003 and Series 2004 bonds payable are shown in the accompanying statement of net position. At December 31, 2012, the outstanding balance of the defeased Series 2003 and 2004 bonds was \$33,350,000 and \$25,975,000, respectively.

**Certificates of Indebtedness**

In December 2004, the City issued \$40,415,000, of which \$25,605,000 remained outstanding at December 31, 2012, in limited tax certificates of indebtedness (Series 2004B) for the primary purpose of financing the partial defeasance of the 1998B Certificates, financing judgment claims against the City, and paying the costs of issuance. The certificates bear interest ranging from 3.15% to 4.75%, payable semiannually and will be fully matured on March 1, 2014.

During 2005, the City issued \$2,050,000, of which \$410,000 remained outstanding at December 31, 2012, in certificates of indebtedness (Series 2005) for the primary purpose of paying costs to repair trackage for rail car storage and to make infrastructure improvements in connection with the CG Rail Project. The certificates bear interest of 3.59%, payable semiannually and will be fully matured on December 1, 2014. The requirements to amortize the certificates of indebtedness are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2013	\$ 12,675	\$ 925
2014	13,340	319
	<u>\$ 26,015</u>	<u>\$ 1,244</u>

**Loans Payable**

The City entered into a cooperative endeavor agreement with the State of Louisiana to provide for the issuance of general obligation bonds of the State of Louisiana (GO Zone Series) to fund the debt service assistance loan program, which will make scheduled debt service payments on behalf of the City for certain issues of outstanding debt. The loan balance at December 31, 2011 is \$79,886,000. The loans are payable beginning in 5 years in equal installments over 15 years commencing in 2012. Interest is deferred during the initial 5 year period and then accrues at a rate of 4.64% during the repayment period. In 2012, the State of Louisiana granted the City a credit of \$7,000,000 against principal and interest payments. Included in the statement of activities for the year ended December 31, 2012 is forgiveness of debt in the amount of \$5,972,540 for the forgiveness of \$2,488,623 of principal and \$3,483,917 of accrued interest. The remaining credit of \$1,079,460 will be applied to 2013 interest expense.

The requirements to amortize the debt service assistance loan are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2013	\$ 3,980	\$ 3,530
2014	4,165	3,346

2023 - 2026	26,854	3,186
	<u>\$ 76,082</u>	<u>\$ 29,062</u>

In 2009, the City entered into a loan agreement. The loan proceeds of \$7,000,000 were restricted for equipment purchases. The loan is payable over 4 years beginning in 2010 and accrues interest at a rate of 3.71%. The remaining balance at December 31, 2012 of \$812,000 is due in 2013.

In 2012, the City entered into a loan agreement. The loan proceeds of \$3,500,000 were restricted for the purchase of ambulances. The loan is payable over 3 years beginning in 2013 and accrues interest at a rate of 2.24%. The requirements to amortize the loan are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2013	\$ 718	\$ 32
2014	1,376	62
2015	1,406	32
	<u>\$ 3,500</u>	<u>\$ 126</u>

**Other Long-Term Liabilities**

The City has entered into contracts for Loan Guarantee Assistance under Section 108 of the Housing and Community Development Act of 1974, with the Secretary of HUD as guarantor. Portions of these funds were used to fund grantee loans referred to in Note 4. The loans consist of notes bearing interest at either fixed interest rates ranging from 5% to 8% or variable interest rates based upon the London Interbank Offered Rate (LIBOR). As of December 31, 2012, \$20,778,000 is recorded as a liability in the government-wide financial statements. The requirements to amortize the Section 108 loans are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2013	\$ 2,780	\$ 746
2014	2,952	684
2015	3,149	607

2017	3,529	402
2018 - 2022	5,030	773
	<u>\$ 20,778</u>	<u>\$ 3,725</u>

On October 15, 2000, the City entered into an agreement with a vendor to purchase heating, ventilation, and air cooling (HVAC) equipment under a 20 year capital lease. The City entered into two similar subsequent agreements with this vendor on June 1, 2001 and July 21, 2003 primarily for the purpose of purchasing additional HVAC equipment and traffic lights, respectively. The original net present value of these capital leases were \$9,625,000, \$17,919,000, and \$6,887,000 with corresponding interest rates of 7.8%, 7.1%, and 9.3%, respectively. Under terms of the agreement, title to this equipment is transferred to the City at the end of the lease.

The requirements to amortize the capital leases are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2013	\$ 3,060	\$ 790
2014	2,619	645
2015	2,758	506
2016	2,905	359
2017	3,060	204
2018	1,591	42
	<u>\$ 15,993</u>	<u>\$ 2,546</u>

The City has recorded \$43,189,000 in accrued annual and sick leave in accordance with its pay-out policies. During the year active employees earned and used \$20,249,000 and \$21,961,000, respectively in sick and vacation leave benefits. The entire annual and sick liability is recorded in the government wide statements, and no liability is recorded in the governmental funds.

## Changes in Long-Term Liabilities

(a) Additions and deletions include amounts related to accretion of 1991 Refunding Series of \$9,471 and \$(19,473), respectively.

The long-term liabilities will be repaid from the General Fund, except for HUD Section 108 loans, which will be repaid from the American Can non-major fund, and the General Obligation, Limited Tax Bonds, Taxable Limited Tax Refunding Bonds and a portion of the Debt Service Assistance Loan Program, which will be repaid from the Debt Service Fund. The Board of Liquidation handles all the General Obligation bonded debt of the City and the 2005 Limited Tax Bonds and results of its operations are reported in the debt service fund. For the year ended December 31, 2012, the debt service fund had \$81,294,000 in fund balance reserved to service debt.

## 2. Pension Plans and Postretirement Healthcare Benefits

At December 31, 2012, the City sponsors and administers four separate single-employer, contributory defined benefit pension plans, namely: (1) Firefighters' Pension and Relief Fund – Old System; (2) Firefighters' Pension and Relief Fund – New System; (3) Police Pension Plan (Police Plan); and (4) Employees' Retirement System of the City of New Orleans (Employees' Plan). The Old System covers firefighters who were employed prior to December 31, 1967; the New System covers firefighters hired since that date. Effective March 6, 1983, all members of the Police Plan, active and retired, except for approximately 250 participants who did not meet the eligibility requirements, became members of the Municipal Police Employees' Retirement System (State of Louisiana) (MPERS). The Police Plan of the City will remain responsible for the payment of certain benefits due to differences in length of service and age requirements for the participants who were not transferred to the MPERS plan. MPERS is the only cost-sharing, multiple-employer retirement plan in which employees of the City participate. The Employees' Plan covers all City employees other than firefighters and police.

All four plans use the accrual basis of accounting for changes in net position. Within this context, interest income is recognized when earned, as are employer and employee contributions, except in the case of the Police Plan, which recognizes employer contributions when due from the City. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

### MPERS Plan Description

On March 6, 1983, an agreement was signed among the City, the Police Pension Funds of the City of New Orleans, and the MPERS, which provided for the merger of the Police Pension Plans with the MPERS. As of that date, all members of the Police Pension Plans, active and retired, became members of the MPERS. Those members covered by the system who did not meet the age and service requirements of the MPERS will be paid by the Police Pension Fund of the City until they reach age 50 or 55, depending on the length of active service. The MPERS is a defined benefit pension plan established by a State of Louisiana statute.

Employees become eligible for retirement under the MPERS plan at age 50 and after 20 years of active continuous service. An employee who is age 55 becomes eligible for retirement benefits after 16 years of active continuous service. The plan also provides death and disability benefits. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana. The MPERS issues a publicly available financial report that includes financial statements and required supplementary information for the MPERS. That report may be obtained by writing to the Municipal Police Employees' Retirement System, 8401 United Plaza Boulevard, Room 270, Baton Rouge, Louisiana 70809, or by calling (800) 443-4248.

### ***Employees' Plan, Police Plan, Firefighters' Pension and Relief Fund – Old and New System Descriptions***

Each plan is a defined benefit pension plan established by the State of Louisiana statute, which provide retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana. Each plan issues a publicly available financial report that includes financial statements and required supplementary information for that plan. Those reports may be obtained by writing or calling the plan.

### ***Funding Policies and Annual Pension Costs***

The employer contributions for the Employees' Plan and the Firefighters' Pension and Relief Fund (New System) are based on actuarially determined amounts. The employer contribution for the Police Pension Fund is based on amounts necessary to cover administrative costs and payments of pensions and benefits, as certified by the board of trustees of the Fund. The employer contribution for the Firefighters' Pension and Relief Fund (Old System) is based on amounts necessary to pay current expenses, and, in effect, is being funded on a "pay-as-you-go" basis. Employees covered under the Employees' Plan contribute 5% of their earnable compensation to the plan. Effective January 1, 2013, the rate will increase to 6%. Employees covered under the Firefighters' Pension and Relief Fund of the City of New Orleans (Old and New Systems) contribute 6% of salary for the first 20 years of employment.

As a result of the merger contract with the MPERS to transfer all active policemen who were participating in the City's Police Pension Fund to MPERS, there were no active participants in the plan and therefore the only contributions by employees to the plan related to retirees' contributions for the purchase of military service credit. The City's annual pension cost for the current year and related actuarial methods and assumptions for each plan is as follows (amounts in thousands):

- (a) The fund uses the “Entry Age Normal Cost Method” to calculate the funding requirements for this Fund. Under this method the normal cost of the plan is designed to be a level percentage of payroll, calculated on an aggregate basis, spread over the entire working lifetime of the participants. The future working lifetime is determined from each participant’s hypothetical entry age into the plan assuming the plan had always been in existence, to the participant’s expected retirement date. This fund uses a level dollar amortization for an open fifteen year amortization period effective on each valuation date.
- (b) The “Entry Age Normal Cost Method” was used to calculate the funding requirements of the Fund. Under this cost method, the actuarial present value of projected benefits of each individual included in the valuation is allocated on a level basis as a percentage of payroll for each participant between entry age and assumed retirement age.
- (c) The “Aggregate Level Normal Cost Method” allocates pension costs as a level percentage of payroll over the future working lifetime of current members. The Aggregate Cost Method produces no unfunded accrued liability.

**Annual Pension Cost, Prepaid Pension Asset, and Net Pension Obligation** – The City’s annual pension cost (APC), prepaid pension asset (PPA), and net pension obligation (NPO) to the City of New Orleans Employees’ Retirement System and the Firefighters’ Pension and Relief Fund (Old System and New System) for the current year are as follows (amounts in thousands):

	<b>New Orleans Employees' Retirement System</b>	<b>Firefighters' Pension and Relief Fund (Old System)</b>	<b>Firefighters' Pension and Relief Fund (New System)</b>
Annual required contribution	\$ 18,828	\$ 22,461	\$ 32,213

NPO, end of year	<u>\$ (14,675)</u>	<u>\$ (56,116)</u>	<u>\$ (54,053)</u>

The NPOs are approximately \$14,675,000, \$56,116,000, and \$54,053,000 respectively, at December 31, 2012, and are recorded in the governmental activities of the government-wide statement of net position.

The required schedule of funding progress following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### Firefighters' Pension and Relief Fund Lawsuit

During the year ended December 31, 2010, a lawsuit was filed by city firefighters against the City to adjust their pensions for longevity raises not received while employed by the City. A judgment was obtained against the City for the difference in the amount retired firefighters were receiving as their pension benefit and what they should have received had the longevity raises been included in their retirement benefit calculation. The judgment applies to all firefighters who retired on or after March 2, 1990. The increase in their pension payment is to be calculated in accordance with longevity factors determined by the Court. The judgment states that benefits are only to be upwardly adjusted when the funds are appropriated by the City.

On March 17, 2010, the firefighters obtained a consent judgment authorizing the Fund, upon receiving the appropriated funds from the City of New Orleans, to upwardly adjust monthly pension benefits owed to those members who retired on or after March 2, 1990, starting on January 1, 2010 in accordance with the longevity factors

determined by the Court. During the year ended December 31, 2010, the City appropriated funds necessary to pay the increased benefit to those members currently receiving cash benefits.

As of December 31, 2012, the City has not appropriated funds to pay the increased benefit owed to members prior to December 31, 2009. The Fund is currently in the process of determining the amount of the increased benefit owed to members for pensions prior to December 31, 2009.

Member Deferred Retirement Option Plan (DROP) and Partial Lump-Sum Option Plan (PLOP) accounts were not increased during the year ended December 31, 2012 since the City appropriation received did not cover these accounts.

The NOFF has calculated the increased benefit owed to the members in their DROP and PLOP accounts. As of December 31, 2012, the amount of DROP benefits owed to members is estimated to be \$18,486,324 and \$3,335,748 for the New and Old Systems, respectively. As of December 31, 2012, the amount of PLOP benefits owed to these members is estimated to be \$12,519,974 and \$1,416,061 for the New and Old Systems, respectively.

### **Firefighters' Pension and Relief Fund Investment Receivable**

On March 31, 2008, the NOFF invested \$15,000,000 into the FIA Leveraged Fund (Leverage Fund), an open ended investment fund registered in the Cayman Islands. The Leveraged Fund in turn invested in other feeder funds that ultimately invested in the Master Fund, Fletcher International, Ltd (FILB). Fletcher Asset Management ("FAM") served as the investment manager to all of the funds in the master-feeder fund structure. On June 27, 2011, the NOFF requested a full redemption of funds invested in the Leverage Fund. This redemption request was not met resulting in the NOFF filing a winding-up petition with the Grand Court in the Cayman Islands to force the liquidation of the Leveraged Fund. On April 18, 2012, the Grand Court issued a winding-up order against the Leveraged Fund and appointed official liquidators to wind up its affairs. In response to this judgment, FAM filed for bankruptcy protection for the Master Fund, FILB. In October 2012, the bankruptcy court issued an order for the appointment of a U.S. Trustee to investigate the assets of the Leveraged Fund and manage its liquidation. As the Trustee recently commenced his investigation, information regarding the value of the assets remaining in the Leveraged Fund and any potential recovery was not yet available. As of December 31, 2012, the NOFF has recorded a reserve of \$3,333,333 against a receivable balance of \$18,425,727. As the Trustee progresses in his investigation and asset values are determined, the NOFF will make adjustments to the value of the receivable.

### **Postretirement Healthcare Benefits**

#### **Plan Description**

The City of New Orleans' medical benefits are provided through a self-insured comprehensive health benefit program and are made available to employees upon retirement. Full details are contained in the official plan documents. Medical benefits are provided to employees upon actual retirement (that is, at the end of the DROP period, if applicable) according to the retirement eligibility provisions of the System by which the employee is covered. Most City employees are covered by one of three primary systems: the Employees' Retirement System of the City of New Orleans (NOMERS), the Louisiana State Municipal Police Retirement System (MPERS), and the New Orleans Firefighters' Pension and Relief Fund (NOFF). The maximum DROP period is five years in NOMERS and NOFF and three years in MPERS. Retirement (DROP entry) eligibility is as follows: in NOMERS, the earliest of 30 years of service at any age; age 60 and 10 years of service; age 65 and 20 years of service; or, satisfaction of the "Rule of 80" (age plus service equals or exceeds 80); in MPRS, the earlier of 25 years of service and age 50 and 20 years of service (in MPERS, DROP entry requires age 55 and 12 years of service or 20 years of service and eligibility to retire); in NOFF, age 50 and 12 years of service. However, because of the "back-loaded" benefit formula in the NOFF

plan relative to years of service, the retirement assumption used for that plan was the earliest of age 50 and 30 years of service, age 55 and 25 years of service, and age 60 and 12 years of service.

**Contribution Rates**

Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

**Fund Policy**

The funding policy is not to fund the ARC except to the extent of the current year’s retiree funding costs. In 2012, the City’s portion of health care funding cost for retired employees totaled approximately \$9,812,000. These amounts were applied toward the net other post-employment benefit (OPEB) obligation.

**Annual Required Contribution**

The City’s Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB 45. The ARC is the sum of the Normal Cost plus the contribution to amortize the Actuarial Accrued Liability (AAL). A level dollar, open amortization period of 30 years (the maximum amortization period allowed by GASB 43/45) has been used for the post-employment benefits. The total ARC for the year ended December 31, 2012 is \$13,927,389, as set forth below:

Normal Cost	\$ 4,181,402
30-year UAL amortization amount	9,745,987
Annual required contribution (ARC)	<u>\$ 13,927,389</u>

**Net Post-employment Benefit Obligation (Asset)**

The table below shows the City’s net OPEB obligation for fiscal year ending December 31, 2012:

Beginning Net OPEB Obligation 1/1/2012	\$ 54,374,713
Annual required contribution	13,927,389
Interest on Net OPEB Obligation	2,174,988
ARC Adjustment	<u>(3,144,495)</u>
OPEB Cost	12,957,882
Contribution	-
Current year retiree premium	<u>9,812,255</u>
Change in Net OPEB Obligation	<u>3,145,627</u>
Ending Net OPEB Obligation 12/31/2012	<u>\$ 57,520,340</u>

The following table shows the City's annual other post-employment benefits cost, percentage of the cost contributed, and the net unfunded other post-employment benefits obligation (asset):

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual Cost Contributed</u>	<u>Net OPEB Obligation</u>
December 31, 2012	\$ 12,957,882	75.72%	\$ 57,520,340
December 31, 2011	\$ 12,482,789	72.78%	\$ 54,374,713
December 31, 2010	\$ 10,652,042	72.30%	\$ 50,977,345

### Funded Status and Funding Progress

In the fiscal year ending December 31, 2012, The City made no contributions to its post employment benefits plan. The plan is not funded, has no assets, and hence has a funded ratio of zero. Based on the January 1, 2011 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year December 31, 2012 was \$168,529,305 which is defined as that portion, as determined by a particular actuarial cost method (the City uses the Projected Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost.

Actuarial Accrued Liability (AAL)	\$ 168,529,305
Actuarial Value of Plan Assets (AVP)	-
Unfunded Act. Accrued Liability (UAAL)	<u>\$ 168,529,305</u>
Funded Ratio (AVP/AAL)	0%
Covered Payroll (active plan members)	\$ 225,508,662
UAAL as a percentage of covered payroll	75%

### Actuarial Methods and Assumptions

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the City and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the City and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the City and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

## **Actuarial Cost Method**

The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality, and turnover.

## **Actuarial Value of Plan Assets**

Since the plan has not been funded, there are no assets. It is anticipated that in future valuations a smoothed market value consistent with Actuarial Standards Board Actuarial Standards of Practice Number 6 (ASOP 6), as provided in paragraph number 125 of GASB Statement 45, will be used.

## **Turnover Rate**

An age-related turnover scale based on actual experience as described by administrative staff has been used. The rates, when applied to the active employee census, produce an annual turnover of approximately 10%.

## **Post-Employment Benefit Plan Eligibility Requirements**

It is assumed that entitlement to benefits will commence at the end of the DROP period. In addition, an additional delay of one year after earliest retirement eligibility was included for NOMERS employees and a further two years' delay where eligibility was under the "Rule of 80". Medical benefits are provided to employees upon actual retirement (that is, at the end of the DROP period, if applicable) according to the retirement eligibility provisions of the System by which the employee is covered.

## **Investment Return Assumption (Discount Rate)**

GASB Statement No. 45 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation. This is a conservative estimate of the expected long term return of a balanced and conservative investment portfolio under professional management.

## **Health Care Cost Trend Rate**

The expected rate of increase in medical cost is based on a graded schedule beginning with 8% annually, down to an ultimate annual rate of 5.0% for ten years out and later.

## **Mortality Rate**

The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rates and 50% of the unloaded female mortality rates, is used. This is a recently published mortality table which has been used in determining the value of accrued benefits in defined benefit pension plans.

### **Method of Determining Value of Benefits**

The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The employer rates provided are "unblended" rates for active and retired as required by GASB 45 for valuation purposes. The retiree medical plan was amended in 2010 to provide that only Medicare Part D Prescription Drug coverage is covered by the employer after age 65 for current and future retirees.

### **Inflation Rate**

Included in both the Investment Return Assumption and the Healthcare Cost Trend rates is an implicit inflation assumption of 2.50% annually.

### **Projected Salary Increases**

This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salary.

### **Post-retirement Benefit Increases**

The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

# FINANCIAL POLICIES

## 1. GENERAL FINANCIAL POLICIES

### The budget as a policy document

- The budget reflects the public policy goals of the Mayor and City Council. The budget should include a coherent statement of results the City will produce for the public.
- The City of New Orleans shall utilize the Budgeting for Outcomes (“BFO”) approach in developing its operating budget. BFO asks public leaders to set the price of government, determine the outcomes citizens value most, prioritize tax dollars to purchase those results and rethink the way departments and agencies pursue producing outcomes. The budget should describe and address the City’s short-term goals and initiatives that guide the development of the budget in the coming year.

### The budget as a financial plan

- The budget includes a financial planning projection for the next five years. This projection is based on the five year revenue forecast for the proposed budget that is presented to the Revenue Estimating Conference. Expenditure projections for the five year financial planning projection conform with the revenue forecast and the fund balance policy.

### Fund balance

- The General Fund will have two fund balance goals, an unreserved fund balance account and an emergency reserve account.
- The target level for the unreserved fund balance is two percent of the expenditures in the adopted budget.
- The target level for the emergency reserve account is eight percent of the expenditures in the adopted budget. The emergency reserve will be used only for natural disasters, revenue shortfalls as recognized by the Revenue Estimating Conference and other major emergencies that disrupt revenue sources or require substantial unanticipated expenses to address.
- Any unanticipated net General Fund revenue will be used to first fully fund the unreserved fund balance account.
- Once the unreserved fund balance account is funded at its target level, any additional unanticipated General Fund revenue will be used to fund the emergency reserve account, at a rate of at least two percentage points per year, until it reaches its target level.
- If drawn upon, the emergency reserve account will be replenished to appropriate levels in subsequent years.

### Performance measurement and management principles

- The budget contains Key Performance Indicators (KPIs) that are used to track the performance of City departments on their primary activities and programs. These KPIs are identified in the City’s Budgeting for Outcomes process, in business plans and throughout the year.
- KPIs are reviewed on at least a quarterly basis by department heads, deputy mayors and other key City staff and are published in the ResultsNOLA report.
- The Office of Performance and Accountability is the City’s primary office in charge of overseeing the City’s performance management system.

### Revenue policies

- Property in New Orleans will be re-assessed every four years for the purpose of establishing property taxes.
- Fees and charges for specific services should be set so as to not significantly under-recover or over-recover costs. Fees and charges should be reviewed periodically to compare the % of cost recovery and to develop recommendations regarding adjustments that should be considered. Service costs should be estimated to include all significant direct and indirect costs of providing the service, and both operating and capital costs should be analyzed.

## 2. LEGAL REQUIREMENTS

- The City of New Orleans is a municipal corporation governed by the Mayor and City Council.
- Annual budgets are adopted for the General, Special Revenue and Debt Service Funds with a level of legal budgetary control established by the City Council.
- The City Charter, Section 6-106, establishes the fiscal year for the budget as the calendar year.
- The City Charter, Section 3-116, requires the budget to be balanced.
- The City Charter, Section 6-108 (1), states that, “the Council shall execute an agreement with a Certified Public Accountant or firm of Certified Public Accountants for the purpose of securing an audit of the accounts of the City.”
- The City Charter, Section 6-108 (2), requires the independent audit to be completed no later than six months after the close of the fiscal year just completed.

## 3. ADOPTION OF THE BUDGET

- The City Charter, Section 6-101, establishes a Revenue Estimating Conference to prepare and publish the official forecast revenue estimates. The Revenue Estimating Conference members are the Mayor (who serves as chair), the Chief Administrative Officer, the Director of Finance, a member of the City Council and a faculty member of a college or university in New Orleans who has expertise in forecasting revenues or in a related field. In addition to the members of the Revenue Estimating Conference identified in Section 6-101(1) of the Home Rule Charter of the City of New Orleans, the City Council may select one additional member of the City Council to attend meetings of the Revenue Estimating Conference and serve in the capacity of a non-voting ex-officio member of the body to the extent permitted by the Home Rule Charter.
- The City Charter, Section 4-206(1)(f), states that the Mayor submits the operating and capital budgets annually to the City Council.
- The City Charter, Section 3-115(2), establishes that the City Council adopts the annual budget no later than the first day of December before the fiscal year begins.
- The City Charter, Section 6-104 states that the City Planning Commission before October 15 each year will prepare and submit to the Mayor a capital program for the next five years.
- The Mayor will submit a capital budget to the City Council no later than November first of each year.
- A number of changes have been made, including those in the Mayor’s Executive Order (MJL 10-01: Budget Process Reform):
  - Submission of the budget will be on or before October 15
  - Revenue changes in a Mayor’s Budget submission will be clearly and separately reviewed by the Revenue Estimating Conference
  - In order for the public’s priorities to inform the Budgeting for Outcomes process, the Chief Administrative Officer shall work with Council members to host no less than one public priority-setting meeting in each Council district prior to the presentation of the budget by the Mayor to the Council. The Chief Administrative Officer is also directed to work with the City Council throughout the Budgeting for Outcomes process.

## 4. MANAGING THE ENACTED BUDGET

- The legal level of budgetary control is at the department level within a fund, separated into appropriations for three categories of cost object classifications: personal services, other operating expenses and debt service.
- After the initial budget is adopted, it may be amended for interdepartmental transfers of appropriations with the approval of the Budget Committee of the City Council and the City Council.
- Intradepartmental transfers of appropriation among individual budgetary accounts may be initiated by a department head with the approval of the Chief Administrative Officer.

- Total appropriations for any fund may be increased, if, during the year, sources of revenue become available to the City in excess of original anticipations, and these amounts are anticipated by the Budget Committee of the City Council and subsequently approved by the City Council. For the General Fund, unanticipated revenues should first be used to reach the appropriate target levels for the unreserved fund balance account and the emergency reserve account.
- Significant changes in anticipated General Fund revenues or expenditures during the budget year will necessitate formal amendments being proposed to Budget Committee of the City Council and the City Council to amend the annual budget as appropriate.

#### Encumbrances

- Encumbrance accounting, under which purchase orders and contracts are recorded to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary process. Contractually encumbered appropriations and certain requisition commitments in the General Fund do not lapse, but are carried forward to the ensuing budget year.
- All General Fund appropriations, except for those in the unreserved fund balance and emergency reserve, lapse at the end of the year.

#### Interfund transfers

- If expense items in grants are not reimbursed and are considered uncollectible, the General Fund needs to cover them.
- Transfers need to be clearly documented.

#### Budget monitoring and reporting

- The budget will be monitored monthly after the first quarter of the fiscal year. A monthly report will be prepared and distributed to the Mayor, Budget Committee and City Council, Chief Administrative Officer, the Director of Finance and the City departments and offices.
- The Chief Administrative Officer shall submit monthly budget reports to the City Council through its Budget Committee. Said monthly reports shall include a report on actual revenues and expenditures by major categories and include a comparison of current data to prior year-to-date data.

### 5. ACCOUNTING PRINCIPLES

- The accounting principles of the City of New Orleans conform to generally accepted accounting principles (GAAP) applicable to governmental entities.
- The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles.
- The City's budget is prepared on a modified accrual basis and in conformity with U.S. generally accepted accounting principles (GAAP) for local government units as prescribed by the Governmental Accounting Standards Board (GASB). The City uses a modified accrual basis of accounting for its budget and audited financial statements.
- The City Charter, Section 3-116(3), requires revenues to be estimated using generally accepted accounting principles defined by the Governmental Accounting Standards Board (GASB).
- The City Charter, Section 6-108 (1), states that, "the Council shall execute an agreement with a Certified Public Accountant or firm of Certified Public Accountants for the purpose of securing an audit of the accounts of the City."
- The City Charter, Section 6-108 (2), requires the independent audit to be completed no later than six months after the close of the fiscal year just completed.
- The City is required to undergo an annual single audit in conformity with the U.S. Office of Management and Budget Circular A-133, "Audit of States, Local Governments, and Not-for-Profit Organizations."

### 6. DEBT

#### City debt

- The City Charter, Section 5-101, establishes a Board of Liquidation, City Debt, to issue City debt, composed of six members and three ex-officio members, who shall be the Mayor and the two Council

members at large. The debt policies of the Board of Liquidation are put in place to address the use of long-term debt, policy for selling debt and how to manage investments, as described in the following sections.

#### Use of long-term debt

- Under the City Charter and prudent financial management, long-term debt will not be used to finance current operations of the City or its agencies.
- Long-term borrowing will only be used for capital improvement projects and equipment that cannot be financed from current revenue sources.
- The investment of capital funds is governed by State statute, City code and Board of Liquidation policy. According to State law, capital project funds of the City may be invested only in:
  - a) Securities guaranteed for both principal and interest by the federal government;
  - b) Collateralized certificates of deposit from banks whose collateral consists of securities of the United States that guarantees both principal and interest. The use of derivative investments will generally not be permitted.
- Financing debt for capital projects by issuing bonds will be paid back in a period not exceeding the expected life of those projects.
- The Board will seek level or declining debt repayment schedules and will avoid issuing debt that provides for balloon principal payments reserved at the end of the term of the issue.
- The Board will maintain good communications with bond rating agencies about its financial condition and will follow a policy of full disclosure on every financial report and bond prospectus.

#### Policy for selling City debt

- The Board of Liquidation will generally issue its bonds through what is commonly called a competitive sale. However, the Board may utilize what is commonly called a negotiated sale under one or more of the following conditions:
  - The debt issue is, or contains, a refinancing that is dependent on market/interest rate factors.
  - At the time of issuance, the interest rate environment or economic factors that affect the debt issue are volatile.
  - The nature of the debt issue is unique and requires particular skills from the investment banks involved.
  - The debt issue is bound by a closing deadline.
- In some cases, a group of investment bankers will be selected that have been subjected to a competitive review by the Board of their qualifications, recent performance and capitalization. The services of an independent financial advisor may be employed to oversee the work of the investment bankers.
- The Board will not be obligated to any investment banking firm bringing proposals to other City Agencies for which the Board issues bonds.
- The Financial Advisor to the Board will keep the Board periodically advised of any current or advance refunds that could result in savings to the City and/or City agencies in debt service payments.

#### Investment policy of the Board of Liquidation City debt

- The policy of the Board of Liquidation, City Debt, is to invest the tax receipts dedicated to Debt Service as they are received from the City of New Orleans Bureau of the Treasury. The Debt Service funds are invested to mature on the dates Debt Service payments are due. The receipts are generally invested in collateralized Certificates of Deposit, after competitive bids have been received for the banks in the City that have depository agreements with the Board.
- If the bids received are not competitive with Direct U. S. Government Securities, investments are made in these government securities.

- Debt Service funds and Debt Service Reserve funds are invested to mature within one year of receipt in order to meet the debt service requirements as they become due.
- Custodial Funds which are held by the Board are invested to meet the requirements of the agencies entitled to receive these funds and are generally invested as described above or as may be required by the applicable bond documents.

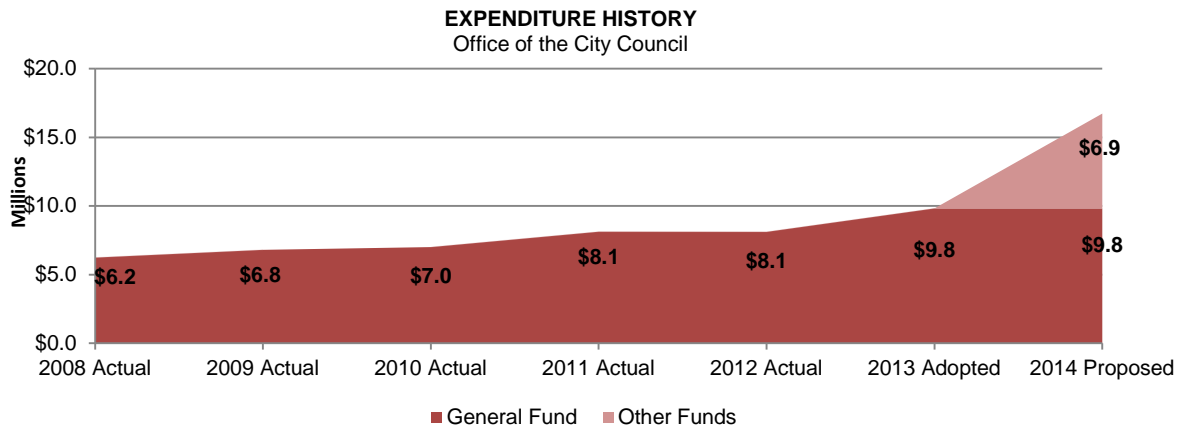

City Council

# Mission Statement

The mission of the City Council is to enact legislation and perform other duties as provided in the Home Rule Charter including:

- To protect the public health, safety and welfare of the citizens of New Orleans
- To grant franchises and establish rates for public utilities
- To adopt the annual levy of property tax, and the operating and capital budgets
- To perform other duties as specified in the Home Rule Charter

Mayor's Office

## Mission Statement

The City of New Orleans delivers excellent service to its citizens with courage, competence and compassion. We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs and a clean environment for our citizens.

We facilitate partnerships, link strong leaders and new ideas, and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement.

We responsibly manage and preserve our City's natural resources.

## Vision Statement

**New Orleans is a model city.** We demonstrate to the world the power of strong leadership in the halls of City government and on streets of hope. With resilience, we transform challenges into instruments of progress with the belief and assurance that change is possible.

**We are a unified city** where municipal employees and engaged citizens work together to create equitable, thriving communities for all. The City of New Orleans leverages the transformative power of our people to build safe neighborhoods and foster educational, economic and cultural opportunities.

**We are a creative city.** We recognize limitless opportunity and appreciate the shared benefit of our neighbor's success. The richness of diversity is manifest so clearly in our culture—a beautiful mosaic that only New Orleans is able to create. Our commitment to excellence, coupled with timeless cultural heritage and creative vision ensures New Orleans' greatness for generations to come.

- **Executive and Business Services:** The Mayor's Office of Economic Development's goal is to spur the growth of a diverse and inclusive economy that creates good-paying jobs and provides equal access to economic prosperity, leading to job growth, increases in the tax base and better quality of life for our citizens. This offer will fund the executive office (one advisor and an administrative assistant, which all support the Offices of Supplier Diversity and Workforce Development (which are in separate offers), and our business services division, which administer incentive programs and serve as the liaison to businesses and entrepreneurs.
- **Office of Cultural Economy:** The Office of Cultural Economy coordinates all aspects of cultural economy development. This growing and significant sector represents 32,000 workers, 1,722 small businesses, and \$1 billion in wages in Orleans Parish. The office manages systems that connect 300+ productions/events annually to city services/permits. The office coordinates meetings between these groups and department heads, residents, elected officials, stakeholders and law enforcement. Emphasis is placed on worker training in film and other cultural industries through partnerships with JOB1, and others.
- **Office of Supplier Diversity:** The Office of Supplier Diversity (OSD) oversees certification, compliance, outreach, training, outreach and capacity building for the City's local, small and disadvantaged businesses. Our job is to mitigate the effects of past and present social and economic discrimination by increasing the use of historically under-utilized businesses in the procurement of goods and services by the City of New Orleans. This offer will fund personnel, administrative and programmatic functions to help the OSD achieve its vision of becoming a national model for how local governments capture and deliver value through supplier diversity.
- **Business Services and New Orleans Business Alliance:** This offer will fund one fiscal officer and a program/policy manager, two positions to support workforce initiatives and the City's contribution to the New Orleans Business Alliance.

- Coastal and Environmental Affairs Public Education: The service provided is that of raising the level of awareness for coastal restoration and overall environmental improvements through the hosting of community forums to foster community engagement on such critical issues. Ultimately, it intended that through raising public awareness to these issues and increasing public advocacy our community can thus increase the attention and resources that come to our city and community to restore the urban coast and improve our overall environment.
- Coastal and Environmental Affairs: The Office of Coastal and Environmental Affairs will deliver on the Mayor's vision for creating a truly sustainable community by increasing the resiliency of coastal resources, providing sustainable coastal zone management, and enhancing public awareness of New Orleans. This office will leverage its influence across all City Hall departments to encourage them to think, coordinate and operate in a collaborative manner to address the city's problems and needs. In particular this office will work closely with other city agencies on issues of environmental resource development, ecosystem adaptive management, and nonstructural resiliency measures.
- Pontchartrain Restoration Grant: The service provided is that of implementing on an annual basis the City's Christmas Tree Recycling effort as well as all other projects and activities that help the city in preserving its urban coastal zone. This grant and overall activity supports this office's role as coastal zone administrator for the City.
- Coastal Zone Management: The service provided is coastal zone management for the parish of Orleans as required by the Louisiana Department of Natural Resources. The planned improvements are related to the overall one-stop-shop permitting process that is being launched for all City permitting. As part of coastal zone management, this office issues what are called coastal use permits for any development work in the Orleans Parish coastal zone. This offer makes a difference by ensuring that the parish preserves and protects as much of its valuable wetlands and urban coast as possible for public enjoyment of their ecosystem services and benefits.
- Brownfields Grant Revolving-Loan Fund Program: U.S. EPA has granted a \$1,000,000.00 Brownfields Cleanup Revolving Loan Fund to lend funding sources to qualified individuals and organizations (public, private, non-profits) to remediate brownfields sites within the City of New Orleans.
- Energy Efficiency Conservation Block Grant Program: This grant and program is part of larger direct allocation of resources that have helped put New Orleans on a very progressive energy

efficiency path forward. The grant funded activities range from the installation of energy efficient street lights, the energy efficient upgrading of 4 local libraries to the establishment of an energy efficiency loan program for New Orleans residents. The grant funding that is utilized by OCEA covers the administrative oversight and reporting of these grant funded activities.

- Orleans Land Bridge Project: The service that is being provided is that of very critical flood protection for the residents of New Orleans East. The actual flood protection work is being contracted out by the State of Louisiana. But, some degree of oversight for the project is being shared with the City of New Orleans. In the long-term, this flood protection project will prevent loss of up to 110 acres of marsh in the Lake Borgne area and prevent or help minimize further shoreline retreat and erosion.

- Executive and Administrative Office of the Mayor: The Mayor and his staff set the priorities for City government, guide its operations and conduct the administrative affairs of the Office of the Mayor. Citizens expect their government to be responsive and to run efficiently, and the Executive and Administrative Office acts in consultation with citizens to support the transformation of City government and deliver on strategic initiatives responsive to their requests.
- Contingency Fund: City Charter mandated for emergency purposes.
- Intergovernmental Affairs / Intergovernmental Relations: The Office of Intergovernmental Relations serves as a centralized point of coordination for the City of New Orleans with state and federal

governments in addition to the legislative branch of New Orleans, other political subdivisions in Louisiana and appointments to over 150 boards and commissions that exist within the City of New Orleans. The Office produces and analyzes legislation, proposals and initiatives to achieve the City's policy goals.

- **Communications/Public Information:** The Communications office provides public information to the citizens of the City of New Orleans through public meetings, a website, social media platforms, print media, radio, television, community relations and special events.
- **International Relations:** New Orleans benefits from greater interest and investment from the international community than other cities of its size. The City is called upon to welcome international dignitaries and to function as a protocol office, and the Mayor continues to represent New Orleans as an ambassador for our culture, economy and government. The City welcomes a high level dignitary or delegation at least once every two weeks.
- **Neighborhood Engagement Office:** This office supports the operations of the Neighborhood Engagement Office, the only office in all of City government responsible for public participation processes. Critical to the success of city initiatives is a meaningful, well-planned, and well-executed public participation strategy. The Neighborhood Engagement Office develops, implements, evaluates and improves all public participation strategies across City government, ensuring best practices in engagement that yield better civic participation by Orleans Parish residents.

# Criminal Justice Coordination

## Purpose

The Mayor's Office of Criminal Justice Coordination coordinates the efforts of public and private agencies involved in the City's crime control, criminal justice and victim assistance activities. The office is responsible for implementation and oversight of various programs, including components of NOLA FOR LIFE, Mayor Landrieu's comprehensive murder reduction strategy to tackle the city's historically high murder rate. The office administers, monitors and evaluates state and federal grants to facilitate crime reduction efforts. Additionally, the office acts as the staff of the Criminal Justice Council, which decides the allocation and distribution of criminal justice grant funds for Orleans Parish. These principal duties are coordinated with an eye toward coordination of all public and private efforts in the public safety and criminal justice areas.

- The Office of Criminal Justice Coordination Funds the following offers:
  - **Group Violence Reduction Strategy:** The Group Violence Reduction Strategy, pioneered by criminologist David Kennedy, is designed to address the relatively small number of people who are locked in various group dynamics on the streets, and who are responsible for an overwhelming majority of murders. For those who choose to stop the violence and want support, there is a team providing support services to help them. Those who continue violence will bring unprecedented attention to their entire group from law enforcement including the newly-created Multi-Agency Gang Unit.
  - **CeaseFire New Orleans:** The mission of CeaseFire New Orleans is to stop shootings and killings using street level outreach and community building strategies, engaging those most impacted by violence to take ownership of bringing hope and possibility to their communities. The CeaseFire program operates within a 10x10 block area in the Central City neighborhood of New Orleans.
  - **CeaseFire Hospital Crisis Intervention Team:** Building on the mission of CeaseFire New Orleans, which is to stop shootings and killings using street level outreach and community building strategies, CeaseFire New Orleans Hospital Hospital Crisis Intervention Team will be based in the LSU Interim Hospital, the only level 1 Trauma Center in the region, and provide CeaseFire services for all gunshot wound victims that come to the hospital. They will work with the victims and families to prevent retaliation and refer those individuals at the highest risk for being involved in a shooting or a killing to outreach workers and long term risk reduction-based case management services.
  - **Workforce Re-entry:** Working with community partners, the City of New Orleans will develop a comprehensive reentry strategy to reduce the recidivism rate in Orleans Parish. Through formalized partnerships between key City departments, members of the criminal justice system, business, civic and faith-based communities, the City seeks to develop a reentry strategy and pilot program for reentry employment with at least 100 adult ex-offenders and adjudicated youth participating.
  - **NOLA For Life Days:** From Taylor and Hardin Parks, to East Shore and McDonough Playground, on NOLA For Life Days hundreds of citizens have come together to hit the streets with community groups, city agencies, and the NOPD to clean-up crime hot spots and address issues threatening public safety and quality of life. Volunteers have cleaned up overgrown lots, removed abandoned tires and vehicles, fixed hundreds of potholes and streetlights, and helped paint and renovate public parks.
  - **Core Executive Staff:** Provides services to support the development, implementation, and monitoring of the overall criminal and juvenile justice programs and policies for the City of New Orleans. Includes the oversight of NOLA FOR LIFE initiatives Group Violence Reduction Strategy, CeaseFire New Orleans, Workforce Reentry, NOLA FOR LIFE Days, as well as pretrial services and grant management.
  - **2014 Grants Funded Support for Criminal Justice:** This offer provides for federal and state grant funding for a series of criminal justice programs. Grant funds go to the Office of Criminal Justice Coordination, which then oversees and administers these grants in partnership with other

departments of City government and non-City partners. OCJC meets with the various criminal justice agencies regarding grant programs. It is ultimately up to each agency based on greatest need to use these funds as they determine as long as it is in accordance with all Federal and State regulations. Agencies submit the applications to this Office. Requests are reviewed by staff, voted on by the Criminal Justice Council. Upon receipt of grant awards, the OCJC monitors grants for compliance, and forwards reports to Federal and State to authorize disbursement.

- Domestic Violence and Sexual Assault Program: This offer provides for federal grant funding for three programs that address domestic violence: 1) the Blueprint for Safety project implementing a model policy to improve the criminal justice response to domestic violence; 2) Continued operation of the supervised visitation center, Harmony House, through the Safe Havens award; and 3) multiple domestic violence initiatives and salary support for the Domestic Violence Program Director. We will track the percentage of partner criminal justice agencies that have drafted new Blueprint for Safety policy for responding to domestic violence.
- Pre-Trial Services: The mission of the New Orleans Pretrial Services Program is to better focus limited resources on the prosecution and incarceration of those who pose a substantial risk to the public's safety.

Homeland Security

## Mission Statement

The New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is responsible for coordinating the activities needed to protect the lives and property of its citizens and visitors from natural or man-made disasters. These activities are accomplished in partnership with NOPD, NOFD, NOEMS and the other City departments through a comprehensive program of mitigation, preparation, response and recovery.

One of the Office's main responsibilities is to advise the Mayor, the City Council and other public safety agencies regarding emergency management activities and operations. The Office is also responsible for coordinating with State and federal agencies which respond to city-wide disasters and emergencies. All requests for federal disaster assistance and federal funding subsequent to disaster declarations are made through this office.

## Vision Statement

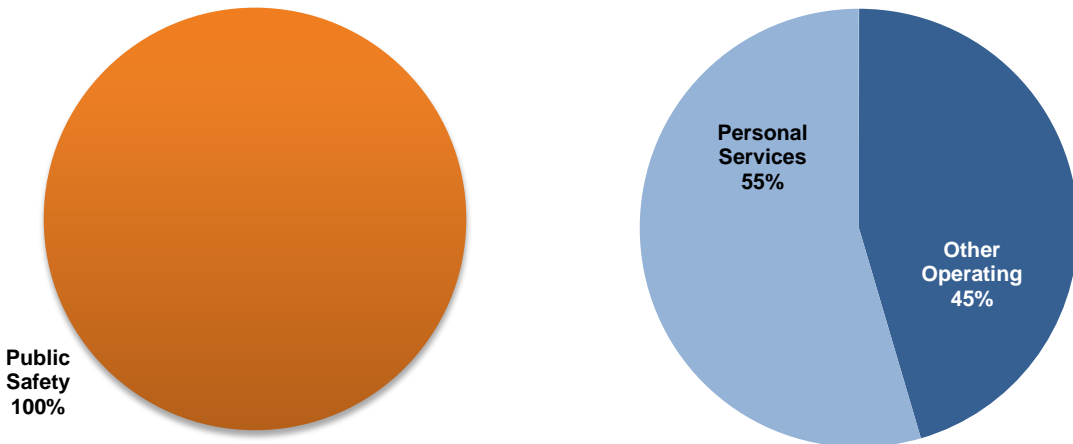

The vision of the New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is centered on placing a greater emphasis towards Homeland Security related issues. This vision will be accomplished by:

- Identifying and protecting critical infrastructure
- Increasing coordination with ports
- Enhancing information sharing within all Public Safety departments
- Improving mitigation efforts for both public and private entities
- Increasing staffing in accordance with national standards and best practices to ensure that proper "Orders of Succession" can be met.

- The Office of Homeland Security and Emergency Preparedness Core Services: General Fund includes 11 staff members directly answering to the Deputy Mayor for Public Safety and Homeland Security. Duties include: protecting the citizens and visitors to New Orleans from man-made & natural disasters; insure the security of large scale events by maintaining communications and coordinating among City agencies and with its federal, state, and regional partners; managing grants; developing and maintaining emergency response plans; and insuring NIMS and ICS compliance.

As the main coordinating public safety agency, OHSEP promotes an overall feeling of safety for citizens and visitors. Staff provides event support to organizations large and small and effectively fosters good relationships to bolster small and encourage the reoccurrence of large events. OHSEP prepares for & mitigates the effects of disasters and plans the operations of large events. Objectives are to minimize the loss of life and property, maintain continuity of government & quickly return the City to normal following disasters or major events. The Deputy Mayor oversees all City public safety agencies allowing for better coordination & also directs operations of other departments during major events.

This offer also funds:

- GIS Specialist/Deputy Director: GIS Specialist is supported by the UASI Grant, which will not be funded '14. The GIS Specialist maintains data on all of the City's critical infrastructure, produces maps to all Public Safety Agencies, & was instrumental in the City's recovery effort following Isaac. This individual contributes greatly during all special events and has been very involved in developing the new debris removal plan. The Deputy Director was funded under EMPG funds which have been greatly reduced this year. The Deputy Director is essential for daily operations as the number of significant events grows and grant spending becomes more cumbersome.
- City Hall Security: The proposal will provide funding for a contract with guards for City Hall. These guards protect elected officials, employees, and citizens visiting City Hall and supplement security planning for large gatherings. For additional security during large gatherings, funding beyond the contract for City Hall would have to be used. This project provides security of City Officials, employees, and citizens conducting business with the City. Recent purchases of an entry way system will reduce some costs of security.
- Fringe Benefits: This proposal will cover a third of the fringe benefits for 2 grant funded positions: operations and fiscal planners. Federal OMV Circular A-87 Revised 5/10/04 (Section 8H4) states

that grants should not pay for costs of non-grant activities. By paying a portion of the personnel costs, the City will be in compliance with federal audit requirements

- **Communications:** The budget offer partially maintains the Tier I and II radio systems, maintains T-1 lines for City Hall and the New Orleans East Tower, and maintains microwave, broadband and radio links. There are currently 9,000 users on the Tier I and II radio systems. Tier I is allocated to public safety agencies and II to other city agencies. The Tier II system allows the coordination of event response among City agencies and provides public safety with a back up radio system. Communications infrastructure must be properly maintained or interoperability is lost. Funding covers repair and services for radios, towers, generators, UPS, and licensing for the system.
- **Homeland Security Grant:** The State Homeland Security Grant Program helps fund the interoperable communications system equipment and a planner. Funding for this grant has been diminishing over the past three years. We use this to fund state-of-the-art emergency alert systems, usable for all hazards notices to citizens and employees. With 2011 and 2012 funds we prepared for the Super Bowl, improved the emergency planning and preparedness for citizen safety, create an effective and survivable interoperable communications network, and prepare for natural and man-made disasters.
- **Urban Area Security Initiative:** The Urban Area Security Initiative Grant (UASI) designates New Orleans as the core city of a 4-parish urban area -- Orleans, Jefferson, Plaquemines and St. Bernard. Funds are allocated to each parish and to the region. The City is the financial agent for the regional funds. The UASI grant provides funding to improve first responder planning, training, equipment, and exercise. The program funds 2 employees.
- **Severe Repetitive Loss:** The Severe Repetitive Loss Grant Program (SRL) is an annually funded (i.e. not disaster specific) FEMA mitigation grant program. The National Flood Insurance Program (NFIP) tracks repetitive flood damage and this program is designed to reduce the risk these properties face from floods. Only residential properties are eligible for the SRL program and the Hazard Mitigation Office hopes to have one two dozen SRL projects underway in any given year, depending on the federal budgeting for SRL.
- **Pilot Planning Grant:** The Pilot Planning Grant Program (PPGP) is a very specific subset of FEMA's HMGP. It is also only available after Presidentially declared disasters. The City currently has one PPGP project approved, from Hurricane Katrina, for the scoping and planning of specific mitigation projects.
- **Hazard Mitigation:** The Hazard Mitigation Grant Program is a FEMA mitigation grant available only after Presidentially declared disasters. The City currently has HMGP projects for Hurricanes Katrina, Rita, and Gustav. This money is awarded to specific project applications for a variety of projects with the express purpose of avoiding or minimizing risk from predictable hazards.

- Vendor Management: Provides funding to allow the City to develop policies and strategies to better collect delinquent accounts across revenue sources and increase the City's vendor management efforts.
- ITI Core Operations: This core offer funds ITI as a tool for employees, citizens, vendors, state and federal agencies. Its services provide critical support to City Hall in delivering on its promise of an open and effective government, public safety, economic development, sustainable communities and improved customer satisfaction. Not funding this offer will result in a loss of all technology services to City government. It allows ITI to deliver services and continue to invest in its infrastructure while providing the applications that customers need. Copiers: Establishes maintenance and support contracts for copiers to ensure that all copiers are maintained at an adequate service level.
- Copiers: ITI supplies multi-function copy/print/scan machines for use in every department at lower costs. Departments with outdated units gain access to replacements copiers through this offer. In an effort to lower the cost of acquiring and maintaining the City's stable of copiers, ITI pursued two strategies: reorganization of copier management and consolidation of suppliers. Through reorganization, we can ensure every copier has a maintenance plan and adequate functionality.
- Enterprise Wide Applications: This offer contains all the applications and services for which nearly all departments and agencies have some business dependency. It represents "lights on," non-discretionary IT spending. Examples include the Internet, telephone service, desktop and mobile email, wired and wireless networking, all Microsoft products including Office, Windows 7 and all Windows Server related software, the nola.gov website, Electronic Contract Routing System, BuySpeed, Great Plains, LAMA, ESRI, etc.
- NOLA311: Citizens benefit from 311 by getting answers to their questions and having service requests initiated. Web based, self-service applications provide additional channels for reporting issues, resulting in issues being reported sooner. NOLA 311's focus on "front-office" work order taking, creates operational efficiencies by allowing functional departments to focus on the delivery fulfillment of its services.

Homeland Security  
(OEP)

## Mission Statement

The New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is responsible for coordinating the activities needed to protect the lives and property of its citizens and visitors from natural or man-made disasters. These activities are accomplished in partnership with NOPD, NOFD, NOEMS and the other City departments through a comprehensive program of mitigation, preparation, response and recovery.

One of the Office's main responsibilities is to advise the Mayor, the City Council and other public safety agencies regarding emergency management activities and operations. The Office is also responsible for coordinating with State and federal agencies which respond to city-wide disasters and emergencies. All requests for federal disaster assistance and federal funding subsequent to disaster declarations are made through this office.

## Vision Statement

The vision of the New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is centered on placing a greater emphasis towards Homeland Security related issues. This vision will be accomplished by:

- Identifying and protecting critical infrastructure
- Increasing coordination with ports
- Enhancing information sharing within all Public Safety departments
- Improving mitigation efforts for both public and private entities
- Increasing staffing in accordance with national standards and best practices to ensure that proper "Orders of Succession" can be met.

- OEP Mobile Hospital: This earmark grant provides funding to equip a mobile medical hospital that can be deployed during large scale events or mass casualty disasters.
- Statewide Generator Program: Statewide Generator Program provides funding for generators in shelter locations and in public safety sites. So far, generators and/or automatic transfer switches have been installed in City Hall, all police stations, all fire stations, and 6 shelter locations. The generators enable citizens and first responders to have safe and functional places to stay and work in an emergency. For no general fund expense, shelter locations and public safety sites are rendered functional and safe in an emergency.
- Emergency Management Performance Grant: The Emergency Management Performance Grant (EMPG) enhances our abilities during Emergency Operations by providing funding for personnel, training, exercise, and equipment. It is unclear at what level EMPG will be funded this year. The State receives the grant and distributes it to the Parishes as it sees fit. They will be keeping the majority of funds because of budget cuts. Best case scenario we will receive \$70,000 which is a significant reduction from last year. In addition to needed supplies this grant was used to provide salary for the Deputy Director, however because of the reductions we will have to make up his salary on the General Fund. The EMPG provides additional funding for NOHSEP for staff, training, equipment, and exercises. With the funding we are better able to prepare for large scale planned events as well as natural and man-made disasters.
- Metropolitan Medical Response System: Metropolitan Medical Response System: The MMRS is an operational system enhancing the coordinated capabilities to respond to a mass casualty incident of any nature. Overall, the MMRS has led to an enhanced state of multi-agency coordination and operation, which include elements such as, but not limited to: HAZMAT response; medical special needs sheltering; mass casualty triage; mass medical prophylaxis in the event of a chemical or biological incident. This grant provides funding for training to NOEMS and vital equipment purchases.
- Cities Readiness Initiative: CRI is designed to enhance preparedness for a in the nation's largest cities, including New Orleans, to respond to public health emergencies. CRI provides technical assistance in order to help develop plans to receive, distribute, and dispense medical assets. Metropolitan Medical Response System: The MMRS is an operational system enhancing the coordinated capabilities to respond to a mass casualty incident of any nature.

- Emergency Operations Center Grant: EOC Grant Program provides funding to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs. This program provides funding for construction or renovation of a state, local, or tribal government's primary EOC.

Law Department

## Mission Statement

The Department of Law: directs and supervises the legal affairs of the City by providing legal advice and services to the Mayor, City Council, Departments, Boards, Commissions and related City entities; represents the City, its officers and employees in civil litigation and oversees the legal services provided by outside counsel; and prepares and reviews ordinances, resolutions, executive orders, contracts, and other legal documents for the City. The Law Department is also responsible for instituting actions to collect unpaid revenue to the City and for enforcing the City Code, Ordinances, and Civil Service regulations. Further, in its role as prosecutor, the Law Department prosecutes crimes in municipal and traffic court as well as prosecutes nuisance bars and restaurants which negatively impact the quality of life before the Alcoholic Beverage Control Board. By minimizing the City's exposure to liability, fairly and economically resolving disputes, and minimizing legal fees and costs, the Law Department provides the highest quality legal representation to meet the present and future needs of the City of New Orleans in an efficient and effective manner.

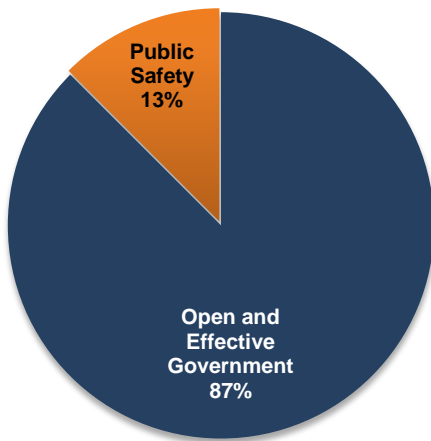

## Vision Statement

It is the duty of the Law Department to protect the rights of the City and our citizens. Our goal is to operate at the highest level of professionalism, effectiveness, transparency, and efficiency to serve our City by ensuring that best practices are employed and the public's interest is protected. The Law Department will accomplish these goals through the vision and leadership of the City Attorney, who employs a complement of highly successful and experienced attorneys with specialized disciplines who are dedicated to protecting the City of New Orleans and our citizens in a just, efficient and ethical manner.

- Law Administration: Law Administration provides legal advice and management for the department. We oversee operations of the entire department on a day-to-day basis. as well as manage the department's finances and personnel needs. We also advise and support the Mayor, City Council, departments, boards, commissions and other City agencies.

- Law In-House: Law In-House provides legal advice and support to the Mayor, City Council, departments, boards, commissions and other City agencies. It also creates written Legal Opinions at the request of the Mayor, City Council, departments, boards and commissions. Law In-House additionally compiles, reviews, and transmits responses to all Public Records Requests submitted to the City.
- Law Contracts: Law Contracts oversees the City's contracting process from start to finish. It works with departments to create tailored contracts for goods and services, reviews all contracts for legality, addresses any issues that arise during the routing process, and responds to questions and concerns from the Mayor before execution.
- Police Litigation: The Police Litigation unit defends the police and the City in police related matters and represents the City in other federal litigation and civil service prosecution and appeals. In federal police litigation cases, the City is exposed to not only damage awards, but also attorneys' fees and costs. Further, the City must pay federal judgments immediately, as City assets may be seized to satisfy judgments based on federal claims.
- Civil Litigation: The civil litigation unit defends the City against all lawsuits, including class actions, personal injury claims, casualty claims, contract and bid disputes, property damage, civil service issues related to multiple City departments, and zoning and other administrative appeals.
- Housing Unit: The Housing Section advises as to CDBG and D-CDBG funded projects. This Section handles all legal matters related to taxation, including ad valorem, sales and other taxes. It oversees the tax sale process and handles all tax related litigation, as well as litigation related to commercial properties and projects.

Fire Department

## Mission Statement

The New Orleans Fire Department (NOFD) will respond to all emergency situations in the City of New Orleans to protect and save life and property. Further, the Department will strive to reduce the incidence of fire and the loss of life and injuries to civilians and fire personnel.

## Vision Statement

The New Orleans Fire Department will explore every opportunity to promote safety awareness and will provide our community with all-hazard emergency services including preparedness, planning, response, and mitigation.

- Fire Administration:** Fire Administration is comprised of the Superintendent of Fire and an Administrative Support Staff. To preserve the public's safety, the Superintendent manages a team of personnel to prioritize workflow; to plan and implement emergency response strategies; and to deploy staffing in the most cost effective and efficient manner. Activities of the support staff include: managing the department's purchasing and budgeting functions; managing all personnel and payroll activities; responding to CAO requests; and providing departmental logistical, planning and technical support. To preserve the public's safety the Superintendent manages a team of operations personnel to plan and implement emergency response strategies; proactive fire prevention, training and the deployment of staffing in the most cost effective and efficient manner.
- Fire Prevention Through Enforcement, Community Interaction, and Education:** This offer funds the divisions of Community Relations and Fire Prevention. Its purpose is to use public education, building code enforcement, and investigative activities to remove known fire hazards, to prevent fire incidents, and to thereby prevent loss of life and property. In an effort to ensure a safer community, the Community Relations Division coordinates ongoing fire education activities at schools, churches, businesses, and other facilities to educate citizens of all ages concerning proactive fire safety and prevention. Fire Prevention takes proactive measures by: performing and coordinating commercial business inspections; ensuring fire code compliance; reviewing building plans; and conducting arson investigations.
- Fire Suppression, Mitigation and Supply:** The Fire Department will work with the OEP to formulate emergency response plans in preparation for major events, weather phenomena, and other natural and man-made threats, and will act expeditiously to implement these plans when required. Funded staffing, supplies

and equipment will be utilized to deliver effective day-to-day emergency services, including medical first responder, fire suppression, haz-mat mitigation, search and rescue services, and proactive fire prevention.

- Airport Suppression: This offer will be utilized to deliver effective day-to-day emergency services, including medical first responder, fire suppression, haz-mat mitigation, and search and rescue services at the Louis Armstrong International Airport.
- Fire Academy Training: This offer funds a Fire Training Academy that provides ongoing training and education to new and veteran members of the department, and to participating outside entities. Members utilize the knowledge and skills developed through continued training to become more effective at preserving citizens' lives and property, and to do so in a manner that does not jeopardize their personal safety or the safety of others. The Training Division has set a plan in motion to obtain Type III Incident Management Team certification and is actively working towards this goal.
- Fire Communications: This offer will provide a team of personnel to receive and dispatch emergency calls requiring Fire Department response, and to aid in coordination during emergency incidents. The Fire Communications Division is a critical component during emergency response because these personnel aid in field communications during emergencies and can relay information about victim locations, potential hazards, and other information needed to successfully protect life and property.
- NASA Suppression: This offer will be utilized to deliver effective day-to-day emergency services, including medical first responder, fire suppression, haz-mat mitigation, search and rescue services, and fire prevention at the NASA Michoud Facility in East New Orleans.
- Fire Pension Systems: This offer funds pension benefits mandated by La. R.S. 11:3361 for fire suppression personnel. As part of a comprehensive benefits package that serves to recruit and retain highly qualified personnel, the pension plan helps the NOFD to keep experienced, knowledgeable staff members on the job to meet public safety needs.

Safety & Permits

## Mission Statement

The Mission of the Safety & Permits Department is to:

- Administer and enforce the Comprehensive Zoning Ordinance, the Building Code, the Electrical Code, the Mechanical Code, and flood plain regulations to ensure compliance with international standards for the construction, alteration, repair, use, occupancy, and demolition of buildings, structures and properties.
- The Mission of the Taxi Cab and For Hire Vehicles Bureau of Safety & Permits Department is to administer and enforce the regulations set forward in Chapter 162 of the City of New Orleans Municipal Code.

## Vision Statement

The Department of Safety and Permits will strengthen its focus on customer service through more efficient internal operations and improved technology. The Department will become more efficient by working to ensure an effective and timely process for administering the permitting process for residents and businesses. The Department will also leverage new computer software to simplify its processes and create greater access to government. The combination of these two priorities will allow the Department to more quickly and efficiently serve the residents and businesses that depend on its services.

The Taxi and For Hire Vehicles Bureau will design and deliver systematic reforms that result in a New Orleans' Taxi and For Hire Industry that is truly "Best in Class," efficiently administer the permitting and licensing of the For Hire Vehicle and Tour Industry, and impartially and competently regulate, enforce, and adjudicate regulations aimed at protecting public and driver safety.

- Core Services: The Department of Safety and Permits is tasked with administration and enforcement of Construction Codes, CZO, regulation of taxicabs & for-hire vehicles, and motor vehicle inspections. The Department has made many strides through implementation of the One Stop Shop and it is our goal to build on those successes in 2014.
- One Stop Shop Core Services: This offer funds One Stop operations providing centralized support for S&P, CPC, VCC, & HDLC. This office has created a single point of intake for trade & business licenses & construction permitting. Services are expanding to include special event permits, routing through 17 departments. The public is provided expedient, friendly, and thorough in-person service & easy to use online services which reduce time and cost to the applicant.

It is anticipated that Safety and Permits will be appropriated an additional \$373,037 not yet reflected in this budget document, from Disaster CDBG funds to ensure its core services and one stop shop are maintained at current baseline levels

Police Department

## Mission Statement

The mission of the New Orleans Police Department is to provide professional police services to the public in order to maintain order and protect life and property. We will identify and solve problems by forming partnerships with the citizens of our community to enhance the quality of life for our citizens and visitors. Our service will be delivered through transparency, accountability, collaboration and integrity.

## Vision Statement

It is our goal to make significant strides in reducing overall crime and making our streets safe for all who live, visit and do business in the City of New Orleans. The reduction of violent crime remains our highest priority. Building new and invigorating existing partnerships with members of our community is critical to our success. We believe that the overall satisfaction of the community we serve assists in heightening the performance and response level of the men and women of our Department. Increased satisfaction and the resulting confidence of the community in the NOPD will result in lower crime rates and more successful prosecution of those persons who committed crime in our community. As a direct result of our recent reorganization and consolidation of departmental functions, we are poised to provide more accountability and efficiency in managing the daily operations of the New Orleans Police Department for years to come.

- Office of the Superintendent: The Office of the Superintendent consists of the Public Information Office, Inspections Section, Compliance Section, Crime Prevention Section, Technology Section, and the Office of Policy and Planning. These sections support oversight to promote transparency, accountability, and trust in

public safety officers. Provides crime prevention and conducts neighborhood watch meetings. Police reports are reviewed for quality assurance, researches technology to enhance the NOPD technological capabilities. Lexipol provides the ability for officers to receive daily training bulletins. This office continues to reform its policies and operational procedures invoking best law enforcement practices.

- **Public Integrity Bureau:** Public Integrity Bureau consists of the following units Administrative Investigation, Professional standards, Professional Performance Enhancement Program, Criminal Investigations, Force Investigation, Officer Involved shooting, and Special Investigations. Public Integrity Bureau is responsible for the impartial and consistent management of the disciplinary process: including the assignment, supervision and review of all disciplinary investigations and hearings, maintenance of disciplinary records, and coordination with outside law enforcement agencies and the Independent Police Monitor. Classes are presented on ethics, leadership, and in-service training throughout the year.
- **Management Services Bureau:** Management Services Bureau manages funding and provides support services for all departmental personnel. MSB has Education/Training, Recruitment, Records, ADD, Budget Services and Human Resources Units. Management Services Bureau ensures that department's officers and employees are able to be effective in crime reduction and able to perform their duties while meeting the highest standards of integrity. The Bureau provides in-service training and recruit training. Assures vehicles are available for patrol. Collaborates with Office of Criminal Justice and other criminal justice agencies to maximize opportunities to obtain federal and state funding, which enhances our efforts to increase public safety and reduce and solve crime. Centralization of these support functions allows for most efficient use of resources.
- **State Police Pension: Contributions for Commissioned Members participating in the Municipal Police Employees Retirement System.**
- **Field Operations Bureau:** The first priority of the Field Operations Bureau is to provide uniformed patrol services throughout the City of New Orleans. The majority of officers under this command are the first to respond to calls for service via eight police districts, Special Operations Division, and the Traffic Unit.
- **FEMA:** FEMA's contribution to various units.
- **Promotions Police Officer II, III, IV:** A continued promotional program is essential to address retention of experienced commissioned personnel.
- **Investigations and Support Bureau:** The Investigations and Support Bureau consists of the Criminal Investigation Division, Specialized Investigations Division and the Crime Lab and Evidence Division. The Primary responsibility of the Investigation and Support Bureau is to investigate major offenses in the City of New Orleans, make arrest and assist in the successful prosecution of offenders. These major offenses are inclusive of homicides, sex crimes, narcotic trafficking, etc. This Bureau works in cooperation with other local law enforcement as well as federal agencies such as the FBI, ATF, US Marshal and DEA.
- **Dedicated Tax Millage:** Revenue generated from dedicated tax collection and distributed yearly between Police and Fire, which is processed through a special annual mid-year payroll run. This offer represents 2013 actual distribution of collections.
- **Federal/State Asset Forfeiture:** Asset Forfeiture coordinates narcotic cases which result in an equitable share of seizures. Asset Seizure Funding is a result of successful prosecution of Narcotic cases. These seized funds are available to enhance departmental crime fighting efforts particularly as it relates to narcotic trafficking. Officers are assigned and work closely with DEA as team members of federal initiatives in combating drug trafficking in the New Orleans area.
- **Police Hiring Recovery Program:** Police Hiring Recovery Program Grant reimburses for officers hired, salary and fringes for the period of (3) three years. There are two (2) current awards and one pending.
- **Forensic Sciences Improvement Act:** Forensic Sciences Improvement Act Grant provides overtime for Crime Lab personnel to perform additional forensic testing beyond employees' normal tour of duty. This program provides overtime to allow the New Orleans Police Dept.'s Crime Lab Unit an expanded capacity to reduce its backlog of forensic firearm cases, through increased firearms test firing, ballistic analysis (bullets and casings) and examinations of serial number restorations.

- STEP (Traffic Enforcement): STEP (Traffic Enforcement) provides for additional overtime hours to enforce traffic laws, DWI, Occupant Protection, Speeding, Motorcycle, Juvenile Underage Drinking Enforcement (JUDE), as well as to conduct Check Points.
- Sexual Offender Registry Compliance: The Sexual Offender Compliance Grant provides overtime for Sex Crime personnel to conduct sexual offender compliance/enforcement checks to assure that offenders are in compliance with all federal and state sex offender laws and requirements.
- Sexual Assault Investigation (Cold Case): Funding provides overtime for NOPD detectives assigned to the Sex Crimes Unit to review and investigate its backlog of unsolved adult sexual assault cold cases. Overtime will provide the additional resources to increase the number of investigations conducted leading to a reduction in its backlog and increase in cold case clearance rates.

Sanitation Department

## Mission Statement

The Department of Sanitation provides solid waste services to the citizens of New Orleans through the collection, disposal and recycling of discarded material in a manner that is safe, efficient, environmentally sound and cost effective. The Department enforces the City's Code and works to eliminate illegal dumping and littering. The Department of Sanitation also provides public education on litter abatement, recycling and other solid waste issues.

## Vision Statement

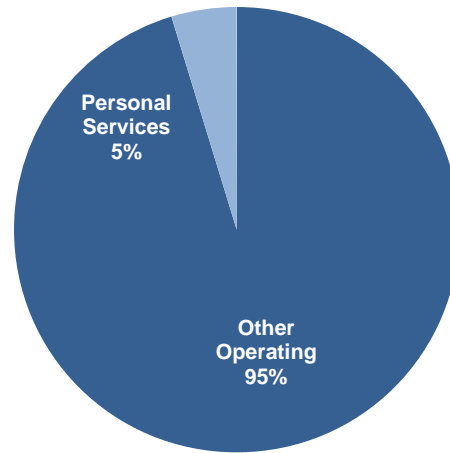

The Department of Sanitation's long term vision is to provide sustainable and cost effective waste disposal and recycling options that will result in a cleaner and safer New Orleans. In support of this vision, the following operational improvements are being implemented:

- Improved collaboration with other City departments to better utilize and align resources that will increase enforcement and support blight removal efforts
- Expand recycling options citywide for residents and businesses in order to reduce the volumes sent to landfills and produce revenues to assist the City
- Continue to implement cost saving practices such as conducting weight load analysis of transports, reductions in supplemental dumpster usage, installing solar powered public litter cans capable of compaction and increasing the usage of Community Service and Job 1 workers.

- Essential Public Health: NOHD is a boundary-spanning department that facilitates, links, and leverages resources in order to assess health status, use data to impact policy and spearhead initiatives to improve health outcomes and help people achieve their full potential. NOHD leads innovative programming and partnerships to improve access to health care, prevent spread of disease, provide health education, enhance

access to healthy nutritional options, and create a safe environment for people to work and play through rigorous assessment and policy development

This offer also funds the following offer in the Public Safety Result Area:

- **Domestic Violence and Sexual Program Director:** The Director will support the City in developing a vision to reduce domestic violence and sexual assault, focusing on leveraging the funding that goes through the city to address family violence in support of the city's overall public safety and community goals. The Director would increase the effectiveness of the City's investments by fostering a coordinated community response to domestic violence (adapting the internationally recognized "Duluth model"), establishing a Sexual Assault Response Team, and assisting with the NOPD in implementing the training, policy development and community involvement that are a part of NOPD's commitments to eliminate gender-biased policing.
- **Health Care for the Homeless:** Health Care for the Homeless (HCH) is a federally qualified health center (FQHC) dedicated to providing comprehensive primary care services to homeless persons in the City of New Orleans and surrounding parishes for over 20 years under the direction of the City of New Orleans Health Department. HCH is the only health provider in this region that provides services specifically for this population and is 1 of 5 organizations in Region 1 designated as a FQHC.
- **Special Grants and Projects Initiative:** The Health Department seeks out various grant funds and programs to build capacity and enhance our ability to serve the citizens of New Orleans under our core projects related to Violence and Behavioral Health, Healthy Lifestyles, Family Health, FitNOLA and Healthcare Access. The funding also includes a HRSA equipment grant which will be utilized to purchase equipment for the New Orleans East Hospital Project.
- **Healthy Start:** Healthy Start provides services to pregnant women and families with children under the age of 2. Its mission is to decrease infant mortality rates and improve poor birth outcomes by addressing medical and social issues through community based activities. Healthy Start provides services after evaluation of the family needs through the family support plan.
- **Safety Net Services - HIV/AIDS (Ryan White Program):** This offer provides necessary access to HIV/AIDS treatment for eligible Persons Living with HIV/AIDS in the New Orleans Metropolitan Area. Services are provided by qualified AIDS Service Organizations, hospitals, and clinics.
- **National Forum On Youth Violence:** This offer is a grant to join the National Forum on Youth Violence Prevention. With the Forum's support, NOHD will expand efforts in violence prevention by implementing the NOLA FOR LIFE PLAYbook, a strategic framework for preventing youth violence.
- **Family Health – Women, Infants, and Children:** The Women, Infants, and Children (WIC) Program is a supplemental nutrition program. It is one of the largest food assistance programs in the United States of America. The WIC Program provides participants with supplemental foods, nutrition education, breastfeeding support, and referrals to other health and social services. Its goal is to improve birth outcomes, support the growth and development of infants and children, and promote long-term health in all WIC participants.

Health – Emergency  
Medical Services

## Mission Statement

The mission of New Orleans Emergency Medical Services is to provide the highest quality pre-hospital emergency care to individuals living in and visiting New Orleans. As public servants, our sense of purpose will be reflected solely in our time sensitive, medically sound and respectful, compassionate delivery of this pre-hospital care.

## Vision Statement

Our vision remains to provide cutting edge patient care for the citizens and visitors of New Orleans while remaining a viable and strong revenue center for the City.

- Core Budget: New Orleans EMS provides pre-hospital medical care and first response to the citizens and visitors of New Orleans. As the second leading 911 call volume responder, any decrease in our personnel budget would decrease services that our city is currently receiving. As the population increases so does the EMS call volume and Unit Hour Utilization requiring more ambulances to meet the response demand. In 2010 the mayor and CAO approved an increase in EMS staffing to combat extended response times. From 2010 to today call volume has increased 18%

- Youth Study Center: YSC has the chartered responsibility to provide safe, secure detention for youth who have been arrested and charged with a criminal offense. Youth participate in educational programming, recreational activities, life skills development, and group counseling services and have access to medical, dental and mental health care. The new Juvenile Justice Center will allow us to more fully implement Evidence Based and best practices for juvenile detention centers and meet all of the Louisiana Juvenile Detention Licensing Standards. This offer will allow us be fully staffed and operational in the new facility. YSC continues to work in partnership with stakeholders to reduce the use of detention. This also includes grant funds secured from FEMA for contents lost and damaged during Hurricane Katrina will be used to furnish the new Youth Study Center building when construction is completed around the end of 2013.

- Director's Office: Finance oversees all financial resources of the City, including all accounting, purchasing and bond activities. In 2014, Finance will continue to leverage technology to improve efficiency, reduce costs, and streamline processes that affect citywide services.
- Parish Transportation Fund: Supports the City's legal obligation of the PTF-Transit, which is the pass through account for state/parish transit.
- Bureau of Accounting: Coordinates and prepares the City's Comprehensive Annual Financial Report and the Single Audit Report in accordance with Generally Accepted Accounting Principles, prepares and presents Monthly Financial Statements to the Mayor, City Council and other requesting entities, administers payroll functions and assists departments with ensuring timely vendor payments.
- Business Tax Collection: The Bureau of Revenue provides business registration and tax collection services which generate 35% of all GF (\$179M) revenues collected by the CNO. Sales tax collected by the BOR on behalf of OPSB and RTA (50% of general sales tax total collections). Hotel Privilege Tax collected on behalf of NOMTC. Sales tax audits performed to identify uncollected revenues. Registers approximately 5,200 new businesses and services 17,000 walk-in customers annually. Field agents conduct compliance checks on all registered businesses to ensure accurate reporting of sales tax, license and permit regulations.
- Cash Management/Tax Administration: Cash Management will provide a mechanism for ensuring that the City meets its financial obligations. Tax Administration will ensure that all property tax revenue is billed, collected and distributed. All will be done in conjunction with the resources provided.

- Procurement: Allows the City to maximize purchasing value to the fullest extent possible in the procurement, management, control and disposal of any and all supplies, services and construction procured by the City. By modernizing the procedures pertaining to contracting by streamlining procurement through the development of fiscally sound policies and procedures as well as holding open meetings for professional services procurements, this division provides citizens with a voice, visibility and access to the procurement process.
- City of New Orleans Employees' Retirement System - CORE: The Retirement System Office administers the retirement plan for all civilian City employees and associated agencies via the New Orleans Municipal Employees Retirement System.

Property Management

## Mission Statement

The mission of the Department of Property Management is to:

- Acquire and record properties for City use
- Maintain and perform custodial functions of building equipment and facilities
- Assign space to departments based on need
- Have custody of all immovable property (Building and Land) owned and/or operated by the City.

## Vision Statement

The Department of Property Management’s long term vision is to provide excellent service to all City departments, become a more efficient City department with less reliance upon outside vendors and more reliance upon our internal employees and become a training center for various trades by partnering with local trade and technical schools.

- Director's Office: The Director's Office/Administrative Division of the Department of Property Management provides leadership, authority, and structure needed for the proper function of its program components. This office is responsible for the operation and maintenance of all City buildings and other properties. The Director's Office controls and monitors all 100 and 200 budgetary functions/expenditures and personnel functions to insure that all funding is maximized in its use to maintain City buildings.
- Facilities Maintenance: This offer will address increase customer satisfaction and citizen confidence in government by providing clean/safe facilities which serve the public and City employees. The Facilities Maintenance Division of the Department of Property Management maintains, repairs, refurbishes, cleans city-owned buildings, and keeps HVAC systems in good working order. This program contributes the key elements in accomplishments of the department's mission by serving public facilities in accordance with demands of the charter of the City.
- Facilities Maintenance Administration: The Facilities Maintenance Administration Division of the Department of Property Management contributes the third most important element in the accomplishment of the department's mission. The Facilities Administration operates public facilities for charge, which provides space for meetings, celebrations, the performing arts, services for the elderly/indigent, and burial of the dead.

- Streetlights: The City anticipates that an additional \$14.6 million, not yet represented in this budget document, will be appropriated for FY 2014 to the Department of Public Works to construct, maintain, and repair streetlights in the area of the City served by Entergy New Orleans. These funds represent credits due the City for Rough Production Cost Equalization Adjustments ("Remedy Payments") presently being held by Entergy New Orleans in an interest bearing account pursuant to Council Resolution R-13-162. The performance measures contained in this budget document are based upon these funds being made available to the Department of Public Works.
- Engineering and Administration: This offer funds the leadership, management oversight, and administrative and logistical support for the department in the execution of its missions. Administers the roadway capital program, to include program and project management, engineering technical design and review, contracting, and construction management. Responsible for coordinating with other public engineering agencies, managing emergency operations support, publishing design guidelines and standards and issuing sidewalk café and pavement cut and sidewalk cut permits.

- **Maintenance:** Provides project and construction management and maintenance of the City's streets. This work includes minor asphalt street pavement patching, the grading of alleyways, re-establishment and/or maintenance of the surface drainage system, to include minor ditching and grading of unimproved roads and public rights-of-way, inspection of service cuts in streets and sidewalks, inspection and cleaning of clogged drainage catch basins and drainage lines using in-house staff and equipment, supplemented with contractor-provided supplies.
- **Traffic Engineering:** Provides traffic engineering and management support for the City. Will fund one traffic engineer to review permits for over-sized trucks, construction zones, filming, and other special events within the public right of way, conduct traffic studies, review/development of traffic control plans, to manage the maintenance and operation of the City's traffic signal system, and to oversee the installation and maintenance of all traffic signs within the City. Offer will fund three technicians to perform minor repairs on traffic signal/school zone flashing beacons and to pick-up knocked down traffic signals. Will also fund one sign maker to make traffic signs and three one-man sign repair teams.
- **Parking Enforcement:** Provides curbside management of the City's approximately 4,130 metered parking spaces and enforcement of parking regulations, to include the management of the City's Residential Parking Permit Program, development of parking policies and regulations, removal and disposal of abandoned vehicles while maintaining compliance as a State Licensed Storage Facility and conducting periodic abandoned vehicle auctions.

# Parks and Parkways

## Mission Statement

The mission of the Department of Parks and Parkways is to efficiently and effectively manage, develop, beautify, preserve and protect approximately 2,000 acres of public green space, including neutral grounds, parks, historic sites, playgrounds, two golf courses and approximately 500,000 public trees.

## Vision Statement

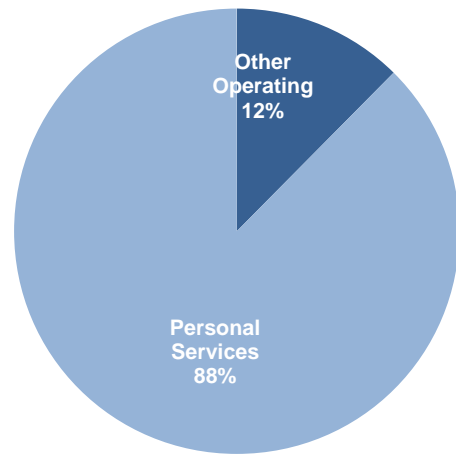

The Department of Parks and Parkways has a long-term vision for restoring its base operations through more efficient staffing, increased utilization of technology and greater collaboration with partners outside of City government that will result in the following expected outcomes:

- Strengthen partnerships with the private sector, community groups and volunteer organizations
- Continue reclamation of public green space
- Research and implement cost saving measures for public space maintenance and enhancement
- Create a mulching program in order to protect the City's investment in trees and reduce the amount of landfill waste.

## Performance Measures

- Management, Planning and Operations: The Director's Office (including Administration, Operations and Planning & Design) guides and directs the Parks and Parkways' programs, staff and services; and is also responsible for the preparation and submittal of the department's operating and capital budgets.
- Grounds Maintenance Operations: The Grounds Maintenance Division is responsible for maintaining the turf and shrubs, and for the removal of litter from parks, neutral grounds, public buildings and green spaces. Per Chapter 17 of the City Charter, Parks and Parkways is responsible for the maintenance and embellishment of 2,000 acres of public space - with newly renovated sites (parks, libraries, medians and Police stations, etc.) constantly coming online.
- Urban Forestry Operations: The maintenance and preservation of the city's fragile urban canopy is a core aspect of this department's mission that contributes to enhanced public safety, better citizen/ customer satisfaction and lessens municipal liability exposure. When possible Parkways works with federal and state agencies or community groups on green space initiatives and projects; but the department is otherwise solely dependant on the City's general fund.
- Golf Course Operations: Funds the maintenance and upkeep of the recently fully-renovated Joseph M. Bartholomew Memorial Golf Course in Pontchartrain Park including all personnel, supplies and equipment associated with green-side operations (including golf cart and course mowing equipment leasing) as well as the club house staff.

New Orleans Public  
Library

## Mission Statement

The New Orleans Public Library inspires the individual and enriches the community through access to information, resources, technology and programming that is delivered by knowledgeable and creative staff.

## Vision Statement

The Library's vision is deeply rooted in our mission to be a source of information, inspiration and enrichment to our community. Our focus over the next three years is to increase usage through improvements in programming, collection and technology. These three elements are essential to a viable library system.

Historic District Landmarks  
Commission/  
Vieux Carré Commission

## Introduction

As part of the permitting reform effort, the Vieux Carré Commission and the Historic District Landmarks Commission will work to share resources and consolidate operations.

## Mission Statement

**Historic District Landmarks Commission:** The mission of the HDLC is to promote historic districts and landmarks for the educational, cultural, economic and general welfare of the public through the preservation, protection and regulation of buildings, sites, monuments, structures and areas of historic interest or importance within the City of New Orleans. The HDLC safeguards the heritage of the City by preserving and regulating historic landmarks and districts which reflect elements of its cultural, social, economic, political and architectural history in order to:

- Preserve and enhance the environmental quality of neighborhoods
- Strengthen the City's economic base by the stimulation of the tourist industry
- Establish and improve property values
- Foster economic development while managing growth.

**Vieux Carré Commission:** The mission of the Vieux Carré Commission is to protect, preserve and maintain the distinct architectural, historic character and zoning integrity of the Vieux Carré as mandated by the Louisiana State Constitution, the City Charter, the City Code and the Comprehensive Zoning Ordinance.

## Vision Statement

**Historic District Landmarks Commission:** In the coming years, we see both the mission and the duties of the HDLC being recognized as integral to the missions and duties of other departments such as the City Planning Commission, Safety & Permits, Economic Development, Environmental Affairs, Capital Projects and Code Enforcement. Recognizing that New Orleans' past is a key piece of our future will allow the integration of historic preservation into other municipal processes. This integration will allow the City to provide property owners, businesses and developers with a clear and unified vision of what can and will be approved.

**Vieux Carré Commission:** The Vieux Carré Commission regulates exterior modifications to the French Quarter's built environment to ensure that the district's architectural and historic resources are protected. Going forward, we envision an agency that is more proactive in carrying out its mission, offers better outreach and education to its constituents and effects positive change in blight reduction and violation enforcement in this important cultural district and prominent tourist attraction.

- Core Services: The City Planning Commission (CPC) is a nine member board whose mission is to provide high-quality customer service while protecting the health, safety and welfare of New Orleans residents. The CPC is mandated by the Charter to focus on issues related to the use or development of land. Each year the CPC reviews more than 500 land use applications. In the past, the CPC has effectively used its funds to regulate land use and encourage vibrant neighborhoods.

It is anticipated that the City Planning Commission will be appropriated another \$141,190, not yet reflected in this budget document, from Disaster CDBG funds in order to maintain its current baseline of operations.

Mosquito, Termite &  
Rodent Control Board

## Mission Statement

The mission of the Mosquito Termite and Rodent Control Board is to:

- Administer and evaluate mosquito control activities
- Monitor the populations of disease and virus transmitting mosquitoes and consult with appropriate authorities.

The Administrative Office has additionally assigned the Board the duties of rodent, termite and structural insect control under additional programs.

## Vision Statement

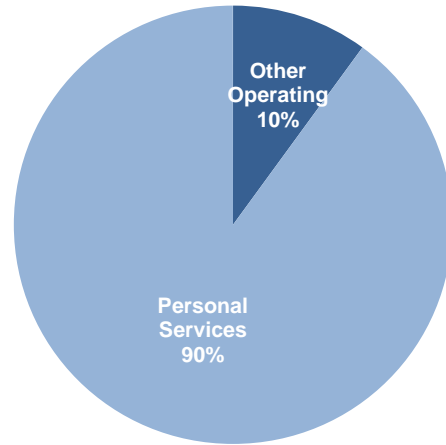

The City of New Orleans Mosquito and Termite Control Board has constructed a new administration building to our new state of the art facility that houses our administrative, supervisory, technical and field staff in the same building and improves the department's efficiency and productivity. We will continue to offer the citizens of New Orleans quality mosquito and rodent control services. Our department practices integrated pest management and places an emphasis on reducing the conducive conditions that lead to mosquito and rodent infestations. Our department will continue to expand termite services we offer to the City of New Orleans and to the general public. Each year we continue to expand pest control services in City facilities. Our highly trained and licensed staff inspects, treats and maintains the pest control services at City facilities.

In addition, we will continue geo-databasing data as it relates to mosquito surveillance, mosquito control efforts, termite and rodent control management strategies. We utilize GIS methodology to increase operational efficiency by providing enhanced services to the public with the available budget and increasing the technical capability of the employees.

- Summer Youth Employment Program/Office of Workforce Development: The 2014 Mayor's Summer Youth Employment Program will provide quality summer experiences for local youth ages 14-21. Experiences focus on creating a career- ready workforce. Programs are designed to have long-term impact on each participant. Youth earn a much needed paycheck and, equally as important, gain experience that help them refine and advance their career goals. It is anticipated that this program will receive another \$350,000 in CDBG program income, not yet reflected in this budget document, to be made available by the State of Louisiana.
- Essence Music Festival: The Essence Music Festival is an annual music festival celebrating contemporary African American music and culture. It is the largest event celebrating African American culture and music in the United States. This offer requests funds to ensure that the City can provide the necessary services to ensure that this major economic driver can continue to be a source of revenue, and pride, for the City's merchants and residents.
- Regional and National Partnerships: Provides funds for City participation in various national organizations. This encourages cooperation and exchange of ideas and resources between the City of New Orleans and various national organizations.
- Arts Council of New Orleans: Provides funding for the Community Arts Grants that fund new applicants each year connecting many grantees and cultural providers to other funding opportunities and resources, matches local individuals with job opportunities and promotes the offerings of the New Orleans cultural community to a wide audience.
- Tax Increment Financing: Funds all tax increment financing efforts for the City.
- Mayor's Military Advisory Committee: Provides funding to the group responsible for advising the Mayor on military issues and operations.

- NORDC Administrative: This offer funds the administration of NORDC, including all executive functions, human resources, risk management, marketing, communications, procurement, contracts, personnel/payroll, fleet management, volunteer management, facility rentals, budgeting, neighborhood engagement, and strategic planning. Office supplies, security (other than football), technology, and drug screens for all of NORDC are funded through this offer.

- **NORDC Aquatics:** NORDC currently operates 2 year-round indoor swimming pools and 11 outdoor pools that operate only in the summer. Each pool will be staffed with Red-Cross certified lifeguards, and supplied with all necessary safety equipment. Year round pools offer free swim and senior aerobics; summer pools will offer swimming lessons, free swim to the public and prioritized access for NORDC's 3,700 youth campers. With CDBG funding summer programming will include swim classes by a Red Cross certified Water Safety Instructor at each pool, and overnight security.
- **Maintenance:** Basic maintenance funded by this offer includes staffing and supplies to provide existing facilities janitorial services, lighting for safety and programmatic needs, trash collection and removal, grass cutting, plumbing and HVAC repairs, building maintenance, and the ability to respond to public health and safety issues.
- **NORDC Programming:** NORDC provides year-round Athletic, Youth, Teen, and Cultural programming to residents of all ages. This offer funds athletics administrative staff, and a part-time employee at each of our 34 active playgrounds, which depending on amenities may host baseball, softball, football, flag football, volleyball, cheerleading, basketball, soccer and track. Cultural programs include piano, band, ballet, Brazilian dance, aerobics, and senior activities. Youth and Teen staff plan and manage educational, recreational, and cultural summer programming for over 4,000 campers, and manage school-year partnerships to extend programming year-round.
- **NORDC Recreation Centers:** NORDC currently operates 6 recreation centers and two tennis complexes. This offer funds basic staffing needs for existing facilities, with two people on duty 80% of the time, one person on duty 20% of the time, six days a week. It also funds janitorial, building maintenance, and recreational/educational supplies to support structured and unstructured activities for residents of all ages. This offer enables the majority of NORDC structured programming, and the accessibility of safe, recreational community space.

Service & Innovation

## Mission Statement

The mission of Service and Innovation is to work toward and deliver in three areas:

- Stabilize the technology and network infrastructure for the City of New Orleans
- Drive innovation and performance improvement to enhance the delivery of all City services
- Increase the availability of information to improve decision making for City employees as well as for the citizens of New Orleans.

## Vision Statement

The roadmap to push Service and Innovation towards true transformation has been defined to include the following actions:

- Stabilize the environment
- Build foundation
- Create value-added services
- Innovate

Success in supporting the delivery of City services will be defined by:

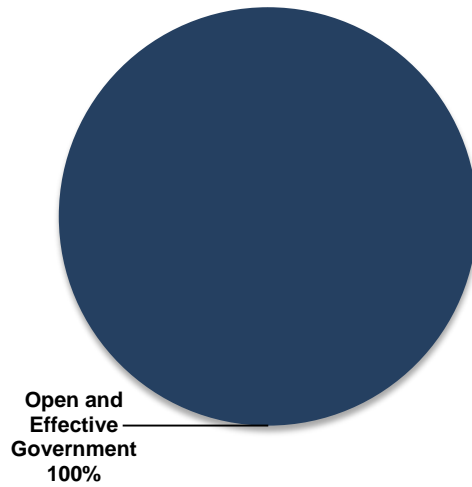

- No major service outages
- Proper customer expectations
- Positive customer satisfaction
- Flawless execution and good project management.

- ITI Core Operations: Covers cover costs associated with salaries and benefits for the Service and Innovation team. For FY 2014 all unclassified employees within ITI are contained in this organization code; some of these employees were originally budgeted in the Chief Administrative Office in FY 2013 until an ordinance moved the positions and funding into this code mid year.

Office of Performance  
& Accountability

## Mission Statement

The mission of the Office of Performance and Accountability is to utilize the analysis of performance data to make better policy decisions, to drive operational improvements, to foster transparency in how City government is performing, and to promote accountability for delivering results to citizens.

## Vision Statement

Success is a radically more effective, open, and smarter government where all employees are motivated to continually improve performance.

- Office of Performance and Accountability: Funds the City's primary office in charge of overseeing the City's performance management system. The mission of the OPA is to promote better services by utilizing data to: develop operational improvements; make better-informed policy decisions; foster transparency in how City government is performing; build trust in government; and promote accountability for delivering results to citizens. The OPA is responsible for producing the quarterly ResultsNOLA report, which tracks the key performance indicators for every department. OPA also organizes five monthly public "STAT" programs to improve coordination, performance, and accountability in key cross-departmental issues, such as blight reduction; quality of life issues; procurement, contracting, and payables; customer service; and revenue collection and cost containment.

Office of Community  
Development

## Mission Statement

The mission of the Office of Community Development (OCD) is to provide economic opportunities, quality housing and suitable living environments particularly for persons of low and moderate income to improve their quality of life.

## Vision Statement

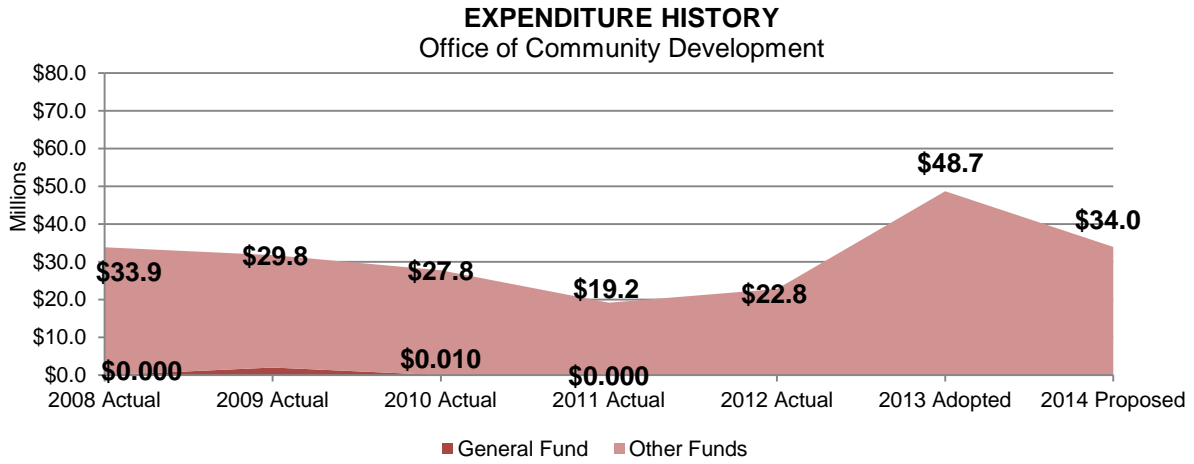

In order to achieve this vision, the Office of Community Development will assist in the eradication of blight as well as the improvement of road and facilities infrastructure. OCD will be proactive in the reduction of homelessness as well as providing suitable housing for residents. OCD is also committed to increasing the job and cultural opportunities for the City's youth.

- **Emergency Solutions Grant:** The purpose of the ESG program is to assist individuals and families quickly regain stability in permanent housing after experiencing a housing crisis or homelessness. ESG funds are available for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and data collection through the Homeless Management Information System or HMIS. All components are essential for a best practice system to end homelessness and support sustainable communities.
- **Housing Opportunities for Persons with Aids (HOPWA):** The Housing Opportunities for Persons With AIDS (HOPWA) Program is the only Federal program which provides funding for housing subsidies for low-income individuals living with HIV/AIDS. This program recognizes that safe housing is essential to the health of individual living with HIV/AIDS. To that end HOPWA funds Permanent Supportive Housing transitional shelter, short term rental and utility assistance, and essential housing case management services. The Office of Community Development funds non-profit agencies that serve persons living with HIV/AIDS over a 7 parish area.
- **State Emergency Solutions Grant Program:** The purpose of the ESG program is to assist individuals and families quickly regain stability in permanent housing after experiencing a housing crisis or homelessness. ESG funds are available for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and data collection through the Homeless Management Information System or HMIS. All components are essential for a best practice system to end homelessness and support sustainable communities.
- **Shelter Plus Care:** The program provides permanent rental housing subsidies to disabled individuals experiencing homelessness and their families. Essential case management services equal to the amount of the rental assistance is provided through collaboration with service providers.

It is anticipated that at least \$800,000 of the proposed allocation of regular CDBG funds for NORA can be replaced with program income from the State of Louisiana, making it possible to reallocate \$450,000 to Code Enforcement for additional inspectors and title research staff as well as \$350,000 to the Mayor's summer youth employment program. These changes are not yet reflected in this budget document.

District Attorney

## Mission Statement

The mission of the Orleans Parish District Attorney's Office is to represent the State of Louisiana and the citizens of Orleans Parish by prosecuting violations of State criminal statutes. The District Attorney advocates for victims of crime and upholds justice by prosecuting and investigating cases in an ethical, honest and just manner. The performance of the District Attorney's Office directly affects the Public Safety result area.

The Orleans Parish District Attorney's Office is responsible for providing fair, effective and efficient prosecution of offenders of the law. The Office protects public safety and preserves the interest of justice. The Office must be responsive to the needs of victims, witnesses, children in need, law enforcement agencies and the community at large. The District Attorney is an elected official and therefore is not directly accountable to the Mayor. However, the District Attorney does receive City funding to operate the Office.

## Vision Statement

In the coming years the District Attorney's office will continue to rebuild the public's confidence in the District Attorney's office and criminal justice system, by not simply maintaining progress already achieved, but by enhancing the core services provided – convicting more violent felons and providing more and better Diversion options and Victim Witness services. The first priority of the District Attorney's office is to represent the interests of the City of New Orleans in criminal proceedings in Orleans Parish and to get the violent offenders who threaten our safety, our recovery and our very way of life off our streets. During the last 21 months the District Attorney's office has significantly increased case acceptance rates, violent felony conviction rates, as well as the overall number of defendants pleading guilty. The District Attorney's Diversion and Victim Witness programs are servicing hundreds of individuals who otherwise would receive no assistance. Cooperation and collaboration between the District Attorney and other criminal justice agencies, especially the New Orleans Police Department, has also significantly improved. During the coming years the District Attorney's office will continue this positive momentum and serve as one of the catalysts enhancing the quality of life in New Orleans.

The core operating expenses for the District Attorney includes the following divisions:

- **Administrative Division:** The Administration Division of the District Attorney's Office consists of the executive supervisory staff– the District Attorney, First Assistant, and Chief Operating Officer, and the following: Public Information Officer, Human Resources Supervisor, Technical Services Supervisor, Office Accountants, Asset Forfeiture Attorney, Closed Records Supervisor, and clerical staff members. Personnel in this division manage the day to day operations of the District Attorney's Office.
- **Investigations Division:** The Investigations Division interacts with every division of the office. The division is composed of civilian investigators. Each year the investigators perform thousands of activities in support of attorneys investigating and preparing cases for trial.
- **Trial Division:** The Trial Division is responsible for the prosecution of criminal cases. It is in this Division where cases are resolved via plea or trial. Attorneys in the Trial Division are assigned to each of the twelve sections of Criminal Court.
- **Juvenile Division:** The Juvenile Division evaluates complaints against juvenile offenders. Division attorneys prosecute juvenile offenders charged with delinquency acts that would be considered criminal if committed by an adult.
- **Diversion:** The Diversion program is a voluntary program to provide an alternative to prosecution for eligible non-violent offenders with limited arrest histories. Individuals accepted into the program are offered intervention through drug rehabilitation/educational programs, client monitoring, and regular drug testing. Referrals are made by a Diversion Screening specialist from accepted cases. Juveniles are accepted into the program when recommended and referred by Juvenile Court.
- **Appeals Division:** The Appeals Division represents the Office in appeals to the Louisiana Fourth Circuit Court of Appeal, Louisiana Supreme Court, and the Appellate Division of Criminal Court. The Division also responds to federal habeas applications filed in the United States District Court, as well as appeals of those cases to the United States Court of Appeals.
- **Victim Witness Division:** This Division provides services to victims of violent crime, domestic violence, and sexual assault. Services include counseling, referrals to other agencies, and assistance with basic necessities– such as food and temporary shelter. This program is unique and does not duplicate services by any other organization.
- **CMST/Screening Division:** This Division is the intake point for all new state prosecutions in Criminal and Municipal Court—projected to exceed 9,000 in 2014. Attorneys review and coordinate screening decisions regarding crimes of violence and cases to be submitted to the Grand Jury. Attorneys from this division staff Magistrate and Municipal Court Clerical staff process paperwork attendant to thousands of cases handled each month.
- **Data Systems:** Personnel assigned to this division are responsible for maintaining the case tracking system of the Orleans Parish District Attorney's Office.

- Economic Crime Unit: The Economic Crime Unit of the Orleans Parish District Attorney's Office handles "White Collar" crime complaints. Generally, these crimes involve worthless checks, general economic crimes, and contractor fraud. Personnel in this unit receive the complaints, investigate the allegations, perform the charge screening function, cause arrest warrants to issue, and, in some cases, prosecute accepted charges.

- Administration: The Public is guaranteed expert professional and honest involvement and oversight in determination of cause and manner of death. A Board Certified Forensic Pathologist will perform the autopsy and a Board Certified Forensic Pathologist with over 15 years experience will review, and classify and consult on all deaths.
- Investigations: Responds to Death Scenes; provides information ascertained during investigations. Assists Pathologist with history and pertinent facts surrounding death. Makes positive identifications and notifies families or next of kin. Overtime required allows for complete coverage 24 hours a day 365 days a year. Expert investigations combine knowledge, footwork, science, and intuition. The fusion of these attributes will assure public of accuracy. Families will be comforted in knowing that the investigations are precise, no matter what psychosocial obstacles were present. This will eliminate uncertainty for families or next of kin.

Juvenile Court

## Mission Statement

To provide a court of excellence for children, youth, and families by enforcing the Louisiana Children’s Code.

## Vision Statement

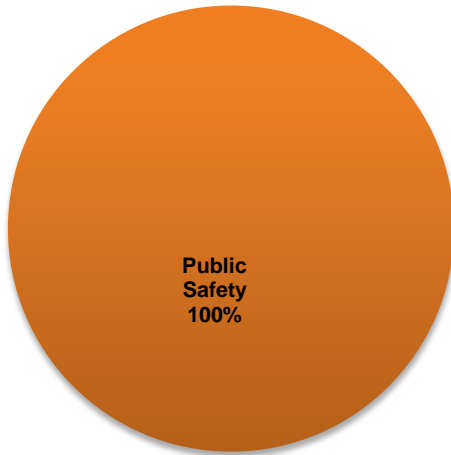

The long term vision of the Judges of the Orleans Parish Juvenile Court (OPJC) is to become a “court of excellence” which effectively and efficiently hears and disposes of cases that are brought in the areas of abuse and neglect, adoption, child support, delinquency, juvenile traffic offenses, terminations of parental rights, voluntary transfers of custody, voluntary surrenders and other miscellaneous matters.

- Constitutionally Mandated Personnel: Orleans Parish Juvenile Court (OPJC) is a state district court of specialized jurisdiction operating under the Parochial Branch of City government. OPJC enforces the U.S. Constitution and applicable federal laws, the Louisiana State Constitution and laws, including the Children's Code. This offer provides Administrative Services, Clerk's Office and Judge's personnel to support the judge in the processing of cases of delinquency, a child in need of care, Families in Needs of Services, Child Support, Traffic and Adotion.
- Reception, Resource and Skill Center: Provides further support to Orleans Parish Juvenile Court in achieving its constitutionally mandated functions. The over arching goal is to provide information to assist the Judges in making sound decisions, holding youth accountable, connecting them to appropriate services and protecting the public. The RRSC uses evidence-based programs focusing on prevention, intervention and rehabilitation.

Of the general fund total proposed for Juvenile Court, \$1 million in funding will be contributed to the city's general fund from the Court's Judicial Expense Fund surplus.

- Municipal Court Core Services: Supports the constitutionally and statutorily ordained court under the Louisiana Constitution and Louisiana Revised Statutes Title 13, Section 2491 et sequitur. Similarly, the court is codified within the New Orleans City Code under Chapter 50 et sequitur. Both State and City legislations extend the jurisdiction of this court to all violations of the ordinances of the City except traffic violations.

The Landrieu Administration will be proposing an ordinance that will allow the Municipal Court to transfer the balance in its Building and Maintenance fund to its Judicial Expense Fund in order to use these funds to support the personnel and operating costs of the court.

Traffic Court

## Mission Statement

The mission of Traffic Court is to adjudicate violators of City of New Orleans traffic ordinances and state traffic laws.

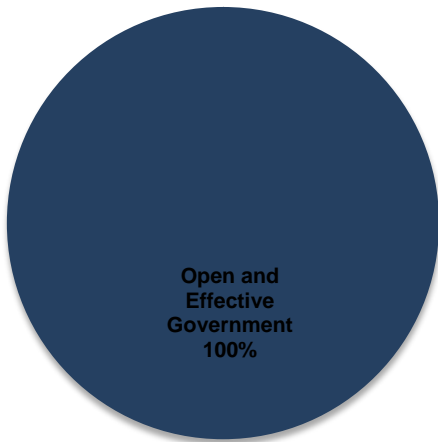

## Vision Statement

New Orleans Traffic Court processes and adjudicates traffic violations issued by the New Orleans Police Department and other policing authorities for violations of City ordinances and State law within the City of New Orleans. The implementation of recent technological upgrades will allow the Court to improve its overall efficiency, and especially in the areas of customer service, case and record management, and collections.

Criminal District Court

## Mission Statement

The purpose of Orleans Criminal District Court is to interpret and uphold the law and constitutions of Louisiana and the United States; to maintain an orderly society, and to garner public trust and confidence by administering justice in a fair, impartial, timely, efficient, effective and accessible manner.

The duties of Criminal District Court are described in the Louisiana Constitution, Article VII, Section 82:85, and in Louisiana Revised Statutes 13:1338 through 1343.

The goal of the Court is to prosecute all crimes, misdemeanors and/or felonies, as well as other offenses committed within the Parish of Orleans, in which jurisdiction is not vested in some other court.

## Vision Statement

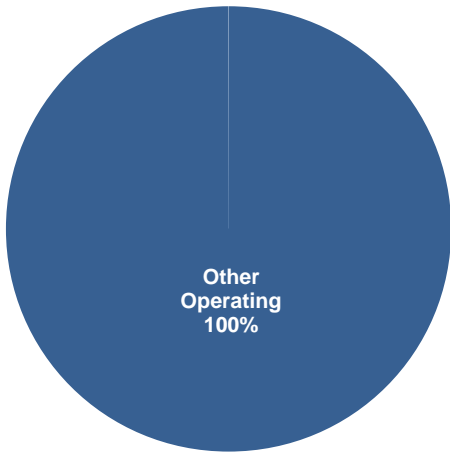

The vision of Criminal District Court is to be respected and supported in the community while ensuring effective collaborations and communication both internally and externally. Further, to demonstrate integrity, fairness, effectiveness and accessibility to the public at large while providing sufficient and essential resources, inclusive of funding, facility, judges and staff along with programs and services. It is the focus and essence of this Court to commit to timely resolution of criminal trials that are fair and equitable for all.

- Care, Custody and Control of Inmate Population: The Orleans Parish Sheriff's Office is responsible for the care, custody, and control over individuals incarcerated within Orleans Parish. The Sheriff feeds the inmates three meals per day; provide recreation, clothing, and transportation to and from court, medical services, rehabilitation, and education. The Office also is responsible for the booking and processing of individuals arrested within Orleans Parish. In addition, the Office provides building security for all the following, Municipal, Traffic, 13 Criminal Courts with 3 deputies per court, building security for Criminal Court, First Parish Court, and Juvenile Court. The Office also transfers high risk inmates to and from Court.

## City Funding

The Inspections and Evaluations Division of the New Orleans Office of Inspector General (OIG) conducted a review of the funding of the Orleans Parish Sheriff's Office (OPSO) in 2011. It focused on financial support of the municipal and parish jail system (Jail) and included City budget allocations, City in-kind support, and ad valorem taxes.<sup>1</sup> Inspectors reviewed legal and financial documents relating to 2011 Jail and OPSO funding to develop a detailed budget picture of the fiscal operations of OPSO and to provide information regarding the City's and OPSO's respective responsibilities and authorities for the New Orleans Jail. (*Inspection of Taxpayer/City Funding to Orleans Parish Sheriff's Office in 2011, Report Released by New Orleans Office of Inspector General on June 6, 2013*)

The following chart provides a comprehensive review of total funding provided by the City to the operations of the Sheriff's Office. City funding for the operations of the Jail is based on a consent decree and includes a per diem amount (e.g. an amount of funding per day per City inmate housed), costs related to inmate health care, fuel and energy costs, unemployment, workers compensation and hospitalization costs for Sheriff employees. The City also provides funding to the Sheriff for the operation of an electronic monitoring program.

In addition, the OIG report notes that the OPSO benefits from a significant portion of the 2.9 mils levied by the Law Enforcement District for capital construction, as well as from self-generated revenues from the Civil Division and a myriad of other income sources associated with the jail like revenue from inmate phone calls and per diem payments paid by the State of Louisiana for housing state prisoners.

The City is currently in litigation with the OPSO, the U.S. Department of Justice and the Southern Poverty Law Center related to the conditions in the Jail. The litigation has resulted in the approval of a consent decree that may supercede prior consent decree provisions related to the level of City funding for the jail. In addition, the City is working with the Sheriff to effect additional changes – such as the population of the jail, the number of non-City inmates housed at the Jail – that will also have an impact on FY 2014 funding.

<sup>1</sup> "City" refers to City government and includes both the legislative and administrative branches. The term "Jail" refers to the system of facilities used to house and care for inmates for whom the City is financially responsible: municipal inmates, pre- and post-sentencing; as well as pre-sentencing DOC inmates. In contrast, inspectors use the term Orleans Parish Prison (OPP) to refer to all City and Parish corrections facilities and operations that house and care for *all* inmates, including DOC-sentenced and post-sentenced inmates from other parishes. The City is not financially responsible for the housing and care of these individuals. The term OPP historically referred to the "Old Parish Prison," a facility separate from the City's jail facility, the House of Detention. (Note: In 2011 post-sentencing inmates housed at OPP included federal prisoners; in 2012 the federal government removed all remaining federal prisoners from OPP.)

Clerk of Criminal  
District Court

## **Mission Statement**

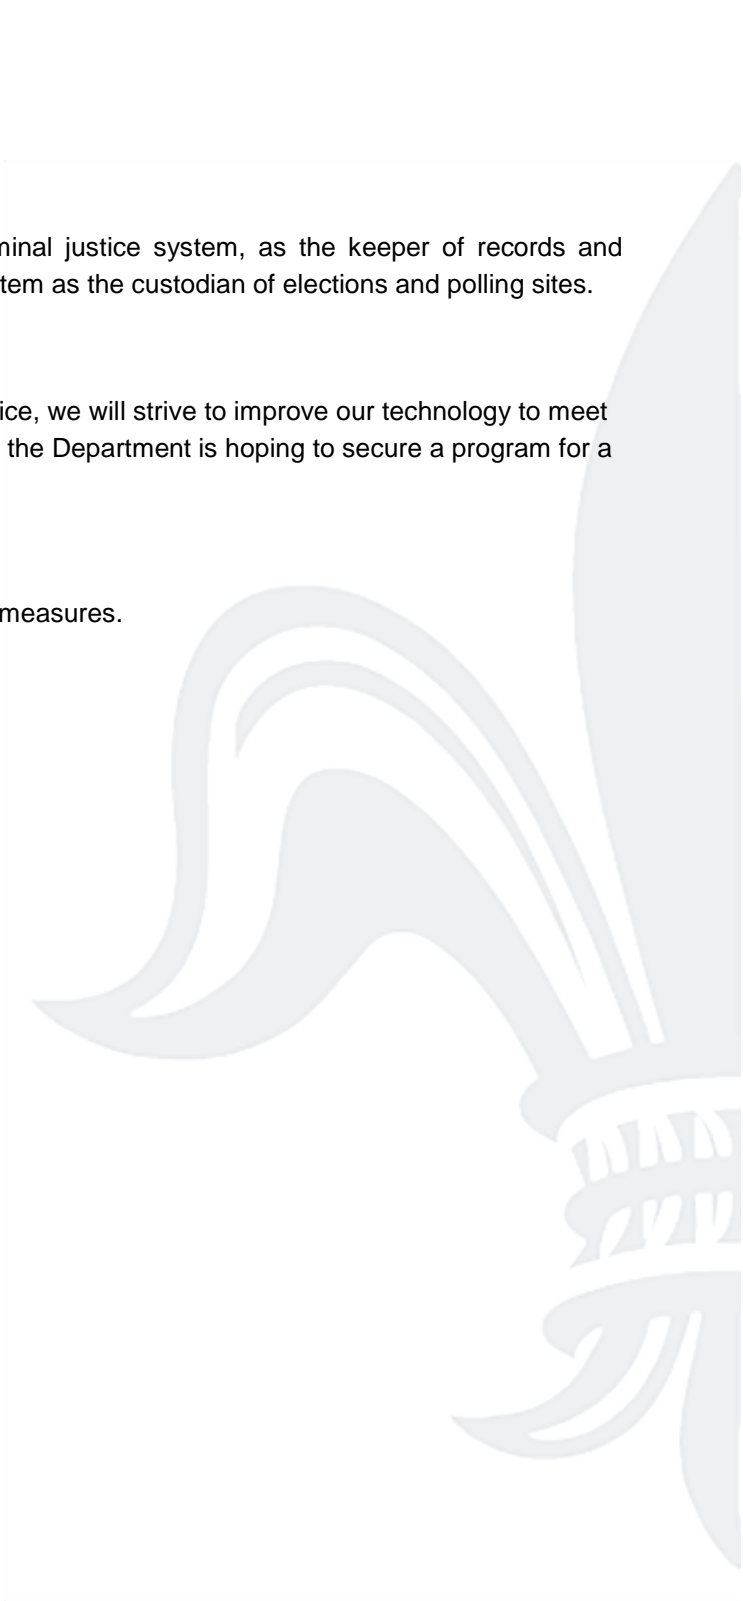

Clerk of Criminal District Court's mission is to support the criminal justice system, as the keeper of records and evidence. The Clerk maintains integrity and justice within the system as the custodian of elections and polling sites.

## **Vision Statement**

To maintain the integrity of the Clerk of Criminal District Court Office, we will strive to improve our technology to meet the growing demands of the criminal justice system. Additionally, the Department is hoping to secure a program for a paperless system.

## **Performance Measures**

The Clerk of Court did not provide the City with any performance measures.

This funds the following Clerk of Criminal District Court services:

- Clerk Administration: Provides administrative functions and establishes policies for the constitutionally elected office of the Clerk of Criminal District Court, which administers all court services and conducts all Orleans Parish election functions as Ex-Officio parish custodian of voting machines.
- Clerk in Court: Supports a partnership with the Vera Institute of Justice and the Criminal Justice Leadership Alliance to implement reforms to the City's criminal justice system. The initiative has expedited all practices from arrest to arraignment for simple possession drug cases in which there is no other state charge. The Initiative has ensured that prosecutors quickly resolve low-priority and weak cases and help police officers and prosecutors gather enough evidence in cases that pose the greatest threat to public safety.
- Clerk Pre-Court: Funds the Court Notify System (CNS) that eliminates the manual court process for subpoenas and the use of Minute Clerks to notify the processing clerks of witnesses and court events.
- Clerk Records Room: Provides for a closed records and record processing room to maintain and retrieve files for court, district attorneys' office, federal, state courts and the public upon sentencing of defendants or closure. Provides copies of records for appeal cases; expungement of records and scanning of records for long term usage.
- Clerk Microfilm/Scanning: Supports Post-Hurricane Katrina efforts related to scanning all closed records and refusals onto a computer server and creating electronic images for each record.
- Polling Sites: Provides funding for the custodian of voting machines responsible for successfully conducting elections.

Registrar of Voters

## Mission Statement

The mission of the Registrar of Voters is to protect each person's basic right to vote by adhering to Title 18 of the Louisiana Revised Statutes, The Election Code. The Office endeavors to provide customer friendly, professional, efficient and effective service in the performance of our duties, which include the daily update of election records on the statewide election network, voter registration, the administration of absentee/mail-in and early voting, as well as other mandated elections-connected activities.

## Vision Statement

To safeguard the vote and provide excellent public service using technologically smart election processes, serving as an election hub for the City, evolving into the election nexus for education/community outreach, while being compliant with election laws.

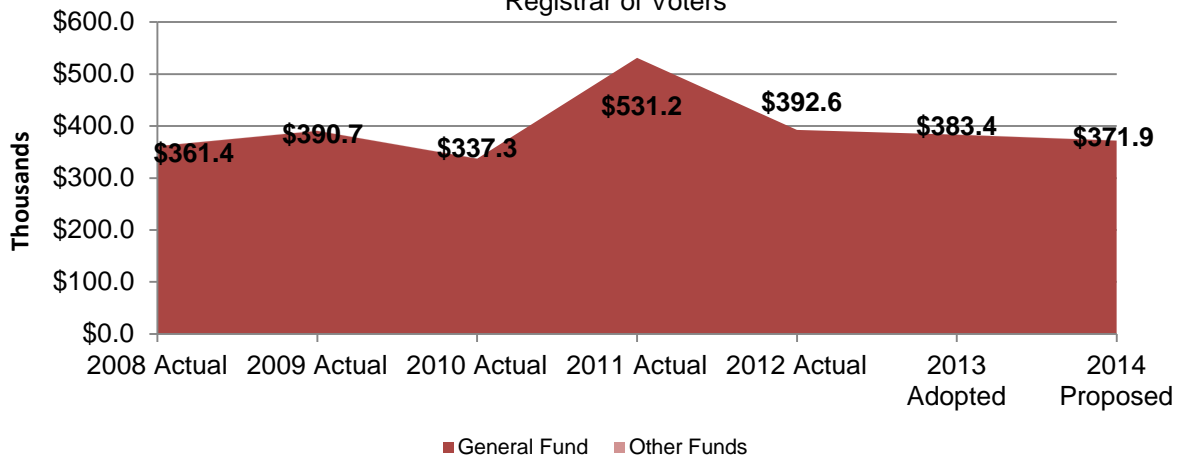

## Performance Measures

# GLOSSARY OF TERMS

**Accrual Basis:** The basis of accounting under which revenues and expenses are recognized when they occur, rather than when collected or paid.

**Ad Valorem:** Tax based on the Assessed Valuation of property. Also referred to as Property Taxes.

**Appropriation:** Legal authorization granted by City Council to make expenditures and incur obligations up to a specific dollar amount.

**Assessed Valuation:** Basis for determining property taxes. Assessor determines assessed valuation of real property by using a value percentage of the property's actual value. The percentage is determined by the State of Louisiana.

**Balanced Budget:** The City's budget is considered balanced when recurring revenue sources meet operating expenditures. By this definition, the 2014 budget is in balance.

**Benchmark:** A comparison of the service provided with cities providing a like service, a national standard, or an accepted best practice. Used as one element of performance measures.

**Benchmarking:** The comparison of actual performance achieved against an accepted best practice.

**Bond:** Written promise to pay a specified sum of money, called the face value or principal, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

**Budget:** Plan of financial operation, embodying an estimate of proposed expenditures for a given period and the proposed revenue estimates of financing them. Upon approval by Council, the budget appropriation ordinance is the legal basis for expenditures in the budget year.

**Budgeting for Outcomes:** A system driven by goals and performance, to provide information that compares budgeting, planning and outputs/results.

**Capital Outlay/Assets:** Assets of significant value and having a useful life of several years. Capital assets are also referred to as fixed assets.

**Capital Improvement Program:** An annual, updated plan of capital expenditures for public facilities and infrastructure (buildings, streets, etc.), with estimated costs, sources of funding and timing of work over a period of time.

**Capital Project:** Projects involving the purchase or construction of capital assets. Often a capital project encompasses the purchase of land and the construction of a building or facility, or major street construction or reconstruction. Design, engineering or architectural fees are often a part of a capital project.

**Capital Projects Fund:** A fund created to account for financial resources and the payment of the acquisition or construction of capital assets such as public facilities, streets, etc.

**Classified Employee:** An authorized, budgeted position which is included in the City Pay Plan. Classified employees may be either full-time (1.0 FTE consisting of a 40 hour work week or equivalent) or part-time (0.5 FTE or greater, with a work week of a minimum of 20 and a maximum of 39 hours). These employees are covered by the City's Personnel Policies and Procedures Manual.

**Contractual Services:** Expenses that are usually incurred by entering into a formal agreement or contract with another party. Expenses included in this category can include utilities, insurance, repairs, professional fees or services.

**Debt Service:** Payment of principal and interest related to long-term debt.

**Designated Fund Balance:** That portion of a fund balance that has been set aside for a specific purpose by the City Council.

**Enterprise Fund:** A fund established to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

**Expenditures:** Cost of goods received or services offered.

**Fiscal Year:** A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The City of New Orleans' fiscal year is January 1 through December 31.

**Full-time Employee (FTE):** The hourly equivalent of a full-time employee. An FTE can be made up of either one full-time employee or two or more part-time employees whose total hours equal 40 per week.

**Fund:** An accounting entity with revenues and expenditures which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

**Fund Balance:** The balance remaining in a fund after expenditures have been subtracted from revenues.

**General Fund:** The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund provides a majority of City services to the residents of New Orleans.

**General Obligation Bond:** Bonds which the full faith and credit of the issuing government are pledged for payment.

**Grants:** Contributions or gifts of cash or other assets from another government or agency to be used or expended for a specified purpose or activity.

**Infrastructure:** Facilities on which the continuance and growth of a community depend, such as streets, waterlines, etc.

**Input Measure:** The amount of resources invested, used or spent for services, products or activities.

**Intergovernmental Revenue:** Revenue from other governments (i.e., County, State, Federal) in the form of grants, entitlements or shared revenues.

**Internal Service Fund:** A fund used to account for the financing of services provided by one department to other departments of the City. Internal Service Funds are usually operated like a business.

**Lapsing Appropriation:** An appropriation is made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpended or unencumbered balance lapses or ends, unless otherwise provided by law.

**Lease-Purchase Agreements:** Contractual agreements which are termed "leases" but, which in substance, amount to purchase contracts, for equipment and machinery.

**Management Statistic:** A measure that is a workload indicator, or a measure of the amount of work that comes into an organization (such as the number of customers that come in for a service, or an outcome indicator influenced by factors outside the organization's control).

**Mill Levy:** Rate applied to Assessed Valuation of property to determine property taxes. A mill is 1/10th of a penny, or \$1.00 of tax for each \$1,000 of assessed valuation.

**Modified Accrual Basis of Accounting** – An accounting method used to recognize revenues in the accounting period in which they become available (collectible) and measurable (known); and to recognize expenditures in the accounting period when the liability is incurred regardless of when of when the receipt or payment of cash takes place. (An exception is un-matured interest on long-term debt, which should be recorded when it is due.) The City uses this basis of accounting for its budget and audited financial statements.

**Ordinance:** A formal legislative enactment by the Council. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the City.

**Outcome Measure:** A measure of changes in attitudes, behaviors, or conditions, with citywide/Mayoral accountability.

**Output Measure:** The number of services, products, or activities produced or provided.

**Par:** The amount of principal that must be paid at maturity. The par value is also referred to as the "face amount" of a security.

**Performance Measure:** Measurements that reflect the service that is being provided and permit objective evaluation of the service program.

**Personal Services:** Salaries, salary driven costs, and compensated benefits for classified, unclassified, hourly and seasonal employees.

**Result:** The effect or outcome desired for the public, expressed as broad statements.

**Unclassified Employee:** An employee who is not a part of the Civil Service Commission's pay and classification system. This includes either Unclassified Management Employees or Hourly/Seasonal employees.

**Undesignated Fund Balance:** A portion of a fund balance that has not been designated or reserved for any specific use.

**User Fees:** The payment of a fee for direct receipt of a public service by the party benefiting from the service.

**Volunteer:** An unpaid City worker who provides services to the City as a public service, or as a personal interest. Volunteers typically do short-term projects or donate a small number of hours a month.

# APPENDIX

## I. Professional Services Contracts

A Professional Services Contract listing representing continuing or estimated obligations for fiscal year 2014 is available on the on the following pages. For contracts that are continuing, the vendor, amount, and description are provided. For contracts that are expected through a Request For Proposal (RFP), Bid, or other procurement method, the vendor is labeled as "To Be Procured" and a description as well as estimated amount is provided. Some departments have provided additional contractual information beyond their Professional Services obligations.
